Ordinance 18763

Proposed No. 2018-0230.2

Sponsors Dembowski

1 AN ORDINANCE relating to the sale of biomethane and
2 related environmental attributes held by the county;
3 authorizing an amendment to an agreement approved under
4 Ordinance 18363 and amended under Ordinance 18439, for
5 the sale and purchase of biomethane and environmental
6 attributes associated with purified biomethane produced at
7 the South wastewater treatment plant to IGI Resources, Inc.

8 **STATEMENT OF FACTS:**

9 1. The wastewater treatment division of the department of natural
10 resources and parks operates three regional wastewater treatment facilities,
11 including the South wastewater treatment plant in Renton, Washington,
12 which treats approximately thirty billion gallons of wastewater each year.

13 2. Anaerobic digesters at the treatment plant generate methane digester
14 biogas as part of the water and associated solid material treatment and
15 purification processes.

16 3. Since 1988, the wastewater treatment division has been scrubbing
17 impurities from the digester biogas to create biomethane, using some of
18 the resulting pipeline-quality gas for internal heating purposes, and
19 injecting the surplus pipeline-quality gas into the regional natural gas

20 pipeline.

21 4. Under K.C.C. 4.56.250, sales of rights, title or interests in emissions
22 credits, offsets or allowances or renewable energy certificates, credits,
23 benefits, environmental air quality credits and any similar rights, title or
24 interests held by the county are exempt from the real and personal
25 property requirements of K.C.C chapter 4.56 when unique circumstances
26 are present. Such sales may be made in the best interests of the public to a
27 person or entity through a direct agreement negotiated by the King County
28 executive and approved by the King County council.

29 5. Ordinance 18363 authorized the King County executive to sell
30 biomethane and its environmental attributes to IGI Resources, Inc., in
31 accordance with K.C.C. 4.56.250. Environmental attributes are
32 inextricably linked to the biomethane and were sold together. The original
33 agreement consisted of a base contract for sale and purchase of natural
34 gas, special provisions, a biogas addendum and a biogas transaction
35 confirmation.

36 6. Ordinance 18439 authorized the King County executive to execute an
37 amended and restated biogas transaction confirmation with IGI Resources,
38 Inc., to allow for the storage and later sale of biogas upon the receipt of
39 Environmental Protection Agency approval of the county's program. On
40 August 7, 2017, the Environmental Protection Agency approved the
41 county's program registration. With such approval, and under the
42 amended biogas transaction confirmation, the county received significant

43 revenues resulting from the sales of previously stored biomethane and its
44 environmental attributes.

45 7. Given Environmental Protection Agency approval of the county's
46 program and in order to capture additional revenue resulting from the
47 environmental attribute sales, King County has negotiated with IGI
48 Resources, Inc., a new biogas transaction confirmation, which shall
49 supersede and replace the previous biogas transaction confirmation.

50 Among the changes in the new biogas transaction confirmation are
51 elimination of references to the pre-Environmental Protection Agency
52 approval delivery period, simplification of the references to the delivery
53 period end date as a three year term, through July 31, 2020, with the
54 option for two additional one year terms, and authorization for sale of the
55 county's biomethane to other markets, if mutually agreed by both parties.

56 8. The new transaction confirmation also allows an affiliate of IGI
57 Resources, Inc., BP Products North America, to purchase and transact the
58 environmental attributes.

59 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

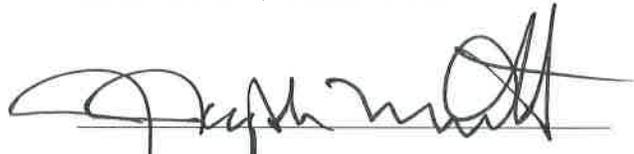

60 SECTION 1. The King County executive is hereby authorized to execute a

61 Biogas Transaction Confirmation, substantially in the form of Attachment A to this
62 ordinance.

Performance Obligation

Seller shall have a Firm obligation to deliver the Contract Quantity to the Delivery Point(s) throughout the Delivery Period and shall have an obligation to certify, on a periodic schedule as required by (a) the EPA that the Biogas quantities delivered qualify for the creation of RINs under the EPA RFS; (b) CARB that the Biogas quantities delivered qualify for the creation of LCFS Credits under the CARB LCFS (if applicable); and (c) other applicable regulations governing low carbon fuel standards for fuel delivered under this Contract.

