

## ATTACHMENT A

### Health and Safety Improvements for Harborview Medical Center

- New construction and renovation of existing buildings to provide for: increasing critical health care capacity; updating and expanding infection control capability; and expanding capacity for behavioral health services, including facilities for substance use disorder and mental health treatment.
- Renovation, retrofitting, and improvements to existing buildings to increase seismic stability.
- Upgrade of mechanical, electrical, way finding, and other building and physical plant systems.
- Street improvements, landscaping, and mitigation required in connection with the above improvements.
- Demolition of buildings.
