Proposed No. 2024-0187.1

1 AN ORDINANCE approving the City of Snoqualmie

2 Water System Plan dated November 2023.

3 STATEMENT OF FACTS:

4 1. King County has adopted K.C.C. chapter 13.24, which requires
5 approval of comprehensive plans for water and sewer utilities that provide
6 service in unincorporated King County as a prerequisite for operating in
7 unincorporated King County, receiving approval for annexation proposals,
8 being granted right of way franchises, and being given approval for right
9 of way construction permits. K.C.C. chapter 13.24 prescribes the
10 requirements for approval of such plans, including consistency with state
11 and local planning requirements.

12 2. The city of Snoqualmie's last water system plan was approved in 2013.
13 King County regulations require water system plans to be updated every
14 six years.

15 3. The city of Snoqualmie's water system has a service area within
16 unincorporated King County and has adopted a water comprehensive plan
17 update ("the plan").

18 4. King County has adopted a Comprehensive Plan that includes water
19 supply policies in its provisions for facilities and services, which are
20 policies F-210, F-231 through F-254, that call for consistency with other

Ordinance 19817

21 adopted plans, support for regional water supply planning, pursuit of
22 reclaimed water, water conservation, and protection of water resources.

23 5. K.C.C. chapter 13.24 requires the utilities technical review committee
24 to review and make a recommendation to the King County executive and
25 council on the plan, the requirements under K.C.C. chapter 13.24, and
26 consistency with the King County Comprehensive Plan. The utilities
27 technical review committee has reviewed the planning data and system
28 operations and has found:

29 a. The growth projections in the plan are not currently consistent with
30 the growth targets adopted through the 2021 King County Countywide
31 Planning Policies. The city adopted Resolution No 1680 which seeks a
32 revised 2044 housing growth target and formally requests a King County
33 reconciliation of the established target. Furthermore, the plan states it will
34 be reviewed in the future for consistency with the city's required Growth
35 Management Act comprehensive plan update;

36 b. A portion of the system's service area is in unincorporated King
37 County;

38 c. The plan identifies a water source capacity deficiency by 2030.
39 Additional information was provided to the utilities technical review
40 committee relative to the city's water supply that is not currently in the
41 plan which illustrates the projected annual water usage is greater than the
42 actual annual water usage by the system, and there does not appear to be
43 an increase in water usage despite an increased population;

Ordinance 19817

44 d. The Washington state Department of Health, Office of Drinking
45 Water correspondence notes that the water system will have a source
46 capacity deficiency by 2030 that will need to be resolved in a subsequent
47 water system plan that is reviewed and approved prior to 2030;

48 e. The plan is consistent with applicable Washington state water quality
49 laws; and

50 f. The plan is consistent with other pertinent county adopted plans and
51 policies.

52 6. Washington state Department of Health approval is pending upon King
53 County's approval of the plan.

54 7. Under the State Environmental Policy Act, the city completed an
55 environmental checklist and issued a SEPA Addendum on March 6, 2023,
56 to the DNS issued on June 25, 2012, for adoption of the 2012 Snoqualmie
57 water system plan.

58 8. The city's operations, facilities, and planning meet the requirements of
59 the King County Code and takes affirmative steps to achieve consistency
60 with the King County Comprehensive Plan through a request to amend the
61 city's growth targets as adopted through the King County Countywide
62 Planning Policies. The utilities technical review committee has
63 recommended approval of the plan through the year 2030 and subject to a
64 subsequent water plan being reviewed and approved before 2030.

65 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

Ordinance 19817