During the Delivery Period, Seller shall sell and deliver and Buyer shall receive and purchase Biogas and Buyer shall pay the Biogas Contract Price to Seller consistent with the payment provisions set forth in Section 7 of the Base Contract.

Upon the occurrence and during the continuance of a Disruption Event as defined in the Biogas Addendum, the Biogas Contract Price shall be the Posted Price unless the Seller and Buyer agree otherwise. No RIN Premium Allocation or LCFS Allocation shall be paid during an on-going Disruption Event.

For this Transaction Confirmation, Early Termination Damages do not apply.

Contract Price (\$/MMBtu):

- **Gas Contract Price.** The Contract Price for Gas delivered to Buyer by Seller at the Delivery Point shall be equal to the Posted Price ("**Gas Contract Price**").

Gas Contract Price = Posted Price

- **Biogas Contract Price:** The Contract Price for RIN qualified Biogas quantities ("**Biogas Contract Price**") delivered to Buyer by Seller at the Delivery Point shall be paid by either Buyer or Buyer's Affiliate as set forth below and shall be equal to the **Posted Price** plus the **RIN Premium Allocation** plus the **LCFS Credit Premium Allocation**, if applicable. Consistent with Section 2.1 of the Biogas Addendum, the Biogas Contract Price is payment for the Biogas and one hundred percent (100%) of the qualified RINs and subject to availability, LCFS Credits generated as a result of the sale of the Biogas sold hereunder to Buyer and ultimately sold to Vehicle Fuel Producer(s) by Buyer.

**Biogas Contract Price = Posted Price (\$/MMBtu) + [RIN Premium Allocation (cents/gallon) x (\$/100 cents)
x (11.727 gallon/MMBtu)] + [LCFS Credit Premium Allocation] (\$/MMBtu)**

- The "**Posted Price**" means the Gas Daily Midpoint Index for NW Pipeline Canadian Border (Sumas) (\$/MMBtu) as published by Platts or any successor thereto and shall be paid by Buyer.
- **RIN Premium Allocation.** The RIN premium allocation ("**RIN Premium Allocation**") shall mean, for each Month in which RINs are generated, seventy percent (70%) of the RIN Price Basis as defined below. Payment of the RIN Premium Allocation as part of the Biogas Contract Price is contingent upon Buyer selling Biogas purchased under this Transaction Confirmation to the Vehicle Fuel Producer in the United States cited in Paragraph 5 of the Special Conditions in this Transaction Confirmation and the production of RINs from such Biogas that is converted to a Vehicle Fuel. The RIN Premium Allocation shall be paid by Buyer's Affiliate.

(a) **RIN Premium Allocation Calculation.** RIN valuations for calculating the RIN Premium Allocation, as defined below, shall be based on RIN prices that are reflective of the D3 Cellulosic Biofuel RIN ("**D3 RIN**") prices during the Month in which the Seller delivers Biogas ("**RIN Price Basis**") as specified below. The RIN Price Basis shall be determined by Buyer's Affiliate based on the following hierarchy: (1) the Argus D3 Index (as defined below) during the Month in which the Biogas is delivered, provided that such index is Validated (as defined below in (b) **Clarification**); (2) if the Argus D3 Index is not Validated, the cash revenue realized by Buyer's Affiliate (as defined below in (b) **Clarification**) from the sale of D3 RINs associated with such Month; or (3) if the Argus D3 Index is not Validated as set forth in (1) and to the extent that (2) is not achievable in whole or in part in a commercially reasonable manner, the greater of (a) ninety percent (90%) of the Argus D3 Index during the Biogas delivery Month or (b) the average of the daily posted mid-point prices for the Argus D5 Advanced Biofuel RIN Index ("**Argus D5 Index**") during the Biogas delivery Month.

