1.2 Survey and Easement Property Descriptions.

- (a) Grantee’s obligation to provide a true and accurate description of the Easement Property, and the location of the Improvements to be constructed is a material term of this Easement. Grantee warrants that the record of survey referenced in Exhibit A includes a true and accurate description of the Easement Property, and the location of the Improvements to be constructed.
- (b) Unless State has given Grantee written authorization to use such lands, Grantee’s use of any state-owned aquatic lands outside the Easement Property boundaries is a material breach of this Easement and State may seek remedies under Section 14 of this Easement in addition to any other remedies afforded by law or equity or otherwise.

Grantee’s obligation to provide a true and accurate description of the Easement Property and the as-built location of Improvements on the Easement Property in the updated record of survey is a material term of this Easement.

2.3 Conformance with Laws. Grantee shall keep current and comply with all conditions and terms of any permits, licenses, certificates, regulations, ordinances, statutes, and other government rules and regulations regarding Grantee's use of the Easement Property.

8.9 Cleanup.

- (a) If Grantee's act, omission, or breach of obligation under Paragraph 8.4 results in a release of Hazardous Substances that exceeds the threshold limits of any applicable regulatory standards, Grantee shall, at Grantee's sole expense, promptly take all actions necessary or advisable to clean up the Hazardous Substances in accordance with applicable law.

- (b) If a cleanup is eligible for the Washington State Department of Ecology's Voluntary Cleanup Program, Grantee may undertake a cleanup of the Easement Property pursuant to the Washington State Department of Ecology's Voluntary Cleanup Program, provided that Grantee cooperates with the Department of Natural Resources in development of cleanup plans. Grantee shall not proceed with Voluntary Cleanup without the Department of Natural Resources' approval of final plans. Nothing in the operation of this provision is an agreement by the Department of Natural Resources that the Voluntary Cleanup complies with any laws or with the provisions of this Easement. Grantee's completion of a Voluntary Cleanup is not a release from or waiver of any obligation for Hazardous Substances under this Easement.

8.10 Sampling by State, Reimbursement, and Split Samples.

- (a) State may conduct sampling, tests, audits, surveys, or investigations ("Tests") of the Easement Property at any time to determine the existence, scope, or effects of Hazardous Substances.
- (b) If such Tests, along with any other information, demonstrate a breach of Grantee's obligations regarding Hazardous Substances under this Easement, Grantee shall promptly reimburse State for all costs associated with such Tests, provided State gave Grantee thirty (30) days' advance notice in nonemergencies, and reasonably practical notice in emergencies.
- (c) In nonemergencies, Grantee is entitled to obtain split samples of Test samples, provided Grantee gives State written notice requesting split samples at least ten (10) days before State conducts Tests. Upon demand, Grantee shall promptly reimburse State for additional cost, if any, of split samples.
- (d) If either Party conducts Tests on the Easement Property, the conducting Party shall provide the other Party with validated final data and quality assurance/quality control/chain of custody information about the Tests within sixty (60) days of a written request by the other party, unless Tests are part of a submittal under Paragraph 8.6(c) in which case Grantee shall submit data and information to State without written request by State. Neither party is obligated to provide any analytical summaries or the work product of experts.

SECTION 9 NATURE OF ESTATE AND ASSIGNMENT

This Easement shall be in gross for the sole benefit of Grantee's use associated with the Permitted Use. This Easement shall not run with the land. This Easement is indivisible. Grantee shall not sell, convey, mortgage, assign, pledge, grant franchises for, or otherwise transfer or encumber any part of Grantee's interest in this Easement or any part of Grantee's interest in the Easement Property without State's prior written consent, which shall be at State's sole discretion. State reserves the right to reasonably change the terms and conditions of this Easement upon State's consent to requests made under this Section 9.

SECTION 10 INDEMNITY, FINANCIAL SECURITY, INSURANCE

10.1 Allocation of Responsibility. Each Party shall be responsible for the actions and inactions of itself and its own officers, employees, and agents acting within the scope of their authority. Section 8, Environmental Liability/Risk Allocation, exclusively shall govern Grantee's liability to State for Hazardous Substances and its obligation to indemnify, defend, and hold harmless State for Hazardous Substances.

10.2 Insurance Terms.

(a) Insurance Required.

- (1) Grantee certifies that on the Commencement Date of this Easement it is self-insured for all the liability exposures, its self-insurance plan satisfies all State requirements, and its self-insurance plan provides coverage equal to that required in this Paragraph 10.2 and by Paragraph 10.3, Insurance Types and Limits. Grantee shall provide to State evidence of its status as a self-insured entity. Upon request by State, Grantee shall provide a written description of its financial condition and/or the self-insured funding mechanism. Grantee shall provide State with at least thirty (30) days' written notice prior to any material changes to Grantee's self-insured funding mechanism. If during the Term of this Easement Grantee's self-insurance plan fails to provide coverage equal to that required in Paragraphs 10.2 and Paragraph 10.3 of this Easement, Grantee shall procure additional commercial insurance coverage to meet the requirements of this Easement. The requirements in Paragraphs 10.2(a)(3) and (4) only apply where the Grantee procures additional commercial insurance to meet the requirements of this Easement.
- (2) Unless State agrees to an exception, Grantee shall provide insurance issued by an insurance company or companies admitted to do business in the State of Washington and have a rating of A- or better by the most recently published edition of A.M. Best's Insurance Reports. Grantee may submit a request to the risk manager for the Department of Natural Resources to approve an exception to this requirement. If an insurer is not admitted, the insurance policies and procedures for issuing the insurance policies shall comply with Chapter 48.15 RCW and 284-15 WAC.
- (3) All general liability, excess, umbrella, and pollution legal liability insurance policies must name the State of Washington, the Department of Natural Resources, its elected and appointed officials, officers, agents, and employees as an additional insured by way of endorsement.
- (4) All property, builder's risk, and equipment breakdown insurance must name the State of Washington, the Department of Natural Resources, its elected and appointed officials, officers, agents, and employees as loss payees.
- (5) All insurance provided in compliance with this Easement must be primary as to any other insurance or self-insurance programs afforded to or maintained by State.

(b) Waiver.

- (1) Grantee waives all rights against State for recovery of damages to the extent insurance maintained pursuant to this Easement covers these damages.
 - (2) Except as prohibited by law, Grantee waives all rights of subrogation against State for recovery of damages to the extent that they are covered by insurance maintained pursuant to this Easement.
- (c) Proof of Insurance.
- (1) Grantee shall provide State with a certificate(s) and endorsement(s) of insurance executed by a duly authorized representative of each insurer, showing compliance with insurance requirements specified in this Easement and, if requested, copies of policies to State.
 - (2) The certificate(s) of insurance must reference the Easement number.
 - (3) Receipt of such certificates, endorsements, or policies by State does not constitute approval by State of the terms of such policies.
- (d) State must receive written notice before cancellation or non-renewal of any insurance required by this Easement, as follows:
- (1) Insurers subject to RCW 48.18 (admitted and regulated by the Insurance Commissioner): If cancellation is due to non-payment of premium, provide State ten (10) days' advance notice of cancellation; otherwise, provide State forty-five (45) days' advance notice of cancellation or non-renewal.
 - (2) Insurers subject to RCW 48.15 (surplus lines): If cancellation is due to non-payment of premium, provide State ten (10) days' advance notice of cancellation; otherwise, provide State twenty (20) days' advance notice of cancellation or non-renewal.
- (e) Adjustments in Insurance Coverage.
- (1) State may impose changes in the limits of liability for all types of insurance as State deems necessary.
 - (2) Grantee shall secure new or modified insurance coverage within thirty (30) days after State requires changes in the limits of liability.
- (f) If Grantee fails to procure and maintain the insurance described above within fifteen (15) days after Grantee receives a notice to comply from State, State may either:
- (1) Terminate this Easement, or
 - (2) Procure and maintain comparable substitute insurance and pay the premiums. Upon demand, Grantee shall pay to State the full amount paid by State, together with interest at the rate provided in Paragraph 6.3 from the date of State's notice of the expenditure until Grantee's repayment.
- (g) General Terms.
- (1) State does not represent that coverage and limits required under this Easement are adequate to protect Grantee.
 - (2) Coverage and limits do not limit Grantee's liability for indemnification and reimbursements granted to State under this Easement.
 - (3) The Parties shall use any insurance proceeds payable by reason of damage or destruction to Easement Property first to restore the Easement Property,

then to pay the cost of the reconstruction, then to pay State any sums in arrears, and then to Grantee.

10.3 Insurance Types and Limits.

- (a) General Liability Insurance.
 - (1) Grantee shall maintain commercial general liability insurance (CGL) or marine general liability (MGL) covering claims for bodily injury, personal injury, or property damage arising on the Easement Property and/or arising out of the Permitted Use and, if necessary, commercial umbrella insurance with a limit of not less than One Million Dollars (\$1,000,000) per each occurrence. If such CGL or MGL insurance contains aggregate limits, the general aggregate limit must be at least twice the “each occurrence” limit. CGL or MGL insurance must have products-completed operations aggregate limit of at least two times the “each occurrence” limit.
 - (2) CGL insurance must be written on Insurance Services Office (ISO) Occurrence Form CG 00 01 (or a substitute form providing equivalent coverage). All insurance must cover liability arising out of premises, operations, independent contractors, products completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another party assumed in a business contract) and contain separation of insured (cross-liability) condition.
 - (3) MGL insurance must have no exclusions for non-owned watercraft.
- (b) Workers’ Compensation.
 - (1) State of Washington Workers’ Compensation.
 - (i) Grantee shall comply with all State of Washington workers’ compensation statutes and regulations. Grantee shall provide workers’ compensation coverage for all employees of Grantee. Coverage must include bodily injury (including death) by accident or disease, which arises out of or in connection with the Permitted Use or related activities.
 - (ii) If Grantee fails to comply with all State of Washington workers’ compensation statutes and regulations and State incurs fines or is required by law to provide benefits to or obtain coverage for such employees, Grantee shall indemnify State. Indemnity shall include all fines; payment of benefits to Grantee, employees, or their heirs or legal representatives; and the cost of effecting coverage on behalf of such employees.
 - (2) Longshore and Harbor Workers’ and Jones Acts. The Longshore and Harbor Workers’ Act (33 U.S.C. Section 901 *et seq.*) and/or the Jones Act (46 U.S.C. Section 30104) may require Grantee to provide insurance coverage in some circumstances. Grantee shall ascertain if such insurance is required and, if required, shall maintain insurance in compliance with

the law. Grantee is responsible for all civil and criminal liability arising from failure to maintain such coverage.

- (c) **Employers' Liability Insurance.** Grantee shall procure employers' liability insurance, and, if necessary, commercial umbrella liability insurance with limits not less than One Million Dollars (\$1,000,000) each accident for bodily injury by accident and One Million Dollars (\$1,000,000) each employee for bodily injury by disease.
- (d) **Property Insurance.**
 - (1) Grantee shall buy and maintain property insurance covering all real property and fixtures, equipment, Improvements and betterments (regardless of whether owned by Grantee or State). Such insurance must be written on an all risks basis and, at minimum, cover the perils insured under ISO Special Causes of Loss Form CP 10 30, and cover the full replacement cost of the property insured. Such insurance may have commercially reasonable deductibles. Any coinsurance requirement in the policy must be waived. The policy must include State as a loss payee.
 - (2) Grantee shall buy and maintain equipment breakdown insurance covering all real property and fixtures, equipment, Improvements and betterments (regardless of whether owned by Grantee or State) from loss or damage caused by the explosion of equipment, fired or unfired vessels, electric or steam generators, electrical arcing, or pipes.
 - (3) In the event of any loss, damage, or casualty that is covered by one or more of the types of insurance described above, the Parties shall proceed cooperatively to settle the loss and collect the proceeds of such insurance, which State shall hold in trust, including interest earned on such proceeds, for use according to the terms of this Easement. The Parties shall use insurance proceeds in accordance with Paragraph 10.2(g)(3).
 - (4) When sufficient funds are available, using insurance proceeds described above, the Parties shall continue with reasonable diligence to prepare plans and specifications for, and thereafter carry out, all work necessary to:
 - (i) Repair and restore damaged Improvements to their former condition, or
 - (ii) Replace and restore damaged Improvements with new Improvements on the Easement Property of a quality and usefulness at least equivalent to, or more suitable than, damaged Improvements.
- (e) **Builder's Risk Insurance.**
 - (1) Grantee shall procure and maintain in force, or require its contractor(s) to procure and maintain in force, builder's risk insurance on the entire work during the period construction is in progress and until completion of the project and acceptance by State. Such insurance must be written on a completed form and in an amount equal to the value of the completed Improvements, subject to subsequent modifications to the sum. The

- insurance must be written on a replacement cost basis. The insurance must name Grantee, all contractors, and subcontractors in the work as insured.
- (2) Insurance described above must cover or include the following:
 - (i) All risks of physical loss except those specifically excluded in the policy, including loss or damage caused by collapse;
 - (ii) The entire work on the Easement Property, including reasonable compensation for architect's services and expenses made necessary by an insured loss;
 - (iii) Portions of the work located away from the Easement Property but intended for use at the Easement Property, and portions of the work in transit;
 - (iv) Scaffolding, falsework, and temporary buildings located on the Easement Property; and
 - (v) The cost of removing debris, including all demolition as made legally necessary by the operation of any law, ordinance, or regulation.
 - (3) Grantee or Grantee's contractor(s) is responsible for paying any part of any loss not covered because of application of a deductible contained in the policy described above.
 - (4) Grantee or Grantee's contractor(s) shall buy and maintain equipment breakdown insurance covering insured objects during installation and until final acceptance by permitting authority. If testing is performed, such insurance must cover such operations. The insurance must name Grantee, all contractors, and subcontractors in the work as insured.
 - (f) Business Auto Policy Insurance.
 - (1) Grantee or Grantee's contractor(s) shall maintain business auto liability insurance and, if necessary, commercial umbrella liability insurance with a limit not less than One Million Dollars (\$1,000,000) per accident. Such insurance must cover liability arising out of "Any Auto."
 - (2) Business auto coverage must be written on ISO Form CA 00 01, or substitute liability form providing equivalent coverage. If necessary, the policy must be endorsed to provide contractual liability coverages and cover a "covered pollution cost or expense" as provided in the 1990 or later editions of CA 00 01.

10.4 Financial Security.

- (a) On the Commencement Date of this Easement, Grantee is not required to procure and maintain a corporate security bond or other financial security ("Security"). During the Term of this Easement, State may require Grantee to procure and maintain Security upon any of the events listed in Paragraph 10.4(c)(1).
- (b) All Security must be in a form acceptable to State.
 - (1) Bonds must be issued by companies admitted to do business within the State of Washington and have a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports, unless State approves an exception in writing. Grantee may submit a request to

- the Risk Manager for the Department of Natural Resources for an exception to this requirement.
- (2) Letters of credit, if approved by State, must be irrevocable, allow State to draw funds at will, provide for automatic renewal, and comply with RCW 62A.5-101, *et. seq.*
 - (3) Savings account assignments, if approved by State, must allow State to draw funds at will.
- (c) Adjustment in Amount of Security.
- (1) State may require an adjustment in the Security amount:
 - (i) As a condition of approval of assignment of this Easement,
 - (ii) Upon a material change in the condition or disposition of any Improvements, or
 - (iii) Upon a change in the Permitted Use.
 - (2) Grantee shall deliver a new or modified form of Security to State within thirty (30) days after State has required adjustment of the amount of the Security.
- (d) Upon any breach by Grantee in its obligations under this Easement, State may collect on the Security to offset the liability of Grantee to State. Collection on the Security does not (1) relieve Grantee of liability, (2) limit any of State's other remedies, (3) reinstate the Easement or cure the breach or (4) prevent termination of the Easement because of the breach.

SECTION 11 MAINTENANCE AND REPAIR

11.1 State's Repairs. State shall not be required to make any alterations, maintenance, replacements, or repairs in, on, or about the Easement Property, or any part thereof, during the Term.

11.2 Grantee's Repairs and Maintenance.

- (a) Grantee shall, at its sole cost and expense, keep and maintain the Easement Property and all Grantee-Owned Improvements in good order and repair, in a clean, attractive, and safe condition. Grantee shall repair all damage caused or permitted by Grantee to Improvements Owned by Others on the Easement Property.
- (b) Grantee shall, at its sole cost and expense, make any and all additions, repairs, alterations, maintenance, replacements, or changes to the Easement Property or to any Grantee-Owned Improvements on the Easement Property that may be required by any public authority having jurisdiction over the Easement Property and requiring it for public health, safety and welfare purposes.
- (c) Except as provided in Paragraph 11.2(d), all additions, repairs, alterations, maintenance, replacements or changes to the Easement Property and to any Grantee-Owned Improvements on the Easement Property shall be made in accordance with, and ownership shall be governed by, Section 7 above.
- (d) Routine maintenance and repair are acts intended to prevent a decline, lapse, or cessation of the Permitted Use and associated Grantee-Owned Improvements.

Routine maintenance or repair that does not require regulatory permits does not require authorization from State pursuant to Section 7.

- (e) Upon completion of maintenance activities, Grantee shall remove all debris and restore the Easement Property to the condition prior to the commencement of Work.

11.3 Limitations. The following limitations apply whenever Grantee conducts maintenance, repair or replacement.

- (a) Grantee shall not use or install treated wood at any location above or below water, except that Grantee may use Ammoniacal Copper Zinc Arsenate (ACZA) treated wood for above water structural framing. Grantee shall never use Chromated Copper Arsenate (CCA), Alkaline Copper Quaternary (ACQ), or creosote-treated wood at any location.

SECTION 12 DAMAGE OR DESTRUCTION

12.1 Damage to Improvements.

- (a) In the event of any damage to or destruction of any Improvements on the Easement Property, Grantee shall immediately notify State, with subsequent written notice to State within five (5) days.
- (b) Grantee shall be solely responsible for any reconstruction, repair, or replacement of any Grantee-Owned Improvements. If Grantee elects not to reconstruct, repair, or replace all or a portion of any damaged Improvements, Grantee shall promptly remove any damaged or destroyed Improvements and restore the Easement Property. Any reconstruction, repair, or replacement of Improvements is governed by Section 7 Improvements, Personal Property, and Work, and Section 11, Maintenance and Repair, and any Additional Obligations in Exhibit A.
- (c) If Grantee is in breach of this Easement at the time damage or destruction occurs to Grantee-Owned Improvements, State may elect to terminate the Easement without giving Grantee an opportunity to cure, and State may retain any insurance proceeds payable as a result of the damage or destruction.

12.2 Damage to Land or Natural Resources

- (a) In the event of any damage to or destruction to the land or natural resources on the Easement Property, Grantee shall immediately notify State, with subsequent written notice to State within five (5) days. In the event of any damage or destruction to land or natural resources on adjacent state-owned aquatic lands that is attributable to Grantee's use of the Property, to the Permitted Use, or to related activities, Grantee shall immediately notify State, with subsequent written notice to State within five (5) days.
- (b) Grantee, at Grantee's sole cost, shall remedy any damages to land or natural resources on the Easement Property and adjacent state-owned aquatic lands that are attributable to Grantee's use of the Property, the Permitted Use, or related activities, in accordance with a plan approved by State. Grantee shall also

compensate State for any lost or damaged natural resource values in accordance with Paragraph 12.2(c).

- (c) Compensation for lost resource values:
 - (1) If damages to the land or natural resources result in lost or damaged natural resource values, Grantee shall compensate State with (1) monetary compensation; (2) the completion of a project approved by State that includes replacing, enhancing, or otherwise providing in-kind habitats, resources, or environments on other state-owned aquatic lands in order to offset the damage and impacts; or (3) a mixture of both monetary compensation and a project. State shall have the discretion to determine if Grantee will compensate with monetary compensation, a project, or both. If State requires monetary compensation, the value of damages shall be determined in accordance with Paragraph 12.2(c)(2).
 - (2) If State requires monetary compensation under Paragraph 12.2(c)(1), unless the Parties otherwise agree on the value, a three-member panel of professional appraisers or resource economists will determine the measure of lost resource values, and issue a written decision. The appraisers or resource economists shall be qualified to assess economic value of natural resources. State and Grantee each shall appoint and compensate one member of the panel. By consensus, the two appointed members shall select the third member, who will be compensated by State and Grantee equally. The panel shall base the calculation of compensation on generally accepted valuation principles. The written decision of the majority of the panel shall bind the Parties.
- (d) If damage to land or natural resources on the Easement Property or adjacent state-owned aquatic lands are attributable to Grantee's use of the Property, to the Permitted Use, or to related activities, or if such damage occurs when Grantee is in breach of the Easement, State may elect to terminate the Easement in accordance with Section 14. If State elects to terminate the Easement, Grantee is still responsible for restoring any damages to land or natural resources on the Easement Property and adjacent state-owned aquatic lands, and for compensating State for any lost resource values in accordance with Paragraph 12.2(c). State may retain any insurance proceeds payable as a result of the damage or destruction.
- (e) State may, with or without terminating the Easement, at the sole expense of Grantee, remedy any damages and complete a project that offsets lost or damaged natural resource values. If State takes any such actions, upon demand by State, Grantee shall pay all costs incurred by State.

12.3 State's Waiver of Claim. State does not waive any claims for damage or destruction of the Easement Property or adjacent state-owned aquatic lands unless State provides written notice to Grantee of each specific claim waived.

12.4 Insurance Proceeds. Grantee's duties under Paragraphs 12.1 and 12.2 are not conditioned upon the availability of any insurance proceeds to Grantee from which the cost of

repairs may be paid. The Parties shall use insurance proceeds in accordance with Paragraph 10.2(g)(3).

SECTION 13 CONDEMNATION

In the event of condemnation, the Parties shall allocate the condemnation award between State and Grantee based upon the ratio of the fair market value of (1) Grantee's rights in the Easement Property and Grantee-Owned Improvements and (2) State's interest in the Easement Property; the reversionary interest in Grantee-Owned Improvements, if any; and State-Owned Improvements, if any. In the event of a partial taking, the Parties shall compute the ratio based on the portion of Easement Property or Improvements taken. If Grantee and State are unable to agree on the allocation, the Parties shall submit the dispute to binding arbitration in accordance with the rules of the American Arbitration Association.

SECTION 14 REMEDIES AND TERMINATION

14.1 Termination by Breach. State may terminate this Easement upon Grantee's failure to cure a breach of the terms and conditions of this Easement. Unless otherwise stated in this Easement, State shall provide Grantee written notice of breach, and Grantee shall have sixty (60) days after receiving the notice to cure the breach. State may extend the cure period if breach is not reasonably capable of cure within sixty (60) days. This sixty (60) day cure period does not apply where State terminates this Easement under Paragraph 10.2(f) or Section 12.

14.2 Termination by Nonuse. If Grantee does not use the Easement Property for a period of three (3) successive years, this Easement terminates without further action by State and Grantee's rights revert to State. Grantee shall still be responsible for complying with all end of Term requirements.

14.3 Termination by Grantee. Grantee may terminate this Easement upon providing State with sixty (60) days written notice of intent to terminate. If Grantee terminates under this Paragraph, the date of Grantee's termination shall be deemed the Termination Date and Grantee shall comply with all end of Term requirements. Grantee is not entitled to any refunds of Easement fees already paid to State.

14.4 Remedies Not Exclusive. The remedies specified under this Section 14 are not exclusive of any other remedies or means of redress to which State is lawfully entitled for Grantee's breach or threatened breach of any provision of this Easement.

State's acceptance of a payment is not a waiver of any preceding or existing breach other than the failure to pay the particular payment that was accepted.
- (b) The renewal of the Easement, extension of the Easement, or the issuance of a new Easement to Grantee, does not waive State's ability to pursue any rights or remedies under the Easement.
