STRATEGIC FRAMEWORK: GUIDING AND ALIGNING OUR WORK, 2019-2023

KCLS' STRATEGIC FRAMEWORK and its elements were thoughtfully developed by what we learned through broad input from patrons, community leaders and partners, educators and staff. The process began in 2016, when KCLS conducted surveys, held meetings and reached out to discover what King County residents considered their highest hopes, dreams and plans for the future. The extensive feedback we received created a new Strategic Focus, helped refresh our Mission, Vision and Values and reaffirmed our continued commitments to our patrons and community.

The Strategic Framework fortifies KCLS as an organization that emphasizes teamwork, setting priorities, strategic goals and building on staff strengths. It reflects the Library System's commitment to public service and accountability, and our deep intention to enhance lives, forge connections and strengthen communities. A management system is now in place to align, prioritize, organize, measure and communicate our strategies, goals and initiatives.

STRATEGIC FOCUS

TO CREATE OPPORTUNITIES THROUGH MEANINGFUL CONNECTIONS

We will do this by connecting people with information and services to navigate life's complexities and biases; by providing equitable avenues to build the skills and knowledge needed for success; and connecting people to one another to bridge differences and create communities of inclusion and belonging.

MISSION

To inspire the people of King County to success through ideas, interaction and information.

VISION

A world in which knowledge allows diverse communities to prosper and grow.

VALUES

Knowledge, Intellectual Freedom, Diversity, Equity and Inclusion, Professional Ethics, Stewardship and a Service Mindset.

CONTINUED COMMITMENTS

Customer service through helpful and expert staff; a robust and diverse collection of books and resources; responsive programs and services and welcoming library spaces.
