Operator shall use the Licensed Area for the operation of a Police Substation and as specified in Section 6 below, and for no other purpose whatsoever. It is specifically agreed and understood that this license is for permissive use only and the exercise of the rights and privileges granted herein shall not operate to create or vest an property right in and to the Licensed Area or any thereof in Operator. This Agreement is not intended to be, nor shall it be construed as, a license coupled with an interest.
3. **Term.** The term of the license granted herein shall commence on the License Commencement Date, and shall continue annually until either party terminates the Agreement by providing thirty (30) days prior written notice of its intent to terminate ("**Termination Notice**"). Notwithstanding the foregoing, either party may terminate this Agreement for any reason, at any time, by providing Termination Notice to the other party.
4. **Construction of the Police Substation.** Albertson's shall, at its own expense, remove and relocate Albertson's trade fixtures and equipment from the Licensed Area. Albertson's agrees to construct, at its own expense, all improvements for the Licensed Area including, without limitation, walls, counters, ceiling, lights, utility connections, dedicated telephone lines and equipment, and other improvements required for the operation of the Police Substation. Once Albertson's has completed construction of all improvement, Albertson's agrees to provide Operator with any reasonably necessary improvements including, without limitation, computers, telephones, office supplies, desks,

5. **Signs.** Albertson's may, but is not obligated to, install interior signage in the Licensed Area promoting the location of the Police Substation within the Store.

Notwithstanding the foregoing, the parties agree that Albertson's shall have no duty or obligation to monitor the parking spaces to ensure that only Operator's vehicles are parking in the designated spaces.
6. **Operator's Use and Occupancy.** Operator may use the Police Substation on an as-needed basis, with no guaranteed hours of operation; provided however, in no event shall Operator be required to, or have the right to, operate the Police Substation if Albertson's is not open for business at the Store. Albertson's shall have the right to maintain such hours of operation at the Store, as Albertson's deems appropriate in its sole discretion. Albertson's may close the store at any time for any reason in its sole and absolute discretion, it being understood that Albertson's has no covenant to operate.
7. **Right of Entry/Services.** Operator shall provide its own lock for the Police Substation. Notwithstanding the foregoing, Operator shall provide a duplicate key or the combination for the lock, as the case may be, to Albertson's Store Director in the event Albertson's needs to access the Police Substation in the event of an emergency. In addition, Albertson's shall have the right to enter the Police Substation for the purpose of performing maintenance, repairs, alterations, and remodeling to the Store.

Albertson's, at its sole cost and expense, shall furnish electricity and phone lines required as a result of normal activity to be carried on in the Police Substation, and heating and air conditioning (at the temperatures maintained by Albertson's at the Store). Where such services are the responsibility of a third party, Albertson's will use due diligence, at no cost or liability to Albertson's, to obtain conformance with this Section 7.

The limits of said insurance policy shall not be less than \$2,000,000 for bodily injury and property damage and \$2,000,000 for personal injury; however, the \$2,000,000 limits shall be subject to increase as Albertson's may from time to time deem reasonable based on then current insurance standards. Prior to commencing operations in the Police Substation, Operator shall furnish Albertson's with a certificate of Self-insurance evidencing such coverage.

- 8.2. Albertson's acknowledges, agrees and understands that the Operator, King County, charter county government under the constitution of the State of Washington, maintains a fully funded Self-Insurance program as defined in King County Code 4.12 for the protection and handling of the Operator's liabilities including injuries to persons and damage to property.
