

Proposed Ordinance 2024-0217: Revising Permit Review Processes

Proposed Ordinance 2024-0217 would modify the County's permit review process, in order to reflect updates to state law.

State law and County Code establish the process for permit review in unincorporated King County. In response to changes made by the state legislature in 2023, this Proposed Ordinance would update the County's regulations related to preapplication requirements, permit submittal requirements, determination of complete application, Notice of Application, and timelines for final decisions.

Proposed Ordinance 2024-0217: Revising Permit Review Processes

Issue a final decision on project permits:

- Within 65 days of determination of completeness, if the project permit doesn't require public notice;
- Within 100 days of determination of completeness, if the project permit requires public notice, but not a public hearing; and
- Within 170 days of determination of completeness, if the project permit requires a public notice and public hearing
