This loan is a revenue obligation of the Contractor payable solely from the net revenue of the Sanitary Sewer Wastewater system. These terms supersede the terms in Section 2.31. Recapture.

1.15 Reimbursement Procedures and Payment

If funding or appropriation is not available at the time the invoice is submitted, or when this contract is executed, the issuance of warrants will be delayed or suspended until such time as funds or appropriation become available. Therefore, subject to the availability of funds, warrants shall be issued to the Contractor for reimbursement of allowable expenses incurred by the Contractor while undertaking and administering approved project activities in accordance with the declared **SCOPE OF WORK**.

The Board shall reimburse the Contractor for eligible project expenditures up to the maximum loan amount under this contract, as identified in Section 1.8. When requesting reimbursement for costs incurred, the Contractor shall submit a signed and completed Invoice Voucher (Form A19),

referencing the **SCOPE OF WORK** project activity performed, and any appropriate documentation such as bills, invoices, and receipts. The Invoice Voucher must be certified by an official of the Contractor with authority to bind the Contractor.

Each Invoice Voucher must be accompanied by a Project Status Report, which describes, in narrative form, the progress made on the project since the last invoice was submitted, as well as a report of project status to date. The Board will not release payment for any reimbursement request received unless and until the Project Status Report is received. After approving the Invoice Voucher and the Project Status Report, the Board shall promptly remit a warrant to the Contractor.

Requests for reimbursements for costs related to **construction** activities will not be accepted until the Contractor provides:

- Proof of compliance with Governor's Executive Order 05-05 or Section 106 of the National Historic Preservation Act, as described in Section 1.9, and
- A signed Public Works Trust Fund Notice of Contract Award and Notice to Proceed, which follows the formal award of a construction contract.

Payment shall be considered timely if made by the Board within thirty (30) calendar days after receipt of properly completed invoices. Payment shall be sent to the address designated by the Contractor.

The Board may, at its sole discretion, terminate the contract or withhold payments claimed by the Contractor for services rendered if the Contractor fails to satisfactorily comply with any term or condition of this contract.

No payments in advance or in anticipation of services or supplies to be provided under this contract shall be made by the Board.

Duplication of Billed Costs. If the Contractor is entitled to payment or has been or will be paid by another source for an eligible project cost, then the Contractor shall not be reimbursed by the Board for that cost.

Disallowed Costs. The Contractor is responsible for any audit exceptions or disallowed costs incurred by its own organization or that of its subcontractors.

In no event shall the total Public Works loan exceed 100% of the eligible actual project costs. At the time of project completion, the Contractor shall submit to the Board a Project Completion Amendment certifying the total actual project costs and local share. The final Public Works loan disbursement shall bring the total loan to the lesser of 100% of the eligible project costs or the total declared **LOAN AMOUNT**. The Project Completion Amendment shall serve as an amendment to this Contract determining the final loan amount, local share, and interest rate.

In the event that the final costs identified in the Project Completion Amendment indicate that the Contractor has received Public Works Trust Fund monies in excess of 100.00% of eligible costs, all funds in excess of 100.00% shall be repaid to the Public Works Assistance Account by payment to the Department of Commerce, or its successor, together with the submission of the Project Completion Amendment.

1.16 Repayment

Loan repayment installments are due on the day and month identified under the term: **PAYMENT MONTH** on the Declarations Page. Payments are due each year during the term of the loan beginning at the end of the Deferral Period. Interest only will be charged for this payment if a warrant is issued prior to this date. All subsequent payments shall consist of principal and accrued interest due on the specified **PAYMENT MONTH** date of each year during the remaining term of the loan.

Repayment of the loan under this Contract shall include the declared **INTEREST RATE** per annum based on a three hundred and sixty (360) day year of twelve (12) thirty (30) day months. Interest will begin to accrue from the date each warrant is issued to the Contractor. The final payment shall be on or before the "CONTRACT END DATE" shown on the Contract Face Sheet, of an amount sufficient to bring the loan balance to zero.

The Contractor will repay the loan in accordance with the preceding conditions through the use of a check, money order, or equivalent means made payable to the Washington State Department of Commerce, or its successor.

The Board shall notify the Contractor in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Nothing in this section shall affect the Contractor's obligation to repay the unpaid balance of the loan.

These terms supersede the terms in Section 2.40 Termination for Cause/Suspension.

1.19 Termination for Convenience

The Board may terminate this contract in the event that state funds are no longer available to the Board, or are not appropriated for the purpose of meeting the Board's obligations under this contract. Nothing in this section shall affect the Contractor's obligation to repay the unpaid balance of the loan.

These terms supersede the terms in Section 2.41 Termination for Convenience.

1.20 Time of Performance

No later than thirty six (36) months after the date of contract execution the Contractor must reach project completion.

The term of this contract shall be for the entire term of the loan, regardless of actual project completion, unless terminated sooner as provided herein.

2.48 WORK HOURS AND SAFETY STANDARDS

The Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333)-Where applicable, all contracts awarded by recipients in excess of \$100,000 for construction and other purposes that involve the employment of mechanics or laborers must include a provision for compliance with Section 102 and 107 of the Contract Work Hours Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each subcontractor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic is required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

I, _____, hereby certify:

I am an attorney at law admitted to practice in the State of Washington and the duly appointed attorney of the Contractor identified on the Declarations Page of the Contract identified above; and

I have also examined any and all documents and records which are pertinent to the Contract, including the application requesting this financial assistance.

Based on the foregoing, it is my opinion that:

1. The Contractor is a public body, properly constituted and operating under the laws of the State of Washington, empowered to receive and expend federal, state and local funds, to contract with the State of Washington, and to receive and expend the funds involved to accomplish the objectives set forth in their application.
2. The Contractor is empowered to accept the Public Works Trust Fund financial assistance and to provide for repayment of the loan as set forth in the Contract.
3. There is currently no litigation in existence seeking to enjoin the commencement or completion of the above-described public facilities project or to enjoin the Contractor from repaying the Public Works Trust Fund loan extended by the Public Works Board with respect to such project. The Contractor is not a party to litigation which will materially affect its ability to repay such loan on the terms contained in the Contract.
4. Assumption of this obligation would not exceed statutory and administrative rule debt limitations applicable to the Contractor.