(b) **Clarification.**

- 1) With respect to an applicable Month of Biogas delivery, the Argus D3 cellulosic RIN price shall be considered validated ("**Validated**") for the current-year vintage RIN if the Argus D3 cellulosic RIN Index has traded, as supported by published trades in the *Argus US Products* daily report, for any ten (10) Business Days in the twenty (20) consecutive Business Day period that immediately precedes the Advance Notice Deadline applicable to such Month. If the Argus D3 Index has been Validated it shall remain Validated for the RINs generated in the then-current vintage year for a three month period starting with the month following Validation.
- 2) If the Argus D3 Index is not Validated with respect to a Biogas delivery Month, then Buyer's Affiliate shall use commercially reasonable and good faith efforts to maximize the value of the D3 RINs by selling such D3 RINs to an unaffiliated third party or by purchasing such RINs directly. The RIN Price Basis with respect to such D3 RINs sold in accordance with the preceding sentence shall be equal to the volume-weighted average cash price realized by Buyer's Affiliate from the sale of its portfolio D3 RINs applicable to such Biogas delivery Month, which portfolio may include D3 RINs related to agreements with third parties.
- 3) If Buyer's Affiliate is unable to sell all or a portion of the D3 RINs in accordance with clause (2) above by the end of the applicable Biogas delivery Month, then with respect to such unsold D3 RINs the RIN Price Basis shall be equal to the greater of (a) ninety percent (90%) of the Argus D3 Index calculated with respect to the Biogas delivery Month or (b) the Argus D5 Index during the Biogas delivery Month.

(c) **Changes to Pricing Publications.** If any prices or publications used to determine the RIN Price Basis are changed, discontinued or replaced in any manner that makes the determination of the RIN Price Basis impossible, the parties shall determine the applicable RIN Price Basis using the methodology in Section 14 of the Base Contract.

(d) **RIN Market and Trades.** For the avoidance of doubt, Seller acknowledges and agrees that (i) the market for RINs may lack liquidity, (ii) Buyer's Affiliate shall at all times retain control over the evaluation of potential sales of D3 RINs and

the ultimate sale of D3 RINs into the market, and (iii) Seller shall have no right to participate in or direct the sales of D3 RINs.

(e) **Seller Election to Take RINs In-Kind.** In lieu of receiving the RIN Premium Allocation, Seller may elect to take its RINs Premium Allocation for any one or more Biogas delivery Months as RINs in-kind provided that Seller provides written Notice to Buyer by the Advance Notice Deadline. In the event that Seller does not provide written Notice to Buyer of its election to receive its RINs in-kind, Seller, shall receive its RIN Premium Allocation as calculated pursuant to clauses (a), (b) and (c) above. If Seller elects to take its RINs in-kind, Seller must take its entire seventy percent (70%) share of RINs and shall establish and manage its EPA EMTS (EPA Mandated Transaction System) account required for such RINs. Seller shall not have the right to present any RINs that it retains in-kind to Buyer for monetization at will. Any arrangement in which Buyer monetizes such RINs for Seller shall be a separate negotiated transaction that is not included under this Transaction Confirmation. Seller may modify or rescind any election to receive its RINs in-kind given pursuant to this clause (e) provided that Seller provides written notice to Buyer thereof at least seven (7) Business Days prior to the start of the applicable Month. The effect of Buyer's rescission of such election to receive its RINs in-kind will be that the RIN Premium Allocation for the applicable Month(s) will be determined as set forth in clauses (a) and (b) above.

(f) **Documentation for D3 RIN Sales.** During the first full week of the Month following each Biogas delivery Month, Buyer shall deliver to Seller via email, the transaction data for D3 RIN sales made by Buyer's Affiliate during the Biogas delivery Month that will include the (i) number of D3 RIN transactions, (ii) date of the D3 RIN transactions and (iii) price at which the D3 RIN transactions were carried out.

