1 AN ORDINANCE authorizing the executive to enter into  
2 an interlocal transfer agreement for Swamp Creek park and  
3 the Inglewood wetlands natural area properties between  
4 King County and the city of Kenmore.

5

6 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

7 **SECTION 1. Findings:**

8 A. King County's annexation initiative encourages the transfer of local parks  
9 within the cities and their potential annexation areas to achieve both financial stability in  
10 the current expense fund, and the regional land use vision set forth in the countywide  
11 planning policies.

12 B. Consistent with the parks and recreation division's business transition plan and  
13 the focus on partnering with groups and jurisdiction to provide recreation opportunity,  
14 this transfer will result in the enhancement of the city's park system.

15 C. King County and the city of Kenmore have agreed to terms of an interlocal  
16 agreement for the transfer of Swamp Creek park and the Inglewood wetlands parcels to  
17 the city.

18           D. The recitals in the agreement set forth relevant facts supporting and explaining  
19 the terms of the transfers.

20           E. King County and the city have agreed that the transfers will take place within  
21 thirty days following execution of the interlocal agreement by both parties.

22           F. Transfer of the park under the terms and conditions of the attached agreement  
23 will serve an important county purpose by ensuring that the park will remain open and  
24 available for community use and the habitat values of the natural areas will be protected.

25           SECTION 2. The King County executive is hereby authorized to enter into an

26

27 interlocal agreement, substantially in the form of the attached agreement, with the city of  
28 Kenmore relating to the transfer of real property.

KING COUNTY COUNCIL

**Intergovernmental Land Transfer Agreement Between  
King County and the City of Kenmore**

Relating to the Ownership, Operation and Maintenance of Parks,  
Open Space, Recreation Facilities and Programs

This Agreement is made and entered into this day by and between the City of Kenmore, hereinafter called "City", and King County, hereinafter called "County".

WHEREAS the City desires to own, operate, and maintain parks, open space, recreation facilities and programs and other municipal programs, facilities and property inside its boundaries; and

WHEREAS the County, under the authority of RCW 36.89.050, King County Resolution 34571 and other federal, state and county laws, has acquired and developed a substantial park, recreation and open space system that depends on the continued operation of its many individual properties and facilities in order to fully serve the needs of the residents of King County and the cities within it; and

WHEREAS the County desires to divest itself of ownership, management, and financial responsibility for parks, open space, recreational facilities and programs inside and near the City boundaries; and

WHEREAS the Swamp Creek Park and Inglewood Wetlands are located in the City, and

WHEREAS the County is legally restricted from converting many of these parks, open space, and recreational facilities from their current uses without expending funds to replace the converted facilities; and

WHEREAS given the legal restriction regarding conversion of the properties, the marketability of the properties is limited and, as a result, the cost of operating the facility is approximately equal to the value of the property to the County; and

WHEREAS to the extent the City provides scholarships, reduced fees or other means of assuring access to parks and recreational programming for City residents, the City has a goal of ensuring that such scholarships or other needs-based rates and programs are available to all persons desiring to use the park and recreational programs regardless of residency, and

WHEREAS it is in the best interest of the public that the City and the County take those actions necessary to meet those desires and to cooperate in any transition to insure a smooth transition and avoid service disruption;

NOW, THEREFORE, in consideration of the mutual promises contained herein and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the City and the County agree as follows:

## 1. Conveyance of Title

- 1.1 Within thirty (30) days of execution of this Agreement, King County shall convey to the City by deed all its ownership interest, and/or, when possible, by assignment, any leasehold interest or shared use responsibility, in the following listed park/recreation site(s), which are described more fully in Exhibits A and B (the "Property"):

Swamp Creek Park  
Inglewood Wetlands

- 1.2 The City has reviewed Project Agreement for Project No. 91-234A between King County and the Washington State Interagency Committee for Outdoor Recreation ("IAC") for funding for the acquisition of the Property, and agrees that it shall execute an amendment to the Project Agreement that substitutes the City for the County as the "Contracting Party" in the Project Agreement so that the City shall become the "Project Sponsor." The City shall execute this amendment within fifteen (15) days of execution of this Agreement.
- 1.3 The deeds to the legal parcels that make up the Property shall contain specific covenants pertaining to use, which covenants shall run with the land for the benefit of the County and the County land that makes up its public park, recreation and open space system. The County and the City agree that the County shall have standing to enforce these covenants, which shall be set forth as follows:

"The City, as required by RCW 36.89.050, covenants that the Property shall be continued to be used for open space, park, or recreation facility purposes or that other equivalent facilities within the County shall be conveyed to the County in exchange therefore."

