Thank you for attending our town hall meeting.

The watershed Improvement District proposed in the Snoqualmie Valley will do some important things, for not only for farmers but landowners

- ① Protect the right of residents to have access to water in the future.
- ② Create a marketplace and a means for farmers who need water to have a legal avenue to obtain it.
- ③ Help Agriculture in King County continue to grow and make it possible for small farmers to continue to contribute to the growth of our local economy.

With so many demands
(individual) "narcissistic"
Please remain focus on
farm food esp. regulations
so farmers can sustain
economically
Thank you for finally
coming to out of city (Seattle)
citizens as farm labor is
down to dust

Thank you for attending our town hall meeting.

PLEASE CONSIDER USING/RE-PURPOSING THE STRUCTURES THAT ARE SITUATED ON THE PARCEL THAT IS CURRENTLY OWNED AND OPERATED BY RAINIER WOOD RECYCLERS IN FALL CITY AS A FUTURE FALL CITY COMMUNITY CENTER. IT IS MY UNDERSTANDING THAT KING COUNTY DNRP IS IN THE PROCESS OF PURCHASING THIS PARCEL BY THE WATER AND LAND RESOURCES GROUP. THIS CENTRALLY-LOCATED SITE WOULD BE AN ASSET TO THE COMMUNITY, SIMILAR TO THE COMMUNITY CENTER IN PRESTON.
