

Dear King County Executive and Council Members,

October 12, 2016

Thank you for your continuing work to keep our public transit system affordable through essential programs like the Human Services Reduced Fare Ticket Program and ORCA LIFT. THANK YOU for making more tickets available through the Human Services Ticket Program. We need those AND more! HOWEVER:

- Ticket fare increases make tickets more expensive. Please lower the ticket costs to our program and case managers so they have enough tickets for all of us who need them.
- Please provide transfers between our buses, both Sound Transit and Metro, throughout all our counties.
- Please make ALL our tickets combination tickets-- bus and light rail with transfers. We need our transportation to:

Look for work

Get to my doctor's appointments

Attend

school

Look for housing

Go to work

Visit the food bank

This is why I need Human Services bus tickets: MENTAL HEALTH APPOINTMENTS, STORE ETC.

Thank you! Signed: [Signature]