"The City acknowledges that the Property was purchased for open space purposes with funds from Open Space Bonds authorized in 1989 by King County Ordinance 9071 and covenants that it shall abide by and enforce all terms, conditions and restrictions in Ordinance 9071, including that the City covenants that the Property will continue to be used for the purposes contemplated by Ordinance 9071, which prohibits both active recreation and motorized recreation such as off-road recreational vehicles but allows passive recreation, that the Property shall not be transferred or conveyed except by agreement providing that the Property shall continue to be used for the purposes contemplated by Ordinance 9071, and that the Property shall not be converted to a different use unless other equivalent lands and facilities within the County or the City shall be received in exchange therefore.

"The City acknowledges that the Property was purchased for open space purposes with Conservation Futures funds as authorized by King County Ordinances 10750 and 13717 and covenants that it shall abide by and enforce all terms, conditions and restrictions in Ordinances 10750 and 13717, including that the City covenants that the Property will continue to be used for the purposes contemplated by these Ordinances, which prohibit both active recreation and motorized recreation such as off-road recreational vehicles but allow passive recreation, and in strict conformance with the uses authorized under RCW 84.34.230, that the Property shall not be transferred or conveyed except by agreement providing that the Property shall continue to be used for the purposes contemplated by these Ordinances and in strict conformance with the uses authorized under RCW 84.34.230, and that the Property shall not be converted to a different use unless other equivalent lands and facilities within the County or the City shall be received in exchange therefore."

"The City covenants that it shall not use the Property in a manner that would cause the interest on County bonds related to the Property to no longer be exempt from federal income taxation."

"The City further covenants that it will not limit or restrict access to and use of the Property by non-city residents in any way that does not also apply to city residents. The City covenants that any and all user fees charged for the Property, including charges imposed by any lessees, concessionaires, service providers, and/or other assignees shall be at the same rate for non-City residents as for the residents of the City."

"The City covenants that it shall place the preceding covenants in any deed transferring the Property or a portion of the Property for public park, recreation or open space uses."

- 1.4 The sources of funding used to purchase a parcel dictate the use covenants, if any, that apply to it. For convenience of the parties only, the following table summarizes the sources of funding used to purchase the various parcels that compose the Property. If there is any conflict between the information in this table and the Exhibits to this Agreement, then the Exhibits shall control; and if there is any conflict between this table and the terms of the deeds to the Property, or between the Exhibits to this Agreement and the terms of the deeds to the Property, then the terms of the deeds shall control.

1.5 In conveying the Property by deed, the County shall reserve a utility easement in substantially the same form as attached hereto as Exhibit D.

**2. Existing Restrictions, Agreements, Contracts or Permits**

2.1 The City shall abide by and enforce all terms, conditions, reservations, restrictions and covenants of title at the time of conveyance and/or in the deed of conveyance.

**3. Condition of Premises and Responsibility for Operations, Maintenance, Repairs, Improvements, and Recreation Services**

3.1 The City has inspected and knows the condition of the Property and agrees to accept the Property in AS IS condition, and to assume full and complete responsibility for all operations, maintenance, repairs, improvements of, and provision of recreational services at, the Property.

3.2 King County does not make and specifically disclaims any warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose, with respect to the Property, and no official, employee, representative or agent of King County is authorized otherwise.

3.3 The City acknowledges and agrees that except as indicated in paragraph 5.2, the County shall have no liability for, and that the City shall release and have no recourse against the County for, any defect or deficiency of any kind whatsoever in the Property without regard to whether such defect or deficiency was known or discoverable by the City or the County.

#### **4. Environmental Liability**

- 4.1 "Hazardous Materials" as used herein shall mean any hazardous, dangerous or toxic wastes, materials, or substances as defined in state or federal statutes or regulations as currently adopted or hereafter amended.
- 4.2 Nothing in this agreement shall be deemed to waive any statutory claim for contribution that the City might have against the County under federal or state environmental statutes that arises from hazardous materials deposited or released on the Property by the County during the County's period of ownership. The City may not, however, assert such a claim to the extent that the City creates the need for or exacerbates the cost of remediation upon which a statutory claim for contribution is based as a result of the City performing construction activities on the Property, changing the configuration of the Property, or changing the use of the Property.
- 4.3 If the City discovers the presence of hazardous materials at levels that could give rise to a statutory claim for contribution against the County it shall immediately notify the County in writing. Such notice shall in no event be provided more than 10 days after discovery. The parties shall make their best efforts to reach agreement as to which party is responsible for remediation under the terms of this Agreement prior to undertaking any remediation.
- 4.4 In no event shall the County be responsible for any costs of remediation that exceed the minimum necessary to satisfy the state or federal agency with jurisdiction over the remediation.

