1 AN ORDINANCE providing for the submission to the
2 qualified electors of King County at a special election to be
3 held in King County on November 8, 2005, of a proposition
4 to provide regional health and human services to residents
5 of King County by authorizing a property tax levy in excess
6 of the levy limitation contained in chapter 84.55 RCW, for
7 a consecutive six year period at a rate of not more than
8 \$0.05 per one thousand dollars of assessed valuation, for
9 the purpose of providing funding to enable the provision of
10 health and human services such as housing, mental health
11 counseling, substance abuse prevention and treatment,
12 employment assistance and other essential regional health
13 and human services for residents of King County and
14 establishing two county citizen oversight boards to review
15 and report on expenditures of levy proceeds, contingent on
16 voter approval of the levy.

18

19 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

20 SECTION 1. Findings:

21 A. Chapter 73.08 RCW is titled "Veterans' Relief" and assigns responsibility for
22 veterans' aid to counties. This provision was originally made in 1888 following the Civil
23 War. RCW 73.08.080 establishes a specific property tax for counties to provide veterans'
24 assistance for eligible veterans and their dependents. This statute requires counties to
25 levy a property tax of between 1.125 cents and 27 cents per one thousand dollars of
26 assessed value for veterans' assistance. This portion of the county's regular property tax
27 levy amount is dedicated to veterans' relief.

28 B. The veterans levy was established by King County and first levied at a rate of
29 \$0.025 per one thousand dollars of assessed value but subsequent changes in state law
30 limiting property tax increases in chapter 84.55 RCW and a recent initiative, Initiative
31 747, have reduced the effective rate. The current millage is approximately \$0.0088 per
32 one thousand dollars of assessed value. Therefore, a home with an assessed value of
33 \$300,000 currently pays approximately \$2.60 a year to support local veterans' assistance
34 programs.

35 C. Approximately 180,900 veterans live in King County representing twenty-
36 seven percent of the state's veterans. The population of veterans in the state is growing
37 and Washington ranks twelfth nationwide for the total number of veterans in the state.

38 D. The federal Department of Veterans Affairs ("DVA") spent nearly
39 \$1,500,000,000 in Washington in 2003 to serve nearly 641,000 veterans who live in the
40 state. Last year, over 85,000 people in Washington received health care and more than

41 94,000 veterans and survivors received disability compensation or pension payments
42 from the DVA. More than 12,000 veterans, reservists or survivors used GI Bill payments
43 for their education over 75,000 veterans, reservists or survivors own homes with active
44 DVA home loan guarantees. And over 2,000 interments have been conducted at Tahoma
45 National Cemetery since it opened in 1997.

46 E. In fiscal year 2003, DVA facilities in Washington had 12,058 inpatient
47 admissions at DVA and contracted community facilities and provided 1,020,972
48 outpatient visits, including community outpatient care. In Washington, DVA operates
49 major medical centers in Walla Walla and Spokane, as well as a two-division facility, the
50 VA Puget Sound Health Care system, in Seattle and Tacoma. VA Puget Sound operates
51 512 beds, with 291 authorized or acute care, 131 nursing home beds, 60 domiciliary beds
52 and 30 residential rehabilitation beds. VA Puget Sound operates a community-based
53 outpatient clinic in Bremerton and contracts primary care with the University of
54 Washington Physicians Network clinics in Shoreline, Federal Way and Woodinville.
55 These clinics serve 3,000 patients. Outpatient clinics provide primary and in some cases
56 mental health care, while specialty care is provided at the medical center.

57 F. The Veterans Integrated Service Network ("VISN") 20, which includes
58 Alaska, Idaho, Oregon and Washington, reported the highest percentage of homeless
59 veterans hospitalized for mental health reasons at nearly fifty percent, compared with
60 VA's national average of twenty-eight percent. The network ranked fifth in the nation for
61 the percentage of homeless veterans with acute psychiatric disorders and fourth in the
62 nation for admissions of homeless veterans with substance abuse problems, which is
63 nearly double the national average.

64 G. The Puget Sound region has a growing homeless population, estimated to be
65 as many as 8,000 on any given night. The DVA estimates that there are as many as 2,800
66 homeless veterans in the Puget Sound region. In King County the estimate is around
67 1,500 to 1,600 homeless veterans based on an overall homeless population of 6,500.
68 Many factors contribute to the problem of homelessness among veterans.
69 Unemployment, chemical and substance abuse and mental illness are prominent among
70 them.

71 H. The National Center for Post Traumatic Stress Disorder ("PTSD") estimates
72 that thirty percent of men of women who have served in the military during conflict will
73 suffer from mental illness. PTSD can cause problems such as memory and cognitive
74 disorders, inability to function in social or family life, severe depression and occupational
75 instability. Substance abuse is an extremely common form of self-medication in those
76 suffering from PTSD, according to the center's studies.

77 I. According to the DVA, about forty-eight percent of homeless veterans suffer
78 from mental illness and slightly more than sixty-eight percent have suffered from drug or
79 alcohol or drug abuse problems. Thirty-five percent have both psychiatric and substance
80 abuse disorders. As the largest and most complex medical center in the VISN 20
81 network, VA Puget Sound Health Care system reported the highest percentage of
82 homeless veterans in its acute mental health programs.

83 J. According to the DVA, across the nation one-third of adult homeless men and
84 nearly one-quarter of all homeless adults have served in the armed forces. More than
85 299,000 veterans may be homeless on any given night and as many as 500,000 may
86 experience homelessness during a year. Many other veterans are considered at risk

87 because of poverty, lack of support from family and friends and precarious living
88 conditions in overcrowded or substandard housing.

89 K. According to the National Coalition for Homeless Veterans, despite statutory
90 requirements and annual increases in the Veterans Health Administration budget each
91 year, the VA's mental health and addiction treatment capacity has deteriorated. Closures
92 or curtailment of inpatient psychiatric and residential substance abuse rehabilitation
93 facilities have not been counteracted by complementary increases in outpatient treatment
94 capacity. According to the VA Committee on the Care of Veterans with Serious Mental
95 Illness, VA spending on mental health and addiction services has declined by eight
96 percent over the past seven years, and by twenty-five percent when adjusted for inflation.

97 L. The VA reports that since the start of war in Iraq in March, 2003 more than
98 26,000 men and women in the military have applied to receive their benefits. Fully a
99 third of those claims have still not been processed.

100 M. The annual operating budget for King County's veterans' program is
101 approximately \$2,100,000. The operating budget currently funds seven full-time
102 employees, contract services and direct aid for eligible veterans.

103 N. King County's veterans services include:

104 1. Financial aid and emergency assistance for rent, food, utilities, medical needs
105 and burial;

106 2. Employment services such as job placement, career counseling, job training;
107 transportation and employment support services, such as clothing and tools;

108 3. Mental health counseling, including crisis and PTSD counseling and
109 intervention services; and

110 4. Case management services, which provide assistance for those needing
111 transitional or permanent housing, claims or help getting into treatment programs.

112 O. King County also contracts for veteran services to provide long-term housing,
113 short-term housing, treatment for trauma, homeless prevention, veterans' incarcerated
114 prevention and other programs.

115 P. The county's current expense fund faces continuing challenges in future years,
116 including anticipated shortfalls in 2006 and 2007 in excess of twenty million dollars each
117 year. As a discretionary service under state law, human service funding is threatened
118 with significant additional cuts if they remain reliant primarily on current expense
119 funding.

121 ordinance unless the context clearly require otherwise.
