The Honorable Dow Constantine
King County Executive
Chinook Building
401 Fifth Avenue, Suite 800
Seattle, Washington 98104-1818

Dear Executive Constantine:

On behalf of the Conservation Futures Citizens Committee, I am pleased to forward for your review and consideration our annual report on project progress, which we are directed to produce each year by Ordinance 14714.

The report contains the Committee's current recommendations on uncompleted Conservation Futures or King County Parks Levy open space acquisition projects that are two or more years old, based on the criteria noted in the beginning of the report. The Committee has made recommendations on the reallocation of funds between certain of the projects. There are also project scope change or budget adjustment recommendations for a few newer projects, where such adjustments are needed.

The Committee members thank you for your ongoing support for protecting our region's important open spaces. If you have any questions or comments, please let me know and I will be happy to discuss them with you or your staff. I may be reached by phone at (425) 788-2304 (home), or (206) 940-4553 (cell) or by e-mail at tlavender2@frontier.com and CFCAC3@kingcounty.gov.

Sincerely Yours,

Terry Lavender, Chair
