SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:
Examiner's Recommendation:

Approve 16.81 acres for 20% of market value
Approve 16.81 acres for 20% of market value

PRELIMINARY REPORT:

On July 6, 2016, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E16CT009 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on July 19, 2016, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on July 13, 2016.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Vicky de Monterey Richoux PO Box 569 Vashon, WA 98070
Location:	10607 SW Sylvan Beach Road, Vashon
STR:	SW 7-23-3
Zoning:	RA-2.5 and RA-10
Parcel nos.:	0723039016, 8164000030, 8164000025
Total acreage:	17.36 acres

2. The Applicant timely filed an application to King County for PBRS program current use valuation of the property to begin in 2018. As required by law, notification of the application occurred.

3. A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strikethrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisks* represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Aquifer protection area	5
	<i>Buffer to public or current use classified land</i>	3
	<i>*Forest stewardship land*</i>	
	<i>Rural open space</i>	5
	Rural stewardship land	
	Shoreline conservancy environment	
	Significant wildlife or salmonid habitat	5
	Surface water quality buffer	5
	Watershed protection area	5
	<u>Bonus Categories</u>	
	Additional surface water quality buffer	5
	<i>*Conservation easement or historic easement*</i>	
	<i>*Limited public access because of resource sensitivity*</i>	
		<hr/> 33

The DNRP-recommended score of 33 points results in a current use valuation of 20% of market value for the enrolled portion of the property.

Additional credit may be awarded administratively under the forest stewardship land, conservation easement/historic easement, and/or limited public access because of resource sensitivity categories.

Award under the forest stewardship land category is subject to submittal of a forest stewardship plan by **October 3, 2016**, and subsequent approval by **December 31, 2016**. Award of credit under this category would increase the point total by 5 points and may permit allowed forestry activities to occur on the property.

Award under the conservation easement or historic easement category is subject to recording an easement with King County by **December 31, 2016**. Award of credit under this category would increase the point total by 15 points.

Award for the limited public access because of resource sensitivity is subject to submittal of a letter from the Vashon Nature Conservancy documenting present and future use of the property for monitoring coyotes by **December 31, 2016**. Award of credit under this category would increase the point total by 5 points.

Award of any of these categories will increase the points to a level that results in a current use valuation of 10% of market value for the enrolled portion of the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 17.07 acres and DNRP recommends 16.81 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official

parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the July 19, 2016, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 33 points and a current use valuation of 20% of market value for 16.81 acres of the property and conditional approval of up to 25 additional points (which would bring the total to 58 points and 10% of market value for 16.81 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. The subject property is currently enrolled in the Timber Land program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreement for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 20% of market value for the 16.81-acre enrolled portion of the property,

CONDITIONALLY APPROVE additional credit under the forest stewardship land, conservation easement or historic easement, and/or limited public access because of resource sensitivity categories.

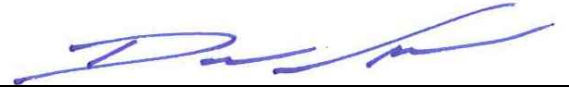

Award under the forest stewardship land category is subject to submittal of a forest stewardship plan by **October 3, 2016**, and subsequent approval by **December 31, 2016**. Award of credit under this category would increase the point total by 5 points and may permit allowed forestry activities to occur on the property.

Award under the conservation easement or historic easement category is subject to recording of an easement with King County by **December 31, 2016**. Award of credit under this category would increase the point total by 15 points.

Award for the limited public access because of resource sensitivity is subject to submittal of a letter from the Vashon Nature Conservancy documenting present and future use of the property for monitoring coyotes by **December 31, 2016**. Award of credit under this category would increase the point total by 5 points.

Award of any of these categories will increase the points to a level that results in a current use valuation of 10% of market value for the enrolled portion of the property.
