Proposed No.: 2018-0246

CB → *approved*

1 AMENDMENT TO PROPOSED ORDINANCE 2018-0246, VERSION 1

2 On page 37, beginning on line 839, after "solids," strike "In lieu of BOD or total  
3 suspended solids, which are also known as TSS, the wastewater treatment division  
4 manager may use or approve the use of other parameters, based on characteristics of the  
5 waste, to establish a waste strength." and insert "If BOD and suspended solids are not the  
6 primary constituents that characterize the waste, then the wastewater treatment division  
7 manager may use a more appropriate constituent that characterizes the waste to establish  
8 waste strength."

9  
10 On page 40, beginning on line 906, after "~~consumption.~~)" strike "In lieu of utilizing  
11 recorded discharge volumes, the wastewater treatment division manager may develop  
12 conversion factors for selected industrial user classifications based on periodic production  
13 rates. The purpose of the conversion factors is to translate production rates into estimated  
14 wastewater discharge rates." and insert "If there are insufficient data reported by the  
15 industrial user to calculate the average annual discharge volume, then the wastewater  
16 treatment division manager may extrapolate discharge volumes based on periodic  
17 production rates or other available data until an average annual discharge volume can be  
18 measured."

19

20 On page 52, after line 1162, insert

21 "SECTION 2. The department of natural resources and parks shall adopt a public  
22 rule by June 30, 2019, addressing the fees and charges to industrial users to implement  
23 this ordinance. The department shall notify the clerk of the council of the adoption of the  
24 rule by filing with the clerk a paper original and an electronic copy of a notice that cites  
25 section 3 of this ordinance and specifies that the rule is adopted.

26 SECTION 3. Section 1 of this ordinance takes effect only upon the effective date  
27 of the public rule implementing this ordinance adopted in accordance with section 2 of  
28 this ordinance."

29

30 ***EFFECT: Modifies the authority granted to the wastewater treatment division***  
31 ***manager to establish parameters which may be used to determine discharged waste***  
32 ***strength and volume. Additionally, authorizes the Department of natural resources and***  
33 ***parks to adopt a public rule addressing fees and charges to industrial users and makes***  
34 ***the ordinance effective date contingent upon the implementation of that public rule.***
