Proposed No.: 2016-0281

1 **AMENDMENT TO STRIKING AMENDMENT S1 TO PROPOSED ORDINANCE**  
2 **2016-0281, VERSION 3**

3 In Attachment A, Best Starts for Kids Implementation Plan, Updated September 19,  
4 2016, on page 86, strike lines 2773 through 2779 and insert:

5 "The initial goal of COO is to see a ten percent improvement in health and well-being  
6 outcomes over ten years in the COO place-based sites. The ten-percent improvement will  
7 be measured from current baseline indicator measures. Examples of these population-  
8 level improvements include an increase in life expectancy and decrease in involuntary  
9 displacement of local residents. Evaluation will also track shorter-term improvements  
10 such as number of new jobs filled by local residents and number of properties acquired  
11 for affordable housing. The intent is to start in select places and build momentum to  
12 begin to close the gap in health and wellbeing outcomes for all communities with much  
13 to gain."

14 ***EFFECT: Raises the Communities of Opportunity target improvement in population***  
15 ***health and well-being outcomes from seven percent to ten percent.***
