

**LAKE WASHINGTON SCHOOL DISTRICT  
2023-28 SIX-YEAR CAPITAL FACILITIES PLAN  
SEPA ADDENDUM – TO THE JUNE 5, 2023 DNS**

**PROPOSED ACTION:**

The Lake Washington School District (the “District”) proposes a nonproject planning action to adopt the District’s 2023-2028 Six-Year Capital Facilities Plan (the “CFP”) for the purposes of planning for the facilities needs of the District. The proposal includes District Board adoption of the CFP and the potential amendment of the Comprehensive Plans of King County and the cities of Kirkland, Redmond, and Sammamish to include the CFP as a part of the Capital Facilities element of each jurisdiction’s Comprehensive Plan.

**EXISTING ENVIRONMENTAL REVIEW AND PURPOSE OF ADDENDUM:**

On June 5, 2023 the District, acting as lead agency under the State Environmental Policy Act, issued a Determination of Nonsignificance (“DNS”) regarding the proposal, based on the responsible official’s review and analysis of the SEPA Checklist (dated June 5, 2023) and other documents on file with the District.

The June 5<sup>th</sup> SEPA Checklist and the DNS adequately document all of the environmental impacts associated with the nonproject action. The District properly noticed all affected agencies and caused the DNS and Checklist to be published in the SEPA Register on June 5, 2023 (SEPA Register No. 202302699). The DNS identifies a comment deadline of 4:00 p.m. on June 19, 2023, which allows for 14 calendar days from the date of issuance prior to the lead agency acting on the proposal, consistent with WAC 197-11-340(2) The District subsequently identified June 19, 2023 as a Federal holiday and **is hereby extending voluntarily the comment deadline to 2:00 p.m. on Tuesday, June 20, 2023**. There are no changes to the Checklist or to any component of the proposal.

Pursuant to WAC 197-11-600(4)(c), the District issues this Addendum to “add analyses and information regarding a proposal that does not change the analysis of significant impacts and alternatives in the existing environmental document.”

**BACKGROUND AND EFFECT:**

As noted above, the District issued a DNS for the proposal on June 5, 2023. The Addendum provides only for a voluntary extension of the comment deadline from 4:00 p.m. on June 19, 2023 to 2:00 p.m. on June 20, 2023 but does not otherwise change the underlying threshold determination or the June 5, 2023 SEPA Checklist.

**COMMENT PERIOD:**

No comment period is required for this Addendum but, as noted herein, **the original comment deadline identified in the DNS of 4:00 p.m. on June 19, 2023 is extended to 2:00 p.m. on June 20, 2023**.
