## Signature Report

January 30, 2018

Ordinance 18647

Proposed No. 2017-0476.1

Sponsors Dembowski

1 AN ORDINANCE approving the Lakehaven Water &  
2 Sewer District 2015 Comprehensive Wastewater System  
3 Plan March 2017 Final.

4 STATEMENT OF FACTS:

- 5 1. RCW 57.16.010 requires that general comprehensive plans by special  
6 purpose districts be submitted to, and approved by, the legislative  
7 authority within whose boundaries all or a portion of a utility lies. K.C.C.  
8 chapter 13.24 prescribes the requirements for approval of those plans,  
9 including consistency with state and local planning requirements.  
10 K.C.C. chapter 13.24 also requires approval of comprehensive plans for  
11 water and sewer utilities that provide service in unincorporated King  
12 County as a prerequisite for operating in unincorporated King County,  
13 receiving approval for annexation proposals, being granted right-of-way  
14 franchises, and being given approval for right-of-way construction  
15 permits.
- 16 2. The Lakehaven Water and Sewer District's last general wastewater plan  
17 was prepared in 2008. King County regulations require wastewater  
18 system plans to be updated every six years.
- 19 3. The district has a service area within King County and has adopted a

20 comprehensive wastewater system plan ("the plan").

21 4. King County has adopted a Comprehensive Plan that includes policies  
22 F-101 through F-264, the applicable portions of which address wastewater  
23 policies for facilities and services; these wastewater policies call for  
24 consistency with other adopted plans, pursuit of reclaimed water, water  
25 conservation and protection of water resources.

26 5. K.C.C. chapter 13.24 requires the utilities technical review committee  
27 to review and make a recommendation to the King County executive and  
28 council on the plan, the requirements under K.C.C. chapter 13.24 and  
29 consistency with the King County Comprehensive Plan. The utilities  
30 technical review committee has reviewed the planning data and system  
31 operations and has found:

32 a. The plan uses population and employment forecasts developed by the  
33 Puget Sound Regional Council;

34 b. The district's service area includes portions of unincorporated King  
35 County;

36 c. The capital facility plan is adequate to meet anticipated facility and  
37 service needs;

38 d. The plan is consistent with applicable Washington state water quality  
39 laws; and

40 e. The plan is consistent with other pertinent county adopted plans and  
41 policies.

42 6. Washington state Department of Ecology approval is pending upon

43 King County's approval of the plan.

44 7. Under the state Environmental Policy Act the district completed an  
45 environmental check list and the district issued a determination of  
46 nonsignificance for the plan approval on November 22, 2016. There were  
47 no appeals.

48 8. The district's operations and facilities meet multiple existing statutory,  
49 administrative and planning standards. As the district's operations,  
50 facilities and planning meet the requirements of the King County Code  
51 and are consistent with the King County Comprehensive Plan, the utilities  
52 technical review committee has recommended approval of the plan.

53 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

54 SECTION 1. The Lakehaven Water & Sewer District 2015 Comprehensive

55 Wastewater System Plan March 2017 Final, Attachment A to this ordinance, is hereby  
56 approved as a comprehensive wastewater plan.
