- 62 "27.a. Required for all new, modified, or expanded fossil fuel facilities.
- 63 Modification or expansion includes, but is not limited to:

64	(1) new uses or fuel types within existing facilities;
65	(2) changes to the type of refining, manufacturing, or processing;
66	(3) changes in the methods or volumes of storage or transport of raw
67	materials or processed products;
68	(4) changes in the location of the facilities on-site;
69	(5) replacement of existing facilities;
70	(6) increases in power or water demands; or
71	(7) increases in production capacity.
72	b. Before filing an application with the department, the applicant shall hold a
73	community meeting in accordance with K.C.C. 20.20.035.
74	c. As part of permit application submittal for new, modified, or expanded fossil
75	fuel facilities, the applicant shall submit the following documentation:
76	(1) an inventory of similar existing facilities in King County and neighboring
77	counties, including their locations and capacities;
78	(2) a forecast of the future needs for the facility;
79	(3) an ((analysis of the potential social and economic impacts and benefits to
80	jurisdictions and local communities receiving or surrounding the facility)) equity impact
81	review of the proposal using tools developed by the office of equity and racial and social
82	justice. Until the tools have been developed and made publicly available by the office,
83	the equity impact review is not required. The results from the equity impact review shall
84	be used to assess equity impacts and opportunities during county permit review and may
85	be used to inform determinations of project approval;
86	(4) an analysis of alternatives to the facility, including location, conservation,
87	demand management and other strategies;

88	(5) an analysis of economic and environmental impacts, including mitigation,
89	of any similar existing facilities and of any new site(( $(s)$ )) or sites under consideration as
90	an alternative to expansion of an existing facility;
91	(6) an extensive public involvement strategy that strives to effectively engage
92	a wide range of racial, ethnic, cultural, and socioeconomic groups, including
93	communities that are the most impacted;
94	(7) considered evaluation of any applicable prior review conducted by a
95	public agency, local government, or ((stakeholder group)) interested party; and
96	(8) a greenhouse gas impact analysis prepared by the applicant, the results of
97	which shall be used to identify and mitigate the impacts of such facilities.
98	d. As part of permit application submittal, the applicant shall demonstrate
99	financial responsibility meeting the requirements of K.C.C. chapter 21A.49. The
100	financial responsibility shall be reviewed as part of the facility's periodic review under
101	K.C.C. 21A.22.050.
102	e. New, modified or expanded fossil fuel facilities shall:
103	(1) not be located within one thousand feet from any schools, medical care
104	facilities, or places of assembly that have occupancies of greater than one thousand
105	persons;
106	(2) not be located within two hundred fifty feet from a regulated wetland or
107	aquatic area, except when a larger buffer is required under K.C.C. chapter 21A.24, the
108	buffer in K.C.C. chapter 21A.24 shall apply;
109	(3) maintain an interior setback of at least two hundred feet;
110	(4) store fossil fuels completely within enclosed structures, tanks, or similar
111	facilities;

- 17 -

112	(5) be accessed directly to and from an arterial roadway; and
113	(6) comply with all applicable regulations in K.C.C. chapter 21A.22.
114	f. Proposals shall only be approved when the following conditions are met:
115	(1) the proposed facility can confine or mitigate all operational impacts;
116	(2) the facility can adequately mitigate conflicts with adjacent land uses;
117	(3) the full scope of environmental impacts, including life cycle greenhouse
118	gas emissions and public health, have been evaluated and appropriately conditioned or
119	mitigated as necessary, consistent with the County's substantive State Environmental
120	Policy Act authority:
121	(4) the applicant can comply with applicable federal and state regulations,
122	including the Clean Water Act, Clean Air Act, and Endangered Species Act;
123	(5) the applicant has demonstrated early, meaningful, and robust consultation

697	- Changes were made in the striking amendment to require certain conditions be
698	met in order to approve a fossil fuel facility (see subsection 27.f. of striker
699	language), to align with the requirements of existing KCCP Policy F-334f.
700	This change is maintained in the line amendment.
701	- Additionally, changes were made to only require an equity impact review
702	once the equity impact review tool has been developed by the County. This
703	change is maintained in the line amendment.
704	- Ordinance 19824 was adopted between transmittal and publication of the
