Executive Committee**GMPC MOTION 25-1**

A MOTION to amend the King County Countywide Planning Policies,
amending the growth target and housing need tables for the cities of
Carnation and Snoqualmie.

WHEREAS, the King County Countywide Planning Policies were adopted and ratified by the
King County Council by Ordinance 19384 on December 21, 2021, and ratified by the cities in King
County on April 6, 2022; and

WHEREAS, the King County Countywide Planning Policies adopted new housing unit and
employment growth targets for unincorporated King County and all cities within King County; and

WHEREAS, Development Patterns policies 13 and 14 (DP-13 and DP-14) within the King
County Countywide Planning Policies were also amended to state that the Growth Management Planning
Council shall create a coordinated countywide process to reconcile growth targets that implements the
Puget Sound Regional Council's VISION 2050 Regional Growth Strategy and Regional Growth Strategy
Action Nine (RGS-Action-9), and that jurisdictions shall use the adopted growth targets as land use
assumptions in comprehensive plans; and

WHEREAS, reconciling growth targets, or a "reconciliation process," amends growth targets to
be consistent with comprehensive plan land use assumptions; and

WHEREAS, the Washington State Legislature adopted House Bill 1220 in 2021, which amended
the Growth Management Act to require jurisdictions to plan for and accommodate housing affordable to
all income segments of the population, and resulted in other substantive changes to how jurisdictions plan
for housing in the housing element of their comprehensive plan; and

WHEREAS, the King County Countywide Planning Policies were amended by King County
Council through Ordinance 19660 adopted August 15, 2023, and ratified November 30, 2023, to support
comprehensive planning under House Bill 1220, in part by establishing housing need by income for cities
and unincorporated King County that, in sum, equates to a jurisdiction's housing growth target; and

03/26/2025
GMPC Motion 25-1

WHEREAS, in 2022 and 2023, after growth targets were adopted and before the due date for periodic update of comprehensive plans, the Washington State Legislature adopted additional amendments to the Growth Management Act through House Bills 1241 and 1110, increasing urban residential capacity and affecting how jurisdictions plan for growth; and

WHEREAS, in March 2024, the City of Snoqualmie notified the King County Growth Management Planning Council that it was requesting the Growth Management Planning Council conduct a reconciliation process as described in Countywide Planning Policy DP-13 to amend its housing growth target; and

WHEREAS, the Growth Management Planning Council began its discussion of a reconciliation process at their March 27, 2024, meeting, weighing the consequences of conducting a reconciliation process, including when such a process was warranted; and

WHEREAS, at its July 24, 2024 meeting, the Growth Management Planning Council identified a set of guiding principles that establish criteria for holding a reconciliation process and evaluating requests, including:

1. Reconciliation/amendments may be pursued when significant changes to the planning framework or local circumstances that could not have been anticipated have occurred since target adoption.
2. Reconciliation/amendments may be allowed where adherence to the adopted targets creates a conflict with other Growth Management Act goals (e.g., environmental issues, infrastructure to serve growth).
3. Jurisdictions are responsible for demonstrating need, consistent with the threshold and principles for reconciliation, for the requested target change.
4. Jurisdictions should directly request reconciliation or amendment of their target.
5. Amended targets must further King County's alignment with the Regional Growth Strategy and protect the integrity of the growth target setting process.

03/26/2025
GMPC Motion 25-1

6. Growth Management Planning Council staff will coordinate with the Puget Sound Regional Council and Commerce to minimize any risk to plan certification.

7. Growth targets should only be redistributed when countywide housing needs are addressed.

8. Reconciliation should limit impacts to jurisdictions not requesting amended targets; and

WHEREAS, at its July 24, 2024, the Growth Management Planning Council directed staff to canvas King County jurisdictions for interest in reconciliation and seek written requests from interested jurisdictions; and

WHEREAS, in August 2024, Carnation and Snoqualmie submitted detailed requests to the Growth Management Planning Council to decrease their housing growth targets to 350 and 719 housing units, respectively, and adjust the associated housing need; and

WHEREAS, the Growth Management Planning Council considered these requests against the guiding principles for reconciliation, the related King County Countywide Planning Policies, and the related VISION 2050 Multicounty Planning Policies; and

