2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report to the King County Hearing Examiner for the April 7, 2004, public hearing are found to be correct and are incorporated herein by this reference. Copies of the said report will be attached to the copies of this report submitted to the King County Council.

3. The bottom of page 1 of the staff report should include the following, “Recommended for PBRs: 19.24.”

**CONCLUSIONS:**

1. Approval of current use valuation for 19.24 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2005. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 25 points. The resulting current use value is 20% of market value for 19.24 acres of the subject property.
4. Credit for the Forest Stewardship Land category is contingent upon County forester approval of the Applicant’s forest management plan by October 31, 2004. Failure to qualify for this category reduces the total award points to 20 and results in a current use valuation of 30% of market value for the enrolled property.

**RECOMMENDATION:**

APPROVE the request for current use valuation of 20% of market value for 19.24 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 7, 2004, public hearing, and the following additional condition of approval:

1. Credit for the Forest Stewardship Land category is contingent upon approval of the Applicant’s forest management plan as provided in conclusion no. 4 above.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 10th day of May, 2004.
