was repeated a few times. I am now working on driving one MPH slower than the posted limit. Read more about the navigation system

here. mazdanav.com.

Many features are the same across the lineup, but a couple of the differences that stood out include:

- Heads up display. The Mazda3 has a flip up screen showing your speed. The CX-5 does not have a heads-

up display and the CX-9 has a projected speedometer on the windshield. In this case, the projected screen was a clear winner.

- Navigation/Audio screen. The Mazda3's screen sits up on the console so you feel like you don't take your

eyes off the road as much as you would with screens sitting lower.

In the end, the CX-5 was closest to our family-size needs. The fully-loaded CX-9 was by far the favorite for

comfort and gadgets and if I had no children, the Mazda3 would be the winner, as it was the most fun to drive.

The complete text of the subject legislation is available in the Council Clerk's office, Room 1200, King County Courthouse, 516 Third Avenue, Seattle, WA. Complete public review copies will also be available at the following locations:

• <http://mkcclegisearch.kingcounty.gov> (Type in the Ordinance Number, 2016-0155 or 2016-0159)

For background information on the proposed 2016 Amendments to the KCCP, please visit the Council's 2016 Comprehensive Plan Update website at <http://www.kingcounty.gov/council/2016compplan.aspx>.

Summary  
Proposed amendments to the KCCP and RAMP were transmitted by the King County Executive on March 1, 2016 and reviewed by the Council's Transportation, Economy and Environment (TREE) Committee. The TREE Committee completed its review on September 28, 2016 and reported out to the full Council striking amendments to the subject legislation, with a "do pass" recommendation.

Proposed 2016 KCCP policy amendments, contained in Attachment A to PSO 2016-0155.2, as reported out of the TREE Committee, would affect the following chapters in the KCCP: Introduction; Regional Planning Growth Management Planning; Urban Communities; Rural Areas and Natural Resource Lands; Housing and Human Services; Environment; Shoreslines; Parks, Open Space and Cultural Resources; Transportation; Services, Facilities and Utilities; Economic Development; Community Service Area Planning; Implementation, Amendments and Evaluation; and the Glossary. Proposed amendments to the land use map and/or zoning atlas are contained in Attachment B to PSO 2016-0155.2. Also proposed are: updates to the Technical Appendices (Attachments D through I to PSO 2016-0155.2); adoption of the Skyway West Hill Action Plan (Attachment J to PSO 2016-0155.2); and an amendment to the Vashon Town Plan (Attachment K to PSO 2016-0155.2). Proposed changes to the development code are also included in PSO 2016-0155.2.

Proposed RAMP amendments, as reported out of the TREE Committee, would affect the update requirements and schedule for the 2016 RAMP and would decouple future RAMPs from the KCCP. The 2016 RAMP contained in Attachment A to PSO 2016-0159.2 as reported out of the TREE Committee, would also amend the following sections in the RAMP: Facility Management Policies; Policy Implementation Strategies; and Space Use and Planning.

- Final Consideration  
In addition to the proposed amendments contained in the subject legislation, and as amended in committee, Councilmembers may offer additional amendments for consideration by the Council. As a result, persons interested in any of the issues raised in the subject legislation should make their views known at the public hearing on November 28, 2016. Amendments that may be considered for adoption by the Council on December 5 or thereafter include, but are not necessarily limited to:
- any amendment contained in the Executive's proposed versions of the subject legislation (either in the Public Review Draft or as transmitted);
  - any amendment to the subject legislation passed out committee;
  - any amendment offered or discussed during the review of the subject legislation in committee;
  - any matter preserved for consideration by the Council by a member during the committee meetings;
  - any amendment regarding the Growth Management Planning Council's (GMPC) recommendations to move the Urban Growth Area (UGA) boundary in the County's comprehensive plan updating process; and
  - any other proposed amendment that is within the scope of the alternatives and has been available for public comment.

A copy of Proposed Substitute Ordinances 2016-0155.2 and 2016-0159.2 will be mailed upon request to the Clerk of the Council, Room 1200, King County Courthouse, 516 Third Avenue, Seattle, WA 98104, telephone 206-477-1020. They are available on the Internet at:
