PETITION TO VACATE: A portion of 149th Avenue SE and portions of King County Road Nos. 949, 1182, 1244 and 23-23-5-4

Road Services File: V-2771

Proposed Ordinance: 2026-0065

A. GENERAL INFORMATION

Petitioner(s): King County Department of Natural Resources and Parks /
Water and Land Resources Division

Location of Road: 149th Avenue SE and portions of King County Road Nos. 949, 1182,
1244 and 23-23-5-4

B. HISTORY AND OVERVIEW

R.C.W. 36.87 establishes the right of property owners to petition a county legislative body for the vacation of road rights-of-way. K.C.C. 14.40 establishes King County policies and procedures for accomplishing same.

The petition was filed with the County Road Engineer on May 1, 2024, by Josh Baldi of the King County Department of Natural Resources and Parks / Water and Land Resource Division seeking the vacation of a portion of 149th Avenue SE and portions of King County Road Nos. 949, 1182, 1244 and 23-23-5-4 in the Renton area of unincorporated King County. See Exhibit 14 for an image of the vacation area.

Report to the Hearing Examiner

V-2771

Page 2 of 8

The subject right-of-way consists of multiple segments that were dedicated to the County at several different times, as follows:

- County Road No. 949 – May 6, 1913
- County Road No. 1182 – December 24, 1917
- County Road No. 1244 – June 9, 1924
- Elliott Bridge Relocation Road, Survey No. 23-23-5-4 – September 12, 1949

The petitioners own all the lands abutting the requested vacation area.

The subject portion of right-of-way has been opened and maintained in the past but was abandoned over the past 20 +/- years and now qualifies as unopened and unmaintained county road right-of-way.

C. NOTICE

Notice of this hearing was posted at the approximate ends of the proposed vacation area on 4/9/2026, see Exhibit 27, and published in accordance with requirements of RCW 36.87.060, see Exhibit 28. Only the southerly ends of the areas proposed for vacation were posted because these appear to be the only access points and best locations to be seen by persons who may use the subject right-of-way and nearby property owners.

D. REVIEWING AGENCIES AND COMMENTS

The King County Department of Local Services, Road Services Division (“Roads”) solicited comments from agencies within King County and utilities serving the area regarding the impacts of vacating the original vacation area.

The Environmental Unit of Roads raised concerns about the responsibility for maintenance and upkeep of stormwater pipes and ditches in this area. The Drainage Unit of Roads raised similar concerns about drainage outfalls from the end of 149th Avenue SE. Should this vacation be approved, the petitioner will assume responsibility for the assets in this area.

There are also cultural resources within this area that will become the responsibility of the petitioner to safeguard. Roads’ Archaeology Division believes that the petitioner has adequate understanding and resources to be a responsible steward of these areas.

Roads did not receive responses from King County Metro Transit, King County Fire Protection District No. 25, or Comcast. A copy of the Notice is included as Exhibit 15.

The responses received in response to the agency review are listed below.

ATTACH- MENTS	AGENCY	COMMENT
1.	Puget Sound Energy	Response dated 7/16/2025. No Objections. The vacate area shown on the exhibit does not impact any of PSE's existing facilities.
2.	Lumen / CenturyLink	Responses dated 7/2/2025 & 7/28/2025. CenturyLink has reviewed the request for vacation of portions of 149th Avenue SE and portions of King County Road Nos. 949, 1182, and 1244 in the Renton area of King County and determined we have no objections. Please see attached letter regarding the same. If you have any questions or concerns, please reach out at your convenience. Also received email and a note from Philip Martin saying that they did have services in that area but the map appears to show services farther to the south on 149th Ave.
3.	Cedar River Water & Sewer	Response dated 10/1/2025. Thank you again for the heads up on the road vacation. The area noted in your attachment is right on the Districts border with KC Water District #90. Cedar River does not have any infrastructure in that area so we will not need to participate in the road vacation process. If you have any questions or need further information please reach out.
4.	DLS Permitting	Response dated 7/10/2025. I have reviewed the proposed ROW vacation and see no issues from a planning perspective. The remaining portions of 149th Ave SE should be sufficient to provide access for any future developments on properties that are privately owned.
5.	DES - Property Services	Response dated 7/9/2025. We find no current use permits.

