Motion 16900

Proposed No. 2025-0327.1

Sponsors Balducci

1 A MOTION requesting the wastewater treatment division
2 implement a sewer rate and capital work plan to continue to
3 improve engagement, transparency, and accountability.

4 WHEREAS, the wastewater treatment division protects public health and the
5 environment by collecting and treating wastewater, and

6 WHEREAS, King County charges a sewer rate to the contract agencies that
7 deliver wastewater to King County for treatment and discharge, and

8 WHEREAS, sewer rate revenue is the wastewater treatment division's primary
9 funding source, and

10 WHEREAS, the monthly sewer rate revenue collected by the county goes to
11 support all wastewater treatment division expenses, including operating costs, debt
12 service, and capital expenses, and

13 WHEREAS, while rate increases are necessary to maintain and improve the
14 system, increases must be balanced with affordability for ratepayers, and

15 WHEREAS, the sewer rate increase is projected to be 12.75 percent in 2027 and
16 in 2028, and 13.5 percent in 2029, 2030, and 2031, and

17 WHEREAS, the council is deeply concerned that the projected rate increases will
18 no longer be affordable, including and extending beyond low-income ratepayers, and

Motion 16900

19 WHEREAS, as the cost of living in the Central Puget Sound region continues to
20 outpace the national average, as utility bills grow, and income disparity increases, many
21 utility customers struggle to pay bills, and

22 WHEREAS, the process of setting sewer rates should be transparent, equitable,
23 data-driven, and reflective of both current system needs and long-term infrastructure
24 investment, and

25 WHEREAS, independent, third-party oversight of the wastewater treatment
26 division's capital improvement program can promote transparency and identify
27 opportunities for improvement, and

28 WHEREAS, the King County council passed Motion 16410 requesting the
29 wastewater treatment division research and identify methodologies to forecast the long-
30 term costs of its capital improvement needs, and

31 WHEREAS, the King County council passed Motion 16449 requesting the
32 wastewater treatment division develop and maintain a long-term financial and sewer rate
33 forecast, and

34 WHEREAS, the wastewater treatment division continues to improve the
35 methodology and the long-term capital forecasting related to the sewer rate, and

36 WHEREAS, decision makers desire information from the wastewater treatment
37 division to facilitate informed discussions on the policy decisions related to the sewer
38 rate, and

39 WHEREAS, in accordance with RCW 35.58.210 and K.C.C. 28.82.510 the
40 function of the metropolitan pollution abatement advisory committee is to advise the

Motion 16900

41 King County council on matters relating to the performance of the water pollution
42 abatement function, and

43 WHEREAS, the metropolitan pollution abatement advisory committee, regional
44 water quality committee, and cities of Bellevue, Kirkland, and Seattle have submitted
45 comment letters in response to the 2026 sewer rate and capacity charge to the King
46 County council, identifying significant concerns about affordability and transparency,
47 and

48 WHEREAS, the wastewater treatment division, in consultation with the regional
49 water quality committee, has developed the attached work plan to improve the rate
50 development process in response to the comment letters submitted in response to the
51 2026 sewer rate, and

52 WHEREAS, in accordance with Section 270.30 of the King County Charter and
53 K.C.C. 1.24.065, the regional water quality committee developed this motion to be
54 proposed to the King County council;

55 NOW, THEREFORE, BE IT MOVED by the Council of King County:

56 A. The wastewater treatment division is requested to implement the work plan,
57 included as Attachment A to this ordinance, to continue to improve engagement,
58 transparency, and accountability in the sewer rate-setting process.

59 B. The wastewater treatment division is requested to provide briefings to the

Motion 16900

- 60 regional water quality committee on the status of the implementation of the work plan by
61 January 2026 and July 2026.

Motion 16900 was introduced on 10/7/2025 and passed by the Metropolitan King County Council on 11/4/2025, by the following vote:

Yes: 9 - Balducci, Barón, Dembowski, Dunn, Mosqueda, Perry, Quinn, von Reichbauer and Zahilay

