Chris,

Thanks for your collaboration and cooperation with Commerce on King County's 2024 periodic update. Based on our discussion and review of submittals, our records indicate that King County only needs to finalize the review and update of its critical areas ordinance. Under the substantial progress exception ([RCW 36.70A.130\(7\)\(b\)](#)), the CAO must be complete on or before December 31, 2025.

Please let us know when you submit the ordinance and have finalized your periodic update.

Thanks,

Jeff
