August 24, 2012

The Honorable Melvin R. Sheldon, Jr., Chair
The Tulalip Tribes
6406 Marine Drive
Tulalip, WA 98271-9694

Dear Chair Sheldon:

King County Code requires the King County Department of Transportation (DOT) to notify you of any departmental action that may affect your treaty fishing rights including development of wetlands, stream and river banks, lakeshore habitat of water bodies or development directly or indirectly affecting anadromous bearing water bodies. Such actions encompass the adoption of ordinances.

To satisfy this requirement, DOT is hereby notifying you that the King County Executive is proposing an ordinance that would adopt a 2012 transportation concurrency map and a transportation concurrency travel shed boundaries map update in the Transportation Concurrency Management Program. The maps identify travel sheds for concurrency testing in unincorporated King County and their pass or fail status. Land development proposals can proceed only in areas passing the concurrency test.

The King County Executive will transmit the ordinance to the King County Council in September 2012. The King County Council will review and consider the proposed ordinance as part of the public legislative process. The ordinance and adoption process can be tracked on the following website:

<http://www.kingcounty.gov/transportation/kcdot/Roads/TransportationPlanning/ConcurrencyManagement.aspx>.

By sending this notice, DOT is in no way making any claims as to whether the above-described ordinance will have any effect on your tribe's fishing rights. In satisfying the notice requirement, DOT has chosen to be over-inclusive rather than under-inclusive in selecting proposed ordinances to report.

The Honorable Melvin R. Sheldon, Jr.
