Open Space – River Corridors Grant Program

Implementation Guidelines for Project Criteria, Eligibility, Selection Process and Administration of Grants

August 23, 2020

6 Background

4

5

- 7 In 2019, as part of the King County parks, recreation, trails and open space levy, voters approved
- 8 up to \$22 million in Parks Levy proceeds to create the Open Space River Corridors Grant
- 9 Program to provide moneys for flood risk reduction, habitat restoration, open space, and
- 10 recreation in river corridors. The purpose of this program is to incentivize projects that integrate
- 11 multiple attributes of projects inside river corridors such as flood control, habitat, passive
- 12 recreation, and trails. The moneys from this program will be used to protect and enhance those
- 13 critical lands adjacent to rivers.
- 14 By providing levy proceeds to local and tribal governments, non-profits, as well as management
- 15 districts, King County seeks to deliver projects that help to restore the natural functions of rivers
- 16 and the benefits they provide to our natural environment and communities.

17 Eligibility Criteria

18 <u>Eligible Project Types</u>

Projects must protect or enhance riparian lands for public purposes or provide or improve publicaccess to the waterbody. Eligible activities include:

- 21 1. Land Acquisition
- 22 2. Preconstruction
- 23 3. Feasibility and Design
- 24 4. Construction
- 25 5. Project-specific outreach and education.
- All projects must be geographically located within King County.
- 27 <u>Eligible Entities</u>
- 28 The following entities are eligible to be recipients of the Open Space River Corridors Grant :
- 29 1. King County, towns, and cities
- 30 2. Tribal organizations serving residents of King County
- 31 3. Port districts
- 32 4. Flood control districts
- 33 5. Diking and drainage districts
- 34 6. Conservation districts

- 35 7. Non-profit organizations
- 36 8. Salmon recovery forums

37 Advisory Committee

- 38 <u>Nomination Process</u>
- The King County Executive will seek input from King County Councilmembers on advisory
 committee recommendations and provide notification to the King County Council 30 days
 prior to appointment.
- 42 2. The King County Executive will appoint committee members who reflect the diverse needs43 and populations within King County.
- 44

45 <u>Committee Makeup</u>

46 The committee will be staffed by the King County Parks and Recreation Division and composed

of up to 19 people appointed by the King County Executive based on the composition below.

- City representatives up to nine members of the committee shall be elected or employed
 officials of cities in King County. Cities in each of the nine County Council districts should
 be represented.
- Tribal organizations up to two members shall represent tribal organizations within King
 County.
- 3. Non-profit organizations up to three members shall represent environmental non-profits
 with a strong knowledge and experience with floodplains by design.
- 4. Up to five members shall be selected from the following groups: community organizations,
 districts (park, flood, conservation, diking), and salmon recovery forums.
- 57
- 58 Upon formation, the Advisory Committee will work closely with King County Parks and
- 59 Recreation Division staff to further develop and refine the application, review, and
- 60 recommendation process to ensure a streamlined process is in place for ease of use by applicants,
- 61 the Advisory Committee, and program administrators.
- 62

74

63 Project Selection and Reporting Process

- King County Parks and Recreation Division staff will prepare and advertise a request for
 proposal and receive applications on a biennial basis.
- 2. The Advisory Committee will review and rank proposals and will recommend projects and
 award amounts. In accordance with Motion 15378, all awards in unincorporated areas should
 be made in consultation with the Department of Local Services.
- 3. The Advisory Committee will recommend a project for funding to the Department of Natural
 Resources and Parks only if the proposal meets the eligibility criteria listed above. Additional
 criteria to weigh the relative strength of applications include:
- a. How the application meets the goals of a multi-benefit project outlined by the KingCounty Council, including:
 - i. Provides passive recreational benefit to the public
- 75 ii. Improves or restores critical riparian habitat

76		iii. Integrates recreation, access, and/or habitat benefits with flood protection
77		b. The project will further established Countywide priorities, such as equity and social
78 70		justice, the Strategic Climate Action Plan, improving water quality and increasing
79 80		habitat, for example through green stormwater infrastructure, the Land Conservation Initiative, or implementation of the recommendations in the State of Play Report;
81		c. The project is supported through partnership and will be measured by resulting
82		community benefits, as well as the strength and diversity of partnership;
83		d. The project has been identified in an adopted plan;
84 85		e. The project is located in an underserved area or provides recreational access or benefit where none currently exists;
86		f. The project demonstrates certainty in success of delivery;
87		g. The project demonstrates how successful implementation will be measured over time;
88		h. The project identifies cost effectiveness and ability to leverage other funding or in-
89		kind donations.
90	4.	The King County Executive will transmit to the King County Council a recommended list of
91		grant awardees, including a summary description of how each project meets the selection
92		criteria and objectives of the Open Space – River Corridors Grant Program. The Executive
93		will also transmit an ordinance to approve grant allocations for each project.
94 05	5.	The King County Parks and Recreation Division will administer the contracts for approved
95		projects. Any town or city receiving a grant will be required to notify the King County
96		Council of any major milestones such as groundbreaking or ribbon cutting 30 days prior to
97	_	the event.
98	6.	The King County Parks and Recreation Division will provide an annual report on the status
99		of the Open Space – River Corridors Grant Program. Information on the number of
100		proposals received, projects receiving moneys in that year and a summary of completion of
101		past projects shall be included in the report.
102	Pr	ogram Staffing
103	Th	e King County Parks and Recreation Division shall be responsible for administering and
-00		g

staffing the program, utilizing a percentage of program moneys to pay for this administration.

105 The percentage of moneys for program administration shall be consistent with other grant

106 programs managed by County agencies.

107 Administration shall include development of the process, application materials, announcements,

review process, contract development and administration, project tracking, financial accounting,project reporting, and audit function.
