Please explain why you feel you are the most qualified candidate for this appointment:

OUR MISSION is to support through education the progressive work of our members in the Pacific Northwest in order to improve the relationship between our communities and our built environment. Most of the "early days" of green building started with solutions to construction waste problems, so a Guild seat on the SWAC aligns well with our mission and and Guild ears on the SWAC will help our members to know the current and future landscape of waste management in King County.

PERSONAL INFORMATION (OPTIONAL):
