February 9, 2007

The Honorable Leonard Forsman, Chair
Suquamish Tribe
PO Box 498
Suquamish, WA 98392-0498

Dear Chair Forsman:

The King County Code requires the King County Department of Transportation (KCDOT) to notify you of any departmental action which may affect your treaty fishing rights including development of wetlands, stream and river banks, lakeshore habitat of water bodies, or development directly or indirectly affecting anadromous bearing water bodies. Such actions encompass the adoption of ordinances. To satisfy this requirement, KCDOT is hereby notifying you of the following:

An ordinance updating the transportation concurrency code by adopting a new residential transportation concurrency map and a new monitored corridors list; eliminating monitored zones from the map and eliminating the table of vehicle trips in monitored zones; and repealing Ordinance 15030, Attachments A, B, and C.

The King County Executive will transmit this ordinance to the King County Council in February 2007. The Council will review and consider the proposed ordinance as part of the public legislative process. The concurrency map and corridor list can be tracked on the following web site: <http://www.metrokc.gov/kcdot/roads/planning/concurrency/index.cfm>.

By sending this notice, KCDOT is in no way making any claims as to whether the above-described ordinance will have any affect upon your tribe's fishing rights. In satisfying the notice requirement, the department has chosen to be over inclusive rather than under inclusive in selecting proposed ordinances to report.

If you have any questions, please contact Sue Osterhoudt, Supervisor, at 206-263-4707 or at sue.osterhoudt@metrokc.gov.

Sincerely,

for Linda Dougherty
Division Director
