**LOCLOMAN
WATER ASSOCIATION**

OFFICE USED
2001 SEP 27 PM 0:49
CLERK
KING COUNTY COUNCIL

14322

King County Council,

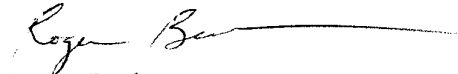

September 26, 2001

Enclosed is a certified check for \$1,000 to be used for franchise rights to access the King County permit process to work on our water system.

The Locloman Water Association is a non-profit corporation with 60 lot owners, currently serving 58 homes. In order to add a home currently under construction we must dig in the street to access water lines which do not reach the site. As the streets were deeded to the county when Locloman was built, we have been told we need franchise rights to purchase permits to work on said streets. Locloman charges only what is necessary to maintain and upgrade the system to current standards.

Thank you in advance for your assistance.

Sincerely,

Roger Bachman
current President of
Locloman Water Association
28610 S.E. 226th Street
Maple Valley, Wa. 98038
