

TECHNICAL CORRECTIONS OVERVIEW

This package documents technical corrections needed to update the 2009 High Conservation Value Property Inventory, as amended in 2015, to reflect current and accurate information.

These changes are already incorporated into the updated inventory list and maps for the High Conservation Value Properties presented in Attachment A.

This package consists of:

- Technical Corrections Overview
- Technical Corrections Summary Table (alphabetical by site)
- Technical Corrections Maps (alphabetical by site)

TECHNICAL CORRECTIONS CATEGORIES

The changes fall into the following two main categories “Map Corrections” and “Inventory Error Corrections.” The following pages describe the technical corrections in detail by site; there are corresponding maps documenting the changes (except for site name changes).

1. MAP CORRECTIONS

a. Parcel Redraws

Parcel boundaries were redrawn during GIS shapefile updates by Assessor’s Office, affecting spatial depiction of a parcel in GIS but not changing legal description. The redrawn parcels better depict river shoreline, road edge, or correct a past error in parcel depiction. Only changes that resulted in >0.01 acre have been documented.

b. Parcel Number Changes

Parcel number was changed by the Assessor’s Office.

c. Ownership Interest Changes

Easement was listed on an earlier High Conservation Value Property Inventory; King County subsequently acquired fee title to the property.

d. Site Name Changes

Site name was changed by King County Parks.

e. Inventory List Errors

Inventory map contained parcels that were accidentally omitted from previous inventory update.

2. INVENTORY ERROR CORRECTIONS

Correcting the inventory to remove a property interest that was included in by error; we did not hold title to that property interest at the time of the last inventory adoption.

“PARCEL REDRAW” DETAILS

The acreage changes due to “Parcel Redraws” are indicated on the maps as follows:

Map Legend	Description	Guide to Acreage Listed on Map
 Portion removed due to parcel redraw	Depicts land that was removed from the edges of an HCV (High Conservation Value) Inventory parcel due to parcel boundary redraw by Assessor’s Office.	- X.XX e.g. -0.04 The number indicates the total acreage removed from that parcel (totaling the changes along all edges)
 Portion added due to parcel redraw	Depicts land that was added to the edges of an HCV Inventory parcel due to parcel boundary redraw by the Assessor’s Office	+ X.XX e.g. +0.04 The number indicates the total acreage added to that parcel (totaling the changes along all edges)
 Parcel redraw affecting two HCV parcels (<i>HCV=High Conservation Value Inventory</i>)	Acreage change affects two HCV Inventory parcels – typically an internal change by which the acreage lost from one parcel is gained by the other.	(X.XX) e.g. (0.04) The number indicates the change affecting the two adjacent parcels (representing the amount lost from one parcel and gained by adjacent parcel)

TECHNICAL CORRECTIONS SUMMARY TABLE

Count	Site Name	1. MAP CORRECTIONS				2. INVENTORY ERROR CORRECTIONS	
		a. Parcel Redraws	b. Parcel Number Changes	c. Ownership Interest Changes	d. Site Name Changes	e. Inventory List Errors	Inventory Error Corrections
1	Big Bend Natural Area	Assessor's Maps more accurately redrawn with current information (see map).					
2	Big Spring/Newaukum Creek Natural Area - technical corrections are listed below by map name						
2a	Big Spring/Newaukum Creek Natural Area - 236th Ave SE and SE 424th St			King County acquired fee simple interests in portions of former parcel 1520069029 (9/23/2019). Reassigned to parcel 1520069100 in 2019 and recommended for inclusion in HCVP inventory. Remaining Conservation Easement interest retained as parcel 1520069100.			
2b	Big Spring/Newaukum Creek Natural Area - East	Assessor's Maps more accurately redrawn with current information (see map).		Portion of parcel 1420069014 Conservation Easement interest acquired by King County 11/12/2003. Fee Simple interest acquired by King County 2/8/2019. Area included in HCVP inventory under parcel 1420069014 in 2015.			
3	Black Diamond Open Space - technical corrections are listed below by map name						
3a	Black Diamond Open Space - SE 288th St	Assessor's Maps more accurately redrawn with current information (see map)					
3b	Black Diamond Open Space - East	Assessor's Maps more accurately redrawn with current information (see map)					
4	BN Peninsula Natural Area and Wetland 79 Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
5	Boxley Creek Site	Assessor's Maps more accurately redrawn with current information (see map)					
6	Camp River Ranch	Assessor's Maps more accurately redrawn with current information (see map)			Name changed from "Girl Scouts Totem Council" to "Camp River Ranch"		
7	Carey Creek Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
8	Cedar Creek Park	Assessor's Maps more accurately redrawn with current information (see map)			Name changed from "Cedar Downs Site" to "Cedar Creek Park"		
9	Cold Creek Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
10	Cougar Mountain Regional Wildland Park - technical corrections are listed below by map name						
10a	Cougar Mountain Regional Wildland Park - 166th Way SE	Assessor's Maps more accurately redrawn with current information (see map)					
10b	Cougar Mountain Regional Wildland Park - 172nd Ave SE	Assessor's Maps more accurately redrawn with current information (see map)					

