SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 8.55 acres for 30% of market value
Examiner's Recommendation:	Approve 8.55 acres for 30% of market value

PRELIMINARY REPORT:

On March 18, 2016, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E15CT027 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on March 30, 2016, in the Horiuchi Conference Room 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on March 28, 2016.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Victor Sivitilli PO Box 1039 Black Diamond, WA 98010
Location:	29921 SE 312th Way, Black Diamond
STR:	NW 08-21-07
Zoning:	RA-5
Parcel nos.:	0821079097, 0821079087
Total acreage:	10.85 acres

2. The Applicant timely filed an application to King County for PBRS program current use valuation of the property to begin in 2017. As required by law, notification of the application occurred.
3. A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strike through~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisks* represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	<i>Buffer to public or current use classified land</i>	3
	Farm and agricultural conservation land	
	Forest stewardship land	
	Rural open space	
	Significant wildlife or salmonid habitat	5
	<i>Special animal site</i>	3
	<i>Surface water quality buffer</i>	5
	Urban open space	
	<u>Bonus Categories</u>	
	Additional surface water quality buffer	3
	<u>Conservation easement or historical easement</u>	
		<hr/> 19

The DNRP-recommended score of 19 points results in a current use valuation of 30% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the farm and agricultural conservation land and forest stewardship land categories.

Award of credit under the farm and agricultural conservation land category is subject to submittal of a King Conservation District-approved farm management plan by **October 31, 2016**. Award of credit under this category would increase the point total by 5 points, increasing the points total to 24 and resulting in a market valuation of 80%, and increasing the enrolled acreage by 1, for a total of 9.55 acres.

Award of credit under the forest stewardship land category is subject to submittal of a forest stewardship plan by **November 30, 2016**, and subsequent approval by **December 30, 2016**. Award of credit under this category would increase the point total by 5 points, with no effect on the market valuation, though it affords the opportunity to conduct forest activities on the property, subject to any applicable regulatory approvals.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 7 acres and DNRP recommends 8.55 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the March 30, 2016, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 19 points and a current use valuation of 30% of market value for 8.55 acres of the property and conditional approval of up to 10 additional points (which would bring the total to up to 29 points and 20% of market value for 9.55 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. The subject property is currently enrolled in the Designated Forestland program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreements for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 30% of market value for the 8.55-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the farm and agricultural conservation land and forest stewardship land categories.

Award of credit under the farm and agricultural conservation land category is subject to submittal of a King Conservation District-approved farm management plan by **October 31, 2016**. Award of credit under this category would increase the point total by 5 points, increasing the points total to 24 and resulting in a market valuation of 80%, and increasing the enrolled acreage by 1, for a total of 9.55 acres.

Award of credit under the forest stewardship land category is subject to submittal of a forest stewardship plan by **November 30, 2016**, and subsequent approval by **December 30, 2016**. Award of credit under this category would increase the point total by 5 points, with no effect on the market valuation, though it affords the opportunity to conduct forest activities on the property, subject to any applicable regulatory approvals.
