The King County Assessor recommends reducing the assessed value of subject property for the following tax rolls based on the fact that greenhouse #3 was assessed as both real property under account #262605-9083 and personal property under account #01898477.

Per King County Board of Equalization order #BE0201518, the Assessor has removed greenhouse #3 from the real property tax roll for tax year 2002 and later tax rolls.

Attached, please find the Assessor's recommendation for the reduction of the improvement valuation for tax years 1999, 2000, and 2001 for subject parcel #262605-9083.

sincerely,
