C. Certain development proposals are subject to additional procedural requirements beyond the standard procedures established in this chapter.

1992 D. Land use permits that are categorically exempt from review under SEPA do  
1993 not require a threshold determination (determination of nonsignificance ["DNS"] or  
1994 determination of significance ["DS"]). For all other projects, the SEPA review  
1995 procedures in K.C.C. chapter 20.44 are supplemental to the procedures in this chapter.

1996 E. Land use decision types are classified as follow:

1998 appeals and appeals of Type 3 and 4 decisions to the council.

1999 <sup>2</sup> When an application for a Type 2 decision is combined with other permits requiring  
 2000 Type 3 or 4 land use decisions under this chapter, the examiner, not the director, makes  
 2001 the decision.

2002 <sup>3</sup> A shoreline permit, including a shoreline variance or conditional use, is appealable to  
 2003 the state Shorelines Hearings Board and not to the hearing examiner.

 2005 council at any time. Zone reclassifications that are not consistent with the  
 2006 Comprehensive Plan require a site-specific land use map amendment and the council's

This subsection shall not apply if the county's development regulations cited in this subsection are amended after April 22, 1996, unless the amending ordinance contains a finding, supported by documentation, that the requirements for environmental analysis, protections and mitigation measures in this chapter, provide adequate analysis of and mitigation for the specific adverse environmental impacts to which the requirements apply.

D. Outside the urban growth area, in the course of project review, including any required environmental analysis, the responsible official may determine that requirements for environmental analysis, protection and mitigation measures in the county's development regulations or comprehensive plans adopted under chapter 36.70A RCW and in other applicable local, state or federal laws and rules provide adequate analysis and mitigation for specific adverse environmental impacts of the project, if the following criteria are met:

1. In the course of project review, the responsible official shall identify and consider the specific probable adverse environmental impacts of the proposed action and then make a determination whether these specific impacts are adequately addressed by the development regulations. If they are not, the responsible official shall apply mitigation consistent with the applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan or other local, state or federal rules or laws; and

2171           2. The responsible official bases or conditions its approval on compliance with  
2172 these requirements or mitigation measures.

2174 43.21C.060 shall be contained in the responsible official's decision document. The  
2175 written decision shall contain facts and conclusions based on the proposal's specific  
2176 adverse environmental impacts, or lack thereof, as identified in an environmental  
2177 checklist, EIS, threshold determination, other environmental document including an  
2178 executive department's staff report and recommendation to a decision maker, or findings  
2179 made pursuant to a public hearing authorized or required by law or ordinance. The  
2180 decision document shall state the specific plan, policy or regulation that supports the  
2181 SEPA decision and, if mitigation beyond existing development regulations is required,  
2182 the specific adverse environmental impacts and the reasons why additional mitigation is  
2183 needed to comply with SEPA.

2184           F. This chapter shall not be construed as a limitation on the authority of King  
2185 County to approve, deny or condition a proposal for reasons based upon other statutes,  
2186 ordinances or regulations.

2187           **SECTION 21. Severability.** If any provision of this ordinance or its

2188 application to any person or circumstance is held invalid, the remainder of the ordinance  
2189 or the application of the provision to other persons or circumstances is not affected.
