How did you learn of this opportunity? Dr. Natalie Ellington recommended that I apply as she felt that I can add value based on my diverse background.

Please explain why you feel you are the most qualified candidate for this appointment:

I work in the financial sector where I see wage inequity at play. My passion is to educate women about their financial affairs so that they can make informed decision. I conducted financial literacy seminars in Bellevue, targeting high school female students to help them understand the basic of banking.

Revised 06/05/2013

Prior to joining the bank, I was a treatment coordinator for youth at risk for nine. I worked closely with families, school and court systems, state hospital, foster care review board, and psychiatrists to coordinate these youths' treatment plans.

I grew up overseas and have travelled to various countries in Europe, Africa, and most recently to Asia. I have ample opportunities to interact and connect with individuals from other countries living in our county. I have a good understanding of values and belief systems that people (in general) bring to the table and how to leverage them. My background is unique and puts me in a position where I can add value to the board's overall vision.
