SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 73.46 acres for 10% of market value
Examiner's Recommendation:	Approve 73.46 acres for 10% of market value

PRELIMINARY REPORT:

On March 18, 2016, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E15CT030 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on March 30, 2016, in the Horiuchi Conference Room 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on March 28, 2016.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Don Davis 2 Bridlewood Circle Kirkland, WA 98033
Location:	70#### through 74#### Ames Lake-Carnation Road NE, Kirkland
STR:	NW 07-25-07
Zoning:	RA-10
Parcel no.:	0725079008
Total acreage:	77.46 acres

- The Applicant timely filed an application to King County for PBRS program current use valuation of the property to begin in 2017. As required by law, notification of the application occurred.
- A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strikethrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisks* represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Aquifer protection area	5
	Buffer to public or current use classified land	3
	Forest stewardship land	
	Rural open space	5
	Significant wildlife or salmonid habitat	5
	Surface water quality buffer	5
	Watershed protection area	5
	<u>Bonus Categories</u>	
	Additional surface water quality buffer	5
	Environmental education access	3
		<hr/> 36

The DNRP-recommended score of 36 points results in a current use valuation of 10% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the forest stewardship land category subject to submittal of a forest stewardship plan to DNRP by **August 1, 2016**, and subsequent approval by **October 3, 2016**. Award of credit under this category would increase the point total by 5 points, with no effect on the market value of the enrolled portion of the property. Award of this category affords the owner the opportunity to conduct approved forestry activities on the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 74.00 acres and DNRP recommends 73.46 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the March 30, 2016, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 36 points and a current use valuation of 10% of market value for 73.46 acres of the property and conditional approval of 5 additional points (which would bring the total to 41 points with no effect on the valuation and/or enrolled acreage of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

1. APPROVE current use valuation of 10% of market value for the 73.46-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the forest stewardship land category, to be awarded administratively, if the Applicants submit a forest stewardship plan by August 1, 2016, and that plan is approved by October 3, 2016. Award of this category will not increase enrolled acreage or decrease market valuation, however, it affords the owner the opportunity to conduct approved forestry activities on the property