6.	DNRP – Parks	Response dated 7/8/2025. The following is response to the proposed road vacation V-2771 ('portion of 149th Avenue SE, portions of King County Road Nos. 949, 1182, and 1244, between the Cedar River and existing cul-de-sac limits for 149th Avenue SE, north of Maple Valley Highway, in the Renton area of unincorporated King County') Current King County Park or Trail improvements in vicinity Existing Cedar River Trail (N. side SR 169), Ron Regis Park-City of Renton (S-SW) Future planned Park or Trail Improvements in vicinity: None ROW necessary or useful for current or future trail: No Preserve all or portion ROW: None as relates to Parks Additional comments: No Objections
7.	DLS Roads- CIP & Planning Section	Response dated 8/1/2025. Thank you for the opportunity to review. No concerns from a planning standpoint.
8.	DNRP Water and Land Resources Division	Response dated 7/14/2025. King County WLRD Stormwater has no objections to the proposed vacation. Thank you for the chance to comment.
9.	DLS Roads- Traffic Engineering	Responses dated 7/2/2025, 7/10/2025, 7/18/2025 & 7/22/2025. AM: I do not see any need to retain the property for the Road Design unit. HS: Thank you for the opportunity to review this road vacation request. I have no issues from a traffic development standpoint. RE: No objection from a traffic operations standpoint. KB: Since we removed the bridge and the road from this section, we don't need it any more for traffic operations purposes
10.	DLS Roads – Survey Unit	Response dated 7/3/2025. Legal description and exhibit match, survey has no comments.

Report to the Hearing Examiner
V-2771
Page 5 of 8

11.	DLS Roads - Environmental Unit	Response dated 7/17/2025. Roads has stormwater pipes and ditches we own and maintain here; see below. Also, access to the DNRP pipes that convey Madsen Creek to the Cedar. We've had to do emergency maintenance in this area before, when Madsen Creek overflows into the ditch on the east side of 149th Ave. Will this affect our access to this system? That could be a problem in future flooding events.
12.	DLS Roads – Archaeology Unit	Response dated 7/2/2025. There is a high number of cultural resources at this location, including a prehistoric archaeological site (45-KI-1116), an ethnographically recorded Native village and two historic archaeological sites associated with the two former bridges here. All of these were recorded by WLRD and as they are a responsible county agency there are no issues with vacating to them.
13.	DLS Roads -Drainage Unit	Response dated 8/1/2025. We request that WLRD assume ownership and maintenance responsibility of the drainage outfalls from the end of 149th Avenue SE to the Cedar River and the drainage system on 149th Avenue SE if these right of ways are vacated to WLRD. The west side drainage ditch for 149th Avenue SE outlets on a WLRD owned parcel and a Type II CB (Asset #82169) is located behind a WLRD wetland protection chain link fence. The 149th Avenue SE east side ditch is an overflow route from Madsen Creek. The 149th Avenue SE drainage system on each side of the road should be WLRD's maintenance responsibility if Roads vacates the outfall right of way. I met with the Division 3 maintenance supervisor and the previous Maintenance Division 3 supervisor concerning this proposed road vacation and this is what the input is. The details for this determination can be shared more if desired by calling or meeting with me if needed. Thanks.

E. COMPENSATION

Utilizing the model prepared by King County Office of Performance, Strategy and Budget (PSB), Roads solicited from the Assessor's Office determination of value for the vacation area that will attach to the properties owned by the Petitioner. See Exhibit 16.

Parcel Number	Owner	Current Area (SF)	Added Area (SF)	Additional Assessed Value*	Compensation Due**
232305-9088	King County-WLRD RFMS	27,442	9,080	\$2,000	\$0
232305-9097	King County-WLRD RFMS	31,299	2,577	\$0	\$0

232305-9133	King County-WLRD RFMS	29,030	10,442	\$2,000	\$0
232305-9123	King County-WLRD RFMS	74,487	2,401	\$0	\$0
232305-9032	King County-WLRD RFMS	60,569	2,962	\$0	\$0

* Based on a determination by the Assessor's Office

** Based on the compensation model prepared by the County Office of Performance Strategy and Budget (PSB) with offsets for management and maintenance costs and future expected property tax. See model

The petitioner is a public agency and the area proposed for vacation will not attach to taxable parcels if the vacation is approved. Therefore, the transfer of ownership/stewardship of these areas will have no effect on revenue, but the petitioner will be better equipped to maintain and superintend these parcels, reducing the responsibility of Roads for areas that are not useful to the County Road system. The PSB worksheets are included in this package under Exhibits 17-22.