WHEREAS, the Growth Management Planning Council determined that significant and unanticipated changes to King County's planning framework and local circumstances have occurred since growth targets were adopted, and that the requests from Carnation and Snoqualmie met the criteria stipulated in the guiding principles for reconciliation process; and

WHEREAS, while reducing housing growth targets and related housing need decreases King County's overall housing growth allocation, it is offset by additional housing added by other jurisdictions during the 2021 growth target setting process, the reconciled housing growth targets are consistent with the 2021 target setting process, and the requested reduction in growth targets improves King County's alignment with the VISION 2050 Regional Growth Strategy for the Cities and Towns Regional Geography; and

WHEREAS, the GMPC recognized that reconciling growth targets could be a precedent setting action, and as such, directed that this reconciliation process does not establish a precedent or permanent process;

03/26/2025
GMPC Motion 25-1

NOW, THEREFORE, BE IT MOVED that the Growth Management Planning Council:

A. Recommends approval of amendments to the King County Countywide Planning Policies amending growth targets and housing need for the cities of Carnation and Snoqualmie, included with this motion as Attachment A; and

B. Recommends that in 2026, its staff analyze comprehensive plan growth assumptions and reported capacity after the periodic update of comprehensive plans is complete to inform required monitoring of the Countywide Planning Policies, the next version of the Urban Growth Capacity Report, and growth targets and housing need that support the 2034 periodic update; and

C. Recommends that in 2025 through 2026, if requested and consistent with the Growth Management Planning Council's guiding principles for reconciliation, its staff will support a jurisdiction that seeks to increase housing growth targets and housing need in the amounts removed during this reconciliation process to ensure alignment with regional and countywide policy and pursue available grant funding opportunities.

²The countywide need projections are derived from the Washington State Department of Commerce and were adjusted to align with the adopted housing growth targets for the planning period to ensure jurisdictions are planning for growth that is consistent with the goals of the Development Patterns Chapter.

³ "Emergency Housing" includes emergency housing and emergency shelter and is in addition to permanent housing needs.

⁴ Data on baseline housing supply is estimated using 2020 Office of Financial Management data on total housing units, and 2014-2018 Comprehensive Housing Affordability Strategy and 2020 Public Use Microdata Sample data on the distribution of units at different income levels. These data sources are used to align with Department of Commerce countywide need baseline data, even though the King County growth target setting process began in 2019.

⁵ Beaux Arts Village and Hunts Point both have growth targets of one unit, meaning their total need allocated is also one unit. The allocation process divides that unit up into multiple area median income bands, but to get need allocations that are whole numbers, we round all allocations in each area median income band and the emergency housing/shelter category.

In the Countywide Planning Policies Appendix 4: Housing Technical Appendix, starting on page 75, amend as follows:

To arrive at countywide net new permanent housing needs for by income level and permanent supportive housing, King County selected the net new units needed from Commerce's medium projections and scaled the net new units needed proportionately to equal King County's housing growth target to build on and maintain consistency with the population projection and assumptions about regional growth. The 2025 reconciliation process reduced housing growth targets for the cities of Carnation and Snoqualmie. To meet the Department of Commerce's minimum standards for allocating housing need, the total housing need for these two cities is slightly higher than either city's housing growth target.

In the Countywide Planning Policies Appendix 4: Housing Technical Appendix, starting on page 77 , amend as follows:

⁷ The countywide need projections are derived from the Washington State Department of Commerce and were adjusted to align with the adopted housing growth targets for the planning period to ensure jurisdictions are planning for growth that is consistent with the goals of the Development Patterns Chapter.

⁸ "Emergency Housing" includes emergency housing and emergency shelter and is in addition to permanent housing needs.

⁹ Data on baseline housing supply is estimated using 2020 Office of Financial Management data on total housing units, and 2014-2018 Comprehensive Housing Affordability Strategy and 2020 Public Use Microdata Sample data on the distribution of units at different income levels. These data sources are used to align with Department of Commerce countywide need baseline data, even though the King County growth target setting process began in 2019.

¹⁰ Beaux Arts Village and Hunts Point both have growth targets of one unit, meaning their total need allocated is also one unit. The allocation process divides that unit up into multiple area median income bands, but to get need allocations that are whole numbers, we round all allocations in each area median income band and the Emergency Housing/Shelter category.

From time to time, King County-Department of 02 (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
