

PUBLIC NOTICE OF INTENT TO AMEND

The Washington State Growth Management Act (GMA) requires early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations that implement the comprehensive plan (RCW 36.70A.140). Additionally, the GMA requires local jurisdictions to notify the State of such an amendment at least sixty days before its adoption (RCW 36.70A.106). King County Code 20.18.150 provides the basis for the County's public participation program for such amendments and requires that the County also notify the public of such amendments at the same time that the State is given notice. As outlined below, King County intends to amend a development regulation. Notice to the State has been given and, therefore, this document is providing notice to the public.

In December 2023, the King County Executive intends to forward the following proposed amendments to the King County Comprehensive Plan and development regulations to the King County Council for consideration and possible adoption:

A proposed ordinance to adopt the 2024 King County Comprehensive Plan, adopt the Snoqualmie Valley/Northeast King County Community Service Area Subarea Plan, amend the Vashon-Maury Island Community Service Area Subarea Plan, adopt land use and zoning map amendments, and amend development regulations in the King County Code.

The Executive is accepting public comments on a draft of these proposals through **Saturday, July 15, 2023**. Comments may be submitted via the following methods:

- **Online survey:** publicinput.com/y8200
- **E-mail:** CompPlan@kingcounty.gov
- **In person:** Details at www.kingcounty.gov/CompPlan
- **Postal mail:** Chris Jensen, Regional Planning – PSB, 401 Fifth Ave Suite 810, Seattle, Washington, 98104

More information about the 2024 update to the Comprehensive Plan, a copy of the draft proposed amendments, and a plain language summary of the proposals are located online at www.kingcounty.gov/CompPlan. If you do not have Internet access at home or work, King County libraries provide public access to the internet.

There will be an additional opportunity for public review and comment on the proposed amendments after the ordinance is submitted to the Council for consideration.