F. COUNTY ROAD ENGINEER RECOMMENDATION

The County Road Engineer has determined that the subject portion of right-of-way is useless to the county transportation system and that Petition V-2771 seeking to vacate this portion of 149th Avenue SE and portions of King County Road Nos. 949, 1182, 1244 and 23-23-5-4 should be approved, conditioned upon the execution of an intra-agency memorandum for the assumption of responsibility and maintenance for the infrastructure and cultural resources located in the area proposed for vacation.

The full County Road Engineer's Report is attached as Exhibit 24.

RE: **Notice of Proposed Right-of-Way Vacation** of portions of 149th Avenue SE and King County Road Nos. 949, 1182, and 1244 - V-2771

Dear Recipient,

The King County Water and Land Resource Division has petitioned King County to vacate a portion of 149th Avenue SE and portions of King County Road Nos. 949, 1182, and 1244, lying between the Cedar River and the existing cul-de-sac limits for 149th Avenue SE, north of Maple Valley Highway, in the Renton area of unincorporated King County. The King County Department of Local Services, Road Services Division's County Road Engineer (CRE) has been directed by the Clerk of the King County Council to examine the road and issue a report and recommendation as to whether the right-of-way should be vacated. However, before a report can be made, the CRE needs your comments or recommendations regarding any interest you may have in the subject right-of-way.

Currently, it takes approximately one year to 18 months to complete the road vacation process. King County Road Services Division is working hard to reduce the length of time it takes to process the petition to vacate a county road. To expedite the road vacation petition inquiries, we request that you complete the attached Notice of Petition to Vacate a County Road and return it by:

(August 2, 2025)

Your timely response will allow Road Services Division staff the time necessary to review your comments/recommendations and prepare a report to the King County Council in a timely manner. The report will contain our recommendation regarding the status of the roadway.

If you have any questions, please contact John Bryan, Road Property Program Manager, at 206-477-2594 or via e-mail at jobryan@kingcounty.gov.

This is the first notice for agency review. As a matter of procedure, you will receive a notice from the King County Hearing Examiner informing you of the time and place of the public hearing for this petition to vacate the road. Road Services Division would like to thank you in advance for your cooperation in this matter.

Sincerely,

John Bryan
Road Property Program Manager

Subject: Notice of Proposed Road Vacation V-2771

Hello,

King County has received a request to vacate a portion of 149th Avenue SE and portions of King County Road Nos. 949, 1182, and 1244 in the Renton area of unincorporated King County. Your agency or division has been identified as a potential interested party in this right-of-way vacation and your input or response to this petition is an important part of the vacation process.

Please review the attached and provide a response.

This is the first notice for Road Vacation File V-2771. An exhibit map and agency response document are attached.

Responses are requested before **August 2, 2025**, and your timeliness is greatly appreciated.

Please contact me if you need further information or require additional time to complete your response.

Good morning, John,

Thank you again for the heads up on the road vacation. The area noted in your attachment is right on the Districts border with KC Water District #90. Cedar River does not have any infrastructure in that area so we will not need to participate in the road vacation process. If you have any questions or need further information please reach out.

On another note, personnel change from time to time which leads to undeliverable messages. If King County could include custsvc@crwsd.com in email communications it'll ensure that messages like these don't get missed.

Thanks,

Sean

Hi John:

Roads has stormwater pipes and ditches we own and maintain here; see below. Also, access to the DNRP pipes that convey Madsen Creek to the Cedar. We've had to do emergency maintenance in this area before, when Madsen Creek overflows into the ditch on the east side of 149th Ave. **Will this affect our access to this system?** That could be a problem in future flooding events.

There is a high number of cultural resources at this location, including a prehistoric archaeological site (45-KI-1116), an ethnographically recorded Native village and two historic archaeological sites associated with the two former bridges here. All of these were recorded by WLRD and as they are a responsible county agency there are no issues with vacating to them.

Hi John,

We request that WLRD assume ownership and maintenance responsibility of the drainage outfalls from the end of 149th Avenue SE to the Cedar River and the drainage system on 149th Avenue SE if these right of ways are vacated to WLRD. The west side drainage ditch for 149th Avenue SE outlets on a WLRD owned parcel and a Type II CB (Asset #82169) is located behind a WLRD wetland protection chain link fence. The 149th Avenue SE east side ditch is an overflow route from Madsen Creek. The 149th Avenue SE drainage system on each side of the road should be WLRD's maintenance responsibility if Roads vacates the outfall right of way. I met with the Division 3 maintenance supervisor and the previous Maintenance Division 3 supervisor concerning this proposed road vacation and this is what the input is. The details for this determination can be shared more if desired by calling or meeting with me if needed. Thanks.
