

CONCEPTUAL STRIKER for BSK Assessment Report (PM 2020-0200)

1. Adds language to direct the executive to develop the BSK Assessment Report in consultation with the Regional Policy Committee
2. Provide more specificity about what information is being requested to be included in the assessment regarding the goals, strategies, and programs in the first years of BSK
3. Requires the report to include an analysis of levy proceeds used to fund technical assistance and capacity building
4. Requires the report to include the rationale for any unspent or reallocated levy funds
5. Adds language that directs the executive to explore goals and strategies that could be incorporated in an increased or expanded levy
6. Adds “efforts focused on equity and social justice, including racial justice” to the list of new or revised goals or strategies that should be considered in a renewed, increased or expanded levy
7. Requires that the analysis of investments by geographic area include zip code-level data of persons served
