Proposed No. 2011-0111.2

1 AN ORDINANCE pertaining to the roads capital
2 improvement program; transmitting an updated South Park
3 Bridge funding plan; amending the 2010/2011 Biennium
4 Budget Ordinance, Ordinance 16717, Section 137, as
5 amended; and declaring an emergency.

6 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

7 SECTION 1. Findings:

8 A. The South Park Bridge has provided access for residents of the South Park
9 neighborhood and for commercial and industrial freight traffic within the Duwamish
10 manufacturing and industrial area for the past eighty-one years.

11 B. The South Park Bridge came to the end of its useful life and was closed to the
12 public on June 30, 2010.

13 C. The South Park Bridge is located on 14th/16th Avenue South across the
14 Duwamish river. The south half of the bridge is located in King County. The north half
15 of the bridge is located in the city of Tukwila. The northern and southern surface
16 roadway approaches to the bridge and the South Park neighborhood immediately adjacent
17 to the bridge are located within the city of Seattle.

18 D. King County is responsible for the operation and maintenance of all county
19 roads, bridges and rights-of-way located within the county until and unless they are
20 annexed by other jurisdictions.

21 E. King County and the city of Tukwila previously entered into an agreement,
22 executed January 3, 2003, in which the city of Tukwila granted the county authority to
23 make any decisions related to the operation, maintenance and management of the bridge
24 to the same extent as if the entire bridge were part of the county road system.

25 F. King County has been awarded funding for a replacement bridge, including
26 funds from a broad group of partners and grants including the successful application for a
27 \$34,000,000 TIGER II grant from the United States Department of Transportation.

28 G. The South Park Bridge is partially located adjacent to the city of Seattle's
29 South Park neighborhood in an unincorporated area of King County that may be
30 considered for annexation by the city of Seattle.

31 H. The bridge replacement provides a clear benefit to the county, the city of
32 Seattle, the Port of Seattle and the industrial areas of the Duwamish
33 Manufacturing/Industrial Center, as designated by the Puget Sound Regional Council, by
34 reducing traffic congestion in and around other county and city roadways.

35 I. The bridge replacement project will improve safety for drivers, bicyclists and
36 pedestrians while providing benefits to air quality and waterway restoration.

37 J. The county has advertised for bids for the project construction contract and is
38 prepared to open bids on March 8, 2011. Opening bids on this date is essential to allow
39 the county to award a contract in late March, allowing the construction contract to take
40 advantage of the Duwamish River "fish window" for construction activities in 2011. A

41 delay in the bid opening could potentially result in a delay in construction of a year.
42 Enactment of this ordinance as an emergency is necessary to remove the expenditure
43 restriction ensuring that the county may in a timely manner open bids and award the
44 project construction contract.

45 SECTION 2. Ordinance 16717, Section 137, as amended, is hereby amended by
46 adding thereto and inserting therein the following:
