[S. Porter] Sponsor: Dunn
Proposed No.: 2023-0089

1 **AMENDMENT TO PROPOSED ORDINANCE 2023-0089, VERSION 1**

2 On page 1, after line 13, insert:

3 "C. In 2006 the council designated a no shooting area in the Crow voting precinct
4 through Ordinance 15510. The area proposed for designation would be a separate no
5 shooting area in the Crow precinct to the east of the existing no shooting area established
6 by K.C.C. 12.68.963.A.1.

7 D. The area proposed for designation as a no shooting area is in close
8 proximity to both Walter A. Jellum Recreation Area, also known as "Jellum Park", and a
9 local equestrian facility that often hosts lessons and clinics for children. Jellum Park is
10 frequented by hikers, dogwalkers, horseback riders, and people on off-road vehicles.

11 E. The area used for shooting is not marked or sectioned off. Shooting occurs
12 there at random times throughout the day and sometimes takes place less than five
13 hundred feet from the equestrian buildings. The random shooting could potentially cause
14 the horses to panic and bolt, which could cause injuries for the rider.

15 F. Trail riding and hiking in this area is dangerous as the shooters do not shoot
16 into an earthen berm and do not refrain from shooting in the presence of people and
17 horses.

18 G. Thirty-two individuals signed on to the petition with ten signatures determined
19 by the department of elections to be registered voters of the Crow voting precinct.

20 H. In accordance with K.C.C. 12.68.010.C., and after considering the location,
21 terrain and surrounding land use of the petitioned area, the council finds the formation of
22 a second no shooting area in the Crow precinct is beneficial to the public health, safety
23 and general welfare."

24 Strike Attachment A, Petition to create a No Shooting Area-Voting precinct crow (2),
25 undated, and insert Attachment A, Petition to create a No Shooting Area-Voting precinct
26 crow (2), dated March 20, 2023

27

28 **EFFECT prepared by S. Porter: Includes additional findings to reflect K.C.C.**
29 ***12.68.010.C., the criteria upon which a decision to establish a no shooting area shall be***

32 ***petition. Replacing Attachment A that reflects the petition and the proposed area.***

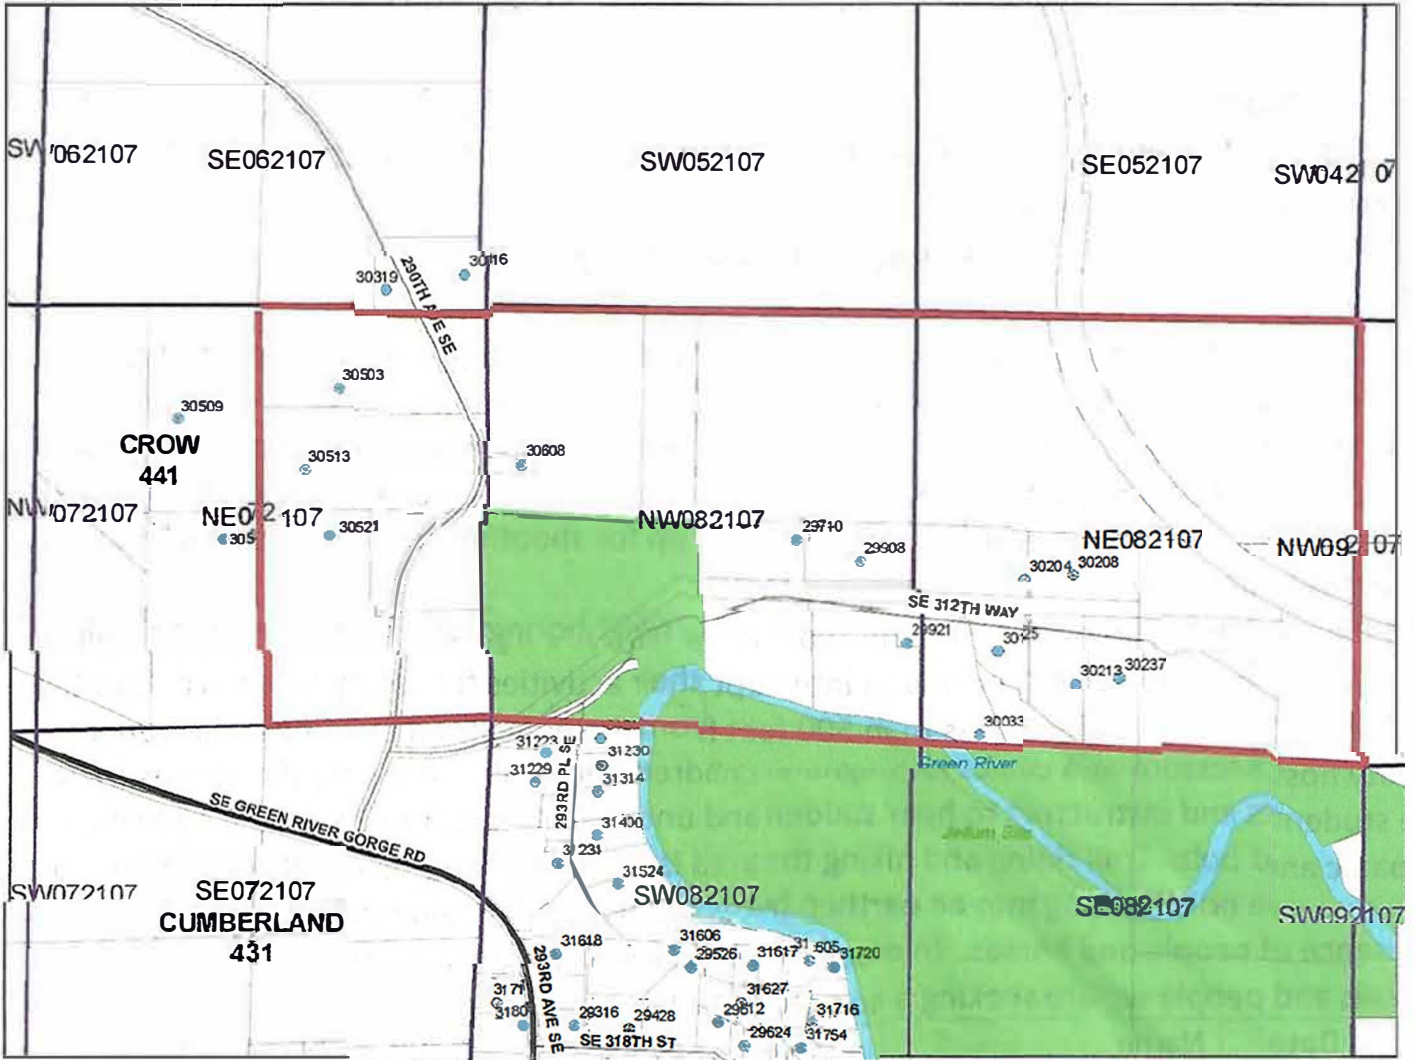

Petition to create a No Shooting Area-Voting precinct crow (2)

Legal Description: The area is in Township 21, Range 7, and is comprised of the East half of the NE quarter of Section 7, the NW quarter of Section 8 and the NE quarter of Section 8. (see map on back)

Situation-(reason for petition)

This petition seeks to protect people and domestic animals roaming the designated rural residential and forested area. Most of the area is private forested land but also includes Washington State Jellum Park and an equestrian facility which have domestic animals coming and going throughout the trails. These areas are traveled by dog walkers, horseback riders, hikers as well as off-road vehicles. The areas set up for shooting are random, no berm and no setbacks of any sort.

The equestrian facility has been permitted use by neighboring forest land owners to walk and ride the trails. Individuals have had to interrupt their activities for safety reasons due to the random shooting sometimes less than 500 feet from the equestrian buildings. The Equine facility hosts lessons and clinics for beginner children and adults. It is very dangerous for all the students and instructors to hear sudden and unexpected shooting causing a 1200 lb. horse to panic and bolt. Trail riding and hiking the area is dangerous and scary because the people shooting are not shooting into an earthen berm and do not restrain from shooting in the presence of people and horses. In order to secure a safe pleasant environment for both horses and people we are seeking a no shooting area.