Motion 16900

Major Recommendations from RWQC Letter	Wastewater Treatment Division Tasks	Working Timeline
1. Meaningful and Timely Engagement in Development of Sewer Rate. For the 2027 rate process and on-going, Wastewater Treatment Division (WTD) should implement an updated rate process that includes: a. Regular discussions throughout the year with the Metropolitan Water Pollution Abatement Advisory Committee (MWPAAC), Regional Water Quality Committee (RWQC), and King County Council at the relevant level of detail for each body on key factors and assumptions affecting the rate and forecast. This includes transparency on capital improvement program assumptions. b. Time for more in-depth review and understanding of costs, discussion of specific rate scenarios/options, and effects during rate discussions with MWPAAC, RWQC, and other stakeholders, at the relevant level of detail for each body. c. Ensure that the long-term rate forecast methodology requested by Motion 16449 is used to develop scenarios to evaluate options.	- To promote meaningful and timely engagement, WTD will host regular meetings with MWPAAC and/or its subcommittees to review: 10-year Capital Improvement Program. - Project prioritization, including transparency on how decisions are made and policy drivers of capital prioritization. - Timely updates on changes in large project costs that may impact rates as information becomes available. - Expenditure forecast assumptions and impacts to different types of projects across the capital program. - Work with King County Executive's Office to schedule early 'look ahead' presentations on known and potential factors affecting the 2027 rate proposal and forecast. - As part of the 2027 rate proposal, include options for multiple rate scenarios, including those that offer various capital portfolio options. Scenarios should detail tradeoffs and associated risks and benefits. This should include a discussion about the level of service WTD is able to deliver under each option. - The report on long-term forecasting model required by Motion 16449 was presented to RWQC in September 2025. To increase transparency and credibility in the long-term forecasting model, WTD will work with a MWPAAC work group to identify the model details that should be shared and further refined in order to improve understanding of the assumptions, formulas, data sets, and policy implications embedded in the long-term rate model and allow for	Q4 2025 and ongoing Q1/Q2 2026 Q2 2026 Q3 2025 and ongoing

	informed questions. The MWPAAC work group should identify areas of improvement to continue to align with industry best practices to inform suggestions for improvements. • Work with MWPAAC Executive Board member(s) to develop a process for members to observe WTD Capital Portfolio management staff meetings while not hampering WTD's process and progress.	Q1/Q2 2026
2. Early visibility and transparency on large project planning. Develop mechanisms for MWPAAC and RWQC to engage in the planning and development process for large capital projects prior to decision-making to improve knowledge and confidence.	• Develop and implement a process for MWPAAC and RWQC (as requested) to review a limited number of large capital projects selected by MWPAAC that substantively affect the rate. These reviews will happen at key phases in the development of these selected projects, including concept definition, alternatives analysis, alternative selection, and final design. Each engagement will create an opportunity to influence outcomes by collaboratively discussing comments and questions with WTD before a decision in each phase identified above is finalized.	Q1 2026
3. Improve multi-year rate predictability. Develop options and implement a mechanism to improve rate predictability to help partner agencies better plan and lessen large changes in rate proposals, especially for the first three years of the rate. A multi-year rate would provide more time for an in-depth review and understanding of costs and how investments are prioritized, and discussion of options and tradeoffs.	• Prepare and deliver options for multi-year rate predictability, including options for a multi-year rate commitment. Options should be prepared in discussion with MWPAAC’s Executive Board and partner agencies and in coordination with King County Executive’s Office and county budget process. Any multi-year option should include a process for WTD to update the rate if there are significant changes that impact the rate forecast.	Q3 2025 – Q2 2026 (Options identified by end 2025 and multi-year rate implementation by end of Q2 2027 for 2028 and 2029 rates)

4. Evaluate regulatory requirements and develop options to address financial sustainability. Evaluate consent decree and permit deadlines for major projects and investments associated with multiple and concurrent requirements and identify options to address financial sustainability while optimizing water quality benefits and maintaining permit compliance.	- Evaluate the costs/benefits of seeking regulatory changes to improve the environmental and financial sustainability of the regional system. - Coordinate on outreach plan with local agency partners, to state and federal government. The outreach plan should address regulatory issues and funding availability from state and federal agencies.	Q3 2025 – 2026 Q3 2025 – 2026
5. Independent, third-party oversight. Provide for independent third-party review for WTD's capital program, including <i>mega</i> capital projects such as the Mouth of Duwamish Combined Sewer Overflow Program.	Develop a proposal in coordination with MWPAAC's Executive Board for review by the Executive's Office to procure an independent consultant to review WTD's capital program, including large capital projects.	Q4 2025 – Q2 2026
6. Regional Utility Affordability Summit. In partnership with local municipal leaders, prepare a multi-jurisdictional summit to address affordability and access to essential utilities.	- Work with RWQC, Sound Cities Association, Seattle, and sewer districts to bring a wastewater perspective to the development and planning of the regional utility affordability summit. - Identify and implement resources to execute follow-up steps agreed upon at the summit. - Develop public engagement strategy for rate payers in coordination with local contract agencies to explain why wholesale WTD rates are increasing and provide opportunities for public engagement.	Q3 2025 – Q1 2026 Q4 2025-Q1 2026 Q1 2026

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, King County-Department of 02 (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact King County-Department of 02:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: cipriano.dacanay@kingcounty.gov

To advise King County-Department of 02 of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at cipriano.dacanay@kingcounty.gov and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from King County-Department of 02

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to cipriano.dacanay@kingcounty.gov and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with King County-Department of 02

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to cipriano.dacanay@kingcounty.gov and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify King County-Department of 02 as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by King County-Department of 02 during the course of your relationship with King County-Department of 02.