#### **5. Indemnification and Hold Harmless**

- 5.1 King County shall indemnify and hold harmless the City and its elected officials, officers, agents or employees, or any of them, from and against any and all claims, actions, suits, liability, loss, costs, expenses and damages of any nature whatsoever, (i) which are caused by or result from a negligent action or omission of King County, its officers, agents and employees in performing its obligations pursuant to this Agreement, and/or (ii) arising from those occurrences related to the Property that occurred prior to the effective date of conveyance of the Property to the City, except to the extent that indemnifying or holding the City harmless would be limited by Section 5 of this Agreement. In the event that any suit based upon such a claim, action, loss or damage is brought against the City or the City and King County, King County shall defend the same at its sole cost and expense and, if final judgment be rendered against the City and its elected officials, officers, agents and employees or jointly against the City and King County and their respective elected officials, officers, agents and employees, King County shall satisfy the same.

5.2 In executing this Agreement, the County does not assume liability or responsibility for or in any way release the City from any liability or responsibility which arises in whole or in part from the existence or effect of City ordinances, rules or regulations. If any cause, claim, suit, action or administrative proceeding is commenced in which the enforceability and/or validity of any such City ordinance, rule or regulation is at issue, the City shall defend the same at its sole expense and if judgment is entered or damages are awarded against the City, the County or both, the City shall satisfy the same, including all chargeable costs and attorney's fees.

5.3 The City shall indemnify and hold harmless King County and its elected officials, officers, agents and employees, or any of them, from and against any and all claims, actions, suits, liability, loss, costs, expenses and damages of any nature whatsoever, (i) which are caused by or result from a negligent act or omission of the City, its officers, agents and employees in performing obligations pursuant to this Agreement, and/or (ii) arising from those occurrences related to the Property that occurred on or after the effective date of conveyance of the Property to the City, except to the extent that indemnifying or holding the County harmless would be limited by Section 5 of this Agreement. In the event that any suit based upon such a claim, action, loss or damage is brought against King County or King County and the City, the City shall defend the same at its sole cost and expense and, if final judgment be rendered against King County and its officers, agents and employees or jointly against King County and the City and their respective officers, agents and employees, the City shall satisfy the same.

5.4 Each Party to this Agreement shall immediately notify the other of any and all claims, actions, losses or damages that arise or are brought against that Party relating to or pertaining to the Property.

5.5 Each party agrees that its obligations under this paragraph extend to any claim, demand, and/or cause of action brought by or on behalf of any employees, or agents. For this purpose, each party, by mutual negotiation, hereby waives, with respect to the other party only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW, but only to the extent necessary to indemnify the other party.

## **6. Audits and Inspections**

6.1 Until December 31, 2018, any of either party's records related to any matters covered by this Intergovernmental Agreement not otherwise privileged shall be subject to inspection, review, and/or audit by either party at the requesting party's sole expense. Such records shall be made available for inspection during regular business hours within a reasonable time of the request.

**7. Waiver and Amendments**

7.1 Waiver of any breach of any term or condition of this Agreement shall not be deemed a waiver of any prior or subsequent breach. No term or condition shall be waived, modified or deleted except by an instrument, in writing, signed by the parties hereto.

**8. Entire Agreement and Modifications**

8.1 This Intergovernmental Agreement and its Exhibits sets forth the entire agreement between the parties with respect to the subject matter hereof. It may be supplemented by addenda or amendments, which have been agreed upon by both parties in writing. Copies of such addenda and amendments shall be attached hereto and by this reference made part of this contract as though fully set forth herein.

**9. Duration and Authority**

9.1 This agreement shall be effective upon signature and authorization by both parties. The terms, covenants, representations and warranties contained herein shall not merge in the deed of conveyance, but shall survive the conveyance and shall continue in force unless both parties mutually consent in writing to termination.
