**Amendment to Interlocal Agreement
Between King County and Cities of Beau Arts, Burien, Covington, Kenmore, Maple Valley,
Newcastle, North Bend, Sammamish, SeaTac, Shoreline, Skykomish, and Woodinville
for Law Enforcement and Fire Investigation Services**

WHEREAS, the parties entered into an Interlocal Agreement for law enforcement services in 2000;

AND WHEREAS, in 2002 section 6.19.1 relating to fire investigation services was amended;

NOW THEREFORE:

1) Section 6.19 is amended as follows:

6.19 Fire Investigation

6.19.1 ~~Beginning in the year 2000, the~~ City may purchase fire investigation services through this agreement. These services will be provided by the King County Sheriff's Office (KCSO) Department of Development and Environmental Services (DDES) Fire Marshal's Office by separate agreement with the KCSO and are optional to the city. If the city purchases fire investigation services from the County. ~~The~~ cost for this service is shown on Exhibit B, and will be calculated in accordance with Exhibit G: "~~Arson~~ Fire Investigation Costing Model." Fire Investigation callouts will be in accordance with protocols outlined in Exhibit H: "~~Arson~~ Fire Investigation Call Out Protocols," unless superseded by new or revised protocols adopted by the Oversight Committee, ~~(DDES) KCSO,~~ and affected fire agencies.

~~6.19.2~~ During the year 2000, the Oversight Committee will sponsor a series of discussions, to include the KCSO, DDES, the King County Executive, contract cities, Fire Agencies, and other cities receiving DDES Fire Investigation Services. The KCSO, in conjunction with DDES, fire agencies and the cities will be responsible for developing a work plan for Oversight Committee approval. The purpose of this work plan will be to identify options for the long-term provision of fire investigation services to city customers. The work plan may consider the following issues: call-out protocols, costing methods, service delivery and organizational issues. The intent of these parties is that the Oversight Committee will make a recommendation for future service delivery by October 31, 2000.

6.19.3 Day-to-day fire investigation operational issues will be handled at the lowest practical organizational level. This may typically include staff from the city police, fire agencies and ~~DD~~ES King County Sheriff's Office.

2) Exhibit G is amended as follows:

EXHIBIT G: ARSON FIRE INVESTIGATION COSTING MODEL

Pursuant to section 6.19 of the Interlocal Agreement Relating to Law Enforcement Services, the King County Sheriff's Office (KCSO) ~~Department of Development and Environmental Services (DD~~ES) will provide optional fire investigation services to cities contracting with the King County Sheriff's Office KCSO for police services. The extent to which contract cities use these fire investigation services is not likely to be uniform. This exhibit sets forth the model by which costs of providing such service is to be allocated among the contracting cities.

A city will be charged in accordance with its percentage of historic usage of the service. The total cost to the County is reflected in Exhibit B, as updated by the County from year to year. A percentage of that total cost is assigned to each city based on its historic usage. The percentages of historic usage by cities are updated for each successive contract year. A three-year average is used with the most recent year being added and the oldest year being deleted. A summary table setting forth the current updated percentage assigned to each city is included in Exhibit B.

To determine the cost for each city, the total County cost identified in Exhibit B shall be multiplied by the city's average percentage of use indicated on the most current summary table (Exhibit B). Each city must pay the amount specified whether the service is used during the contract year or not. If a city does not use the services during the contract year, that city's percentage assignment for fire investigation services will drop due to the three-year averaging approach described above. There is no refund for low usage or non-usage.

In the event that cities collectively utilize more or less hours than the previously established "share" of the Fire Investigations Unit assigned to contract cities, and the total ~~program cost~~

~~city charge no longer meets accordingly exceeds the total cost to the County set forth in Exhibit B, the County shall adjust the "share" in the following year's Exhibit B per Section 4 (Compensation) of the ILA. Any "share" adjustment shall require the approval of a majority of Oversight Committee members. those cities exceeding their assigned percentage shall be responsible for the additional cost. Additional costs shall be billed to cities at the DDES' hourly overtime rate set forth in Exhibit B.~~
