1 AN ORDINANCE relating to the funding and provision of
2 Medic One emergency medical services; providing for the
3 submission to the qualified electors of King County, at
4 special election on November 5, 2019, of a proposition to
5 fund the countywide Medic One emergency medical
6 services by authorizing the continuation of a regular
7 property tax levy for a consecutive six year period, for
8 collection beginning in 2020, at a rate of \$0.265 or less per
9 \$1,000 of assessed valuation, to provide for Medic One
10 emergency medical services.

11 PREAMBLE:

12 The Medic One Emergency Medical Services ("EMS") system of King
13 County, publicly known as Medic One, is an integrated publicly funded
14 partnership between the county, cities, fire districts, regional fire
15 authorities, hospitals and the University of Washington.

16 Medic One/EMS is a tiered response system that is based on the regional
17 medical model and collaborative partnerships. The services that EMS
18 personnel provide are derived from the highest standards of medical
19 training, practices and care, scientific evidence and close supervision by

20 physicians experienced in EMS care. It includes basic life support by city,
21 fire district and regional fire authority emergency medical technicians,
22 advanced life support by University of Washington/Harborview Medical
23 Center trained paramedics, and regional support programs that provide
24 citizen and EMS personnel training, regional medical control and quality
25 improvement.

26 The Medic One/EMS system of King County is recognized as one of the
27 best emergency medical services program in the country. It saves
28 thousands of lives every year, providing life-saving services on average
29 every three minutes. Compared to other cities, cardiac arrest victims are
30 two to three times more likely to survive. In 2017, it achieved a fifty-six-
31 percent survival rate for cardiac arrest, which is among the highest
32 reported rate in the nation.

33 The provision of Medic One emergency medical services on a countywide
34 basis is a public purpose of King County. King County supports Medic
35 One emergency medical services as a regional service that requires a
36 continuing leadership role for the county. The county should continue to
37 exercise its leadership and assume responsibility for assuring the orderly
38 and comprehensive development and provision of Medic One emergency
39 medical services throughout the county.

40 The concern for assuring the continuance of a countywide Medic
41 One/EMS program is shared by King County cities, fire protection
42 districts, and regional fire authorities that participate in the Medic One

43 emergency medical services programs.

44 Sustained funding for the regional Medic One/EMS system is needed to

45 continue this essential service for the residents of King County.