- The "LCFS Credit Premium Allocation" shall mean thirty-five percent (35%) of the value of Buyer's Net LCFS Credit Premium Allocation divided by the Biogas quantity purchased by Buyer in the applicable Month. Settlements for LCFS Credits generated by the Biogas sold under this Transaction Confirmation and sold to the Vehicle Fuel Producer cited in this Biogas Transaction confirmation shall be made on a Calendar Quarter basis. Payment of the LCFS Credit Premium Allocation is contingent upon Buyer selling Biogas purchased under this Transaction Confirmation to a Vehicle Fuel Producer in California and the production of a LCFS Credit from such Biogas that is converted to a Vehicle Fuel.
- **Disruption Event Biogas Contract Price.** The Biogas Contract Price upon the occurrence of a Disruption Event ("Disruption Event Biogas Contract Price") shall be the Posted Price until the cessation of the Disruption Event.

Disruption Event Biogas Contract Price = Posted Price

d. **Change in Regulations.** In the event that the EPA amends its regulations for the creation of RINs as related to the purchase and sale of Biogas for the production of Vehicle Fuel, Buyer and/or Buyer's Affiliate and Seller shall work together in good faith and attempt to amend this Transaction Confirmation accordingly.

13. **Additional Event of Default.** Each of the following shall be an additional Event of Default under Section 10.2 of the Base Contract: (a) if any party hereto (i) commits any fraudulent act or (ii) makes any material misrepresentation or material inaccuracy or materially misleading statement in any supporting documentation, including, without limitation, registrations or any attestation related to RIN or LCFS Credit generation based on Biogas purchased under this this Transaction Confirmation.

14. **Buyer's Affiliate**

- a. Without limiting Buyer's obligations under the Base Contract, Buyer's Affiliate is executing this Transaction Confirmation for the purpose of allowing the parties to transfer the RINs or LCFS credits generated from the use of the Biogas sold as a Vehicle Fuel pursuant to this Transaction Confirmation directly to Buyer's Affiliate and to allow for payments for such RINs or LCFS credits to be made directly to or from Buyer's Affiliate. For the avoidance of doubt, the parties intend and agree that Buyer's Affiliate will not take title to any Biogas sold pursuant to this Transaction Confirmation. The cover page of the Base Contract shall be amended to update the contact information as shown on Exhibit C.
- b. Title to the Gas, Biogas and Green Attributes shall pass to Buyer as set forth in Section 8.1 of the Base Contract. Title to the RINs and LCFS Credits shall pass to Buyer's Affiliate upon transfer to Buyer's Affiliate's (i) EPA EMTS account for RINs, or (ii) LCFS/LRT account for LCFS credits; and (b) all obligations of Buyer under this Transaction related to generation of RINs or LCFS Credits and any pricing associated with such RINs or LCFS Credits shall be satisfied by Buyer's Affiliate.
- c. For this Transaction Confirmation, all references in the Base Contract, howsoever described, to (a) "transaction" shall be deemed to include Biogas Transactions, and (b) "Party A", "Buyer", or "party" or "parties" in the context of Party A or Buyer, shall be deemed to include Buyer's Affiliate with respect to this Transaction Confirmation, except to the extent related to a Market Disruption Event or the delivery, receipt, transportation, nominations, imbalances, or title transfer of Gas or Biogas.
- d. Buyer's Affiliate agrees to indemnify Seller and save it harmless from all Claims arising out of any third party claim based on: (i) Buyer's Affiliate-provided falsehoods, misrepresentations, material inaccuracies or misleading statement in any supporting documentation, including, without limitation, any registrations or any attestation related to RINs or LCFS Credits supplied by Buyer's Affiliate; (ii) Buyer's Affiliate's gross negligence or willful misconduct; or (iii) Buyer's Affiliate's breach of this Transaction Confirmation.

Please confirm the foregoing correctly sets forth the terms of our agreement with respect to this Transaction by signing in the space provided below and returning a copy of the executed confirmation by faxing it to (281) 227-8470.
