We the undersigned believe that a vital part of our region's character comes from guarding its built heritage. Through preservation, education, and advocacy, Historic Seattle has protected places that matter for more than 40 years.

One such place, Washington Hall, is nearing the final phase of a major seven-year restoration. With funding of the \$986,000 grant sought through 4Culture's Building For Culture program, Washington Hall will reopen to the community for public arts and cultural use by the summer of 2016. As passionate preservationists and citizens of King County, we ask our elected county representatives to support full grant funding of \$986,000 for Washington Hall.