TECHNICAL CORRECTIONS SUMMARY TABLE

10c	Cougar Mountain Regional Wildland Park - Sky Country Trailhead	Assessor's Maps more accurately redrawn with current information (see map)					
11	Crow Marsh Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
12	Dorre Don Reach Natural Area - technical corrections are listed below by map name						
12a	Dorre Don Reach Natural Area - East Parcel	Assessor's Maps more accurately redrawn with current information (see map)					
12b	Dorre Don Reach Natural Area - North Parcels	Assessor's Maps more accurately redrawn with current information (see map)					
12c	Dorre Don Reach Natural Area - South Parcels	Assessor's Maps more accurately redrawn with current information (see map)					
12d	Dorre Don Reach Natural Area - West Parcels	Assessor's Maps more accurately redrawn with current information (see map)					
13	Fall City Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
14	Grand Ridge Park - technical corrections are listed below by map name						
14a	Grand Ridge Park - Grand Ridge Drive	Assessor's Maps more accurately redrawn with current information (see map)					
14b	Grand Ridge Park - Water Tower Parcel	Assessor's Maps more accurately redrawn with current information (see map)					
15	Green River Natural Area - technical corrections are listed below by map name						
15a	Green River Natural Area - Center East	Assessor's Maps more accurately redrawn with current information (see map)					
15b	Green River Natural Area - Center West	Assessor's Maps more accurately redrawn with current information (see map)					
15c	Green River Natural Area - Southwest	Assessor's Maps more accurately redrawn with current information (see map)					
15d	Green River Natural Area - West	Assessor's Maps more accurately redrawn with current information (see map)					
16	Griffin Creek Natural Area - technical corrections are listed below by map name						
16a	Griffin Creek Natural Area - East	Assessor's Maps more accurately redrawn with current information (see map)					
16b	Griffin Creek Natural Area - West	Assessor's Maps more accurately redrawn with current information (see map)					
17	Lower Peterson Creek Corridor Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
18	Middle Evans Creek Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
19	Middle Fork Snoqualmie Natural Area - technical corrections are listed below by map name						

TECHNICAL CORRECTIONS SUMMARY TABLE

19a	Middle Fork Snoqualmie Natural Area - East	Assessor's Maps more accurately redrawn with current information (see map)					
19b	Middle Fork Snoqualmie Natural Area - West	Assessor's Maps more accurately redrawn with current information (see map)					
20	Mouth of Taylor Natural Area - technical corrections are listed below by map name						
20a	Mouth of Taylor Natural Area - 221st Ave SE and SE 197th Pl	Assessor's Maps more accurately redrawn with current information (see map)					
20b	Mouth of Taylor Natural Area - North	Assessor's Maps more accurately redrawn with current information (see map)					
20c	Mouth of Taylor Natural Area - South	Assessor's Maps more accurately redrawn with current information (see map)					
21	Patterson Creek Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
22	Peterson Lake Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					According to the deed, Petrovitsky Road right of way was never part of KC ownership, so this area that crosses parcel 0522069009 should not have been part of the HCVP.
23	Rock Creek Natural Area	Assessor's Maps more accurately redrawn with current information (see map)					
24	Shadow Lake Natural Area			King County acquired fee simple interest of parcel 1822069002 (2/7/2015), which had previously been shown as easement interest in HCVP inventory.			
25	Shinglemill Creek Natural Area						In 2016, a portion of parcel 1923039026 that had formerly been shown as part of the parcel was changed to a road right of way. Assessor maps of the area now reference County Ordinance 18723 (recording number 20180511000364), vacating this area as a road right of way. The deed for the County conservation easement does not appear to reference this area, so its inclusion in the 2015 HCVP inventory was in error.
26	Snoqualmie Forest - Section 5-25-9	Assessor's Maps more accurately redrawn with current information (see map)					
27	Three Forks Park	Assessor's Maps more accurately redrawn with current information (see map)					
28	Tokul Creek Forest	Assessor's Maps more accurately redrawn with current information (see map)					
29	Tokul Creek Forest and Snoqualmie Forest	Assessor's Maps more accurately redrawn with current information (see map)

1823039187

AY SW

This area was shown as a portion of parcel 1923039026 from before 1998 until 2016, when it was shown as a road right of way.

Apparently this portion was never a part of parcel 1923039026. Assessor maps of the area now reference a County Ordinance 18723 (recording number 20180511000364), vacating this area as a road right of way.

The deed for the County conservation easement does not appear to reference this area either, so the assumption is its inclusion in the 2015 HCVP inventory was in error.
