Clerk 01/12/2015

AN ORDINANCE approving service changes for June 2015 and September 2015

that will be funded by the city of Seattle through a transit service funding

agreement with King County.

STATEMENT OF FACTS:

1. Strategy 6.3.1 of the King County Metro Transit Strategic Plan for Public Transportation

2011-2021, adopted on August 30, 2013, identifies partnerships with local jurisdictions and

businesses as a potential revenue source to support transit service.

2. On November 4, 2014, voters in the city of Seattle passed Proposition 1, which will raise revenue through annual vehicle license fees and sales and use tax revenues to stabilize and support transit service in the city of Seattle.

3. In accordance with the objective of the strategic plan to secure sustainable funding for shortterm transportation needs, Metro and the city of Seattle are prepared to enter into a fully revenue -backed service agreement to provide city financial support that would support transit service in the city of Seattle beginning with the June 2015 service change.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. The June 2015 public transportation service changes for King County, substantially as described in Attachment A to this ordinance, are hereby approved and shall be implemented effective June 6, 2015, provided that a binding agreement funding these service changes has been entered into with the city of Seattle prior to that date.

SECTION 2. The September 2015 public transportation service changes for King County, substantially as described in Attachment B to this ordinance, are hereby approved and shall be implemented effective September 26, 2015, provided that a

binding agreement funding these service changes has been entered into with the city of Seattle prior to that date.
