

Metro and Regional Planning

Regional Transit Committee
March 15, 2023

Policies supporting Regional Coordination

- King County Comprehensive Plan Policies
 - T-102: As a transportation provider and participant in regional transportation planning, King County should support, plan, design, and implement an integrated, coordinated and balanced multimodal transportation system that serves the growing travel needs of the county safely, effectively and efficiently and promotes a decrease in the share of trips made by single occupant vehicles.
 - T-204: King County should support local and regional growth plans and policies by focusing transit services on centers and other areas of concentrated activity.

Connection between Regional Planning and Metro

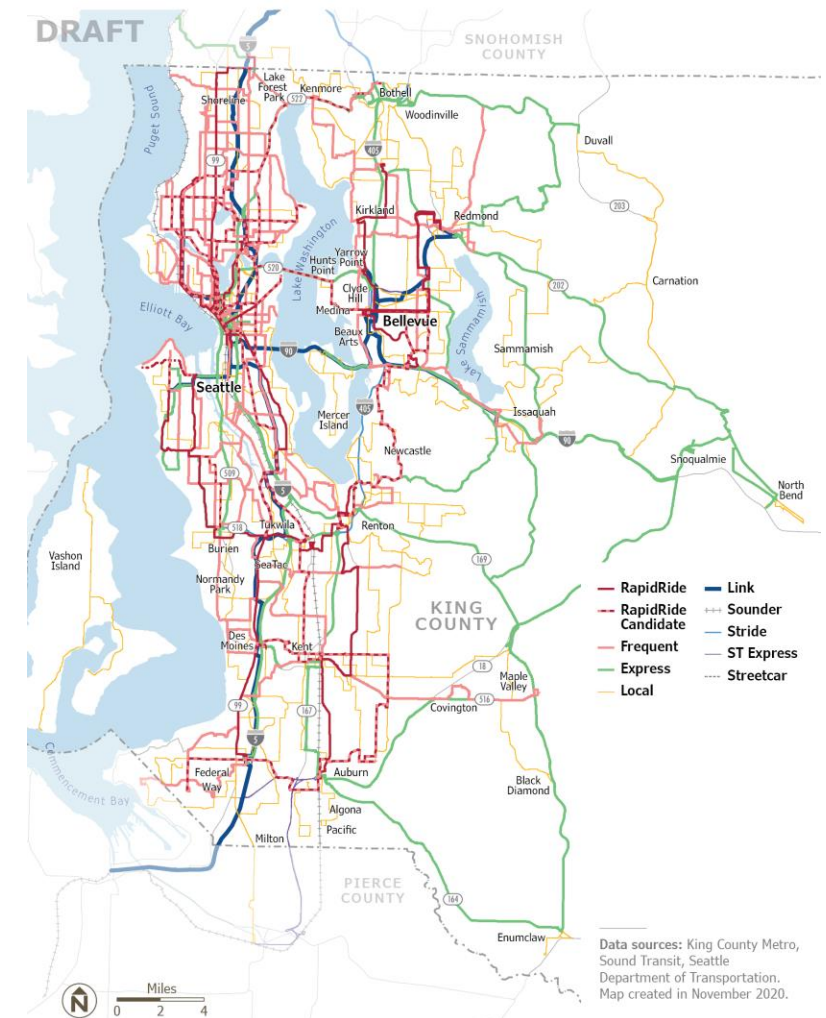

- Vision 2050
- Regional Transportation Plan
- Countywide Planning Policies
- Metro Connects

How Metro Plans to Engage Partners on Comprehensive Plan Updates

- **Provide Resources for Partners**
 - Interactive Metro Connects maps online soon
 - Developing materials to share on how to use Metro Connects when updating comp plans
 - Planning brownbag presentations
- **Direct Engagement When Requested**
 - Part of City of Seattle's interdepartmental team for comp plan and transportation update
 - Will be participating on transportation agency advisory group for City of Bothell's comp plan update
 - Review of draft policies and plans
