2003-2004 KING COUNTY EXECUTIVE BRANCH EEO/AFFIRMATIVE ACTION PLAN

EXECUTIVE SUMMARY

The EEO/Affirmative Action Plan is a statement of King County Executive Branch's commitment to the values of equity, diversity and productivity at the workplace. It assesses the need for affirmative action to address under-representation for minorities, women and persons with disabilities to achieve parity by:

- 1) Identifying areas of program focus,
- 2) Stating the actions it has taken to move towards parity, and
- 3) Setting forth an action-oriented plan to do so.

Highlights of the EEO/Affirmative Action Plan include:

1. Carried over the current 2002 affirmative action workforce availability as basis for setting 2003-2004 affirmative action goals where needed. We are waiting for the release of the Census 2000 information, scheduled for the 4th quarter of 2003, to update the workforce availability.
2. Updated the EEO Policy, and the roles and responsibilities sections to reflect the County's 2001 reorganization.
3. Included the annual Council required year-end 2001 Affirmative Action Progress Report. The report is located in Section 6: Identification and Correction of Problem Areas. Note that statistical information at the department level is accessible electronically. In short:
 - During the entire AA Plan period from July 1, 1999 to December 31, 2001, the County made material progress in meeting 52% or 73 of the 140 EEO Job category areas where goals were set. This includes 33% or 46 EEO Job categories where the goals were fully met.
 - Excellent progress was made in meeting hiring goals for women and people of color. Additional attention is necessary to meet persons with disabilities goals.
 - In 2001, the County's hiring opportunities were affected by downsizing and lay-off placement. The diverse hiring of women (37%) and people of color (36%) occurred but progresss in meeting specific affirmative action hiring goals was limited.

4. Included are the proposed 2003-2004 Affirmative Action hiring goals for women, people of color and persons with disabilities by department, based on the 2001 year end workforce analysis.

The rest of the EEO/AA Plan remains the same to maintain compliance with various federal granting requirements.

1. VISION

The mission of King County Executive Branch is to enhance King County's quality of life and support its economic vitality by providing high-quality, cost-effective, valued services to our customers. Viewing government as an instrument of change, we envision King County as a collaborative, responsive, innovative and progressive regional government. We continue to value the diversity of our workforce as the key to providing effective culturally competent services to our many communities. We also value the diversity of our many communities as a primary source of applicants for our workforce. We believe that diversity and equal employment opportunity are basic foundations of effective service provider teams, therefore, we:

- work to attract and retain committed, talented and diverse workforce capable of addressing complex challenges;
- create bias-free work environments that promote diversity, equity, and productivity and where our employees and citizens can feel respected, communicate freely, and contribute fully;

3. EEO POLICY STATEMENTS AND REAFFIRMATION

It is the policy of the King County Executive Branch to express the values of diversity, equity and productivity by treating its employees with dignity and respect in accomplishing its public service mission. To accomplish these values, King County reaffirms its EEO and Affirmative Action commitments to:

A. EEO Policy

1. Comply with the County's established policy of equal employment opportunity which prohibits discrimination on the basis of race, color, age, sex, marital status, sexual orientation, religion, ancestry, national origin, the presence of any sensory, mental or physical disability, or veteran status as Special Disabled veteran or Vietnam Era veteran in its employment and personnel practices as required under federal, state and County regulations and guidelines. (See Appendix 1 for detailed definitions.)

Employment and personnel practices and actions include, but are not limited to recruitment, application, testing, selection, hiring, orientation, probationary review, compensation and benefits, supervision, provisional/temporary lead assignment, training, tuition reimbursement, promotion, transfer, discipline, demotion, termination, lay-off, recall, re-employment and any other terms and conditions of employment. Benefits include but are not limited to health care coverage, wellness, pension, disability, life insurance, investment plans, and dependent care programs.

2. Prohibit harassment, which is a form of discrimination. Harassment is defined as unwelcome verbal or physical conduct relating to an individual on the basis of race, color, age, sex, marital status, sexual orientation, religion, ancestry, national origin, disability or veteran status. To constitute harassment, the conduct must be sufficiently severe or pervasive so as to alter the terms or conditions of employment. Such conduct can take many forms and may include slurs, comments, jokes, innuendoes, unwelcome compliments, cartoons, or other similar conduct.

Sexual harassment is a type of harassment. It is unwelcome verbal or physical conduct of a sexual nature that is sufficiently severe or pervasive so as to alter the terms and conditions of employment. Sexual harassment may include unwelcome sexual advances, requests for sexual favors, displays of sexually oriented materials, or other verbal or physical conduct of a sexual nature. In addition, sexual harassment includes unwelcome conduct when submission to such conduct, either explicitly or implicitly, is used as the condition of an individual's employment, or submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.

3. Provide reasonable disability accommodation to applicants and employees to mitigate employment and performance barriers.

4. Develop and maintain a work environment that promotes diversity and equity.
5. Hold all employees accountable for complying with this policy. Any employee who commits or participates in any action, which is a violation of this policy, may be subject to disciplinary action as appropriate.
6. Encourage any employee with questions, issues or complaints about any type of discrimination in the workplace to bring such matters to the attention of their immediate supervisor or personnel officer or the Human Resources Division. When requested or as appropriate, notify the employee of his/her right to file a discrimination complaint with human rights or complaint resolution agencies such as the King County Office for Civil Rights Enforcement, Washington State Human Rights Commission, the Federal Civil Rights Commission, Department of Labor and Veterans Administration.
7. Ensure that employees can raise issues and complaints without fear of reprisal, retaliation, harassment, intimidation, threats, coercion or discrimination because they: (1) surfaced an EEO issue and/or concern and/or filed a formal complaint; (2) assisted or participated in any investigation, compliance review, hearing, or any other activity related to the administration of any non-discrimination and/or affirmative action program; (3) opposed any act or practice that is discriminatory; and/or (4) exercised any other employment right protected by county, state, or federal law or its implementing regulations.

B. Affirmative Action Commitments

1. Take affirmative efforts to address hiring inequities for minorities, women and persons with disabilities in career service and exempt positions by establishing a temporary action-oriented Affirmative Action Plan to identify and address under-representation in the workforce.
2. Continue efforts to conduct inclusive Recruitment and Outreach to include minority group members, women, persons with disabilities and covered veterans to expand their utilization in all job levels given their availability and qualifications. Previous efforts include, but were not limited to: participating in community events, career fairs and other events to create visibility for the County as an employer; contacting known applicant sources for minorities, women, persons with disabilities and covered veterans; and encouraging employees to participate in community events and professional associations.
3. Review and strengthen job-related criteria for employment processes to ensure that they are bias free, and provide technical assistance where appropriate to resolve such issues.

4. Provide avenues for applicants and employees to inquire about the EEO/AE Plan and raise discrimination issues with department management or the Human Resources Division.
5. Make the EEO/AE Plan accessible to all employees and the public.

C. Program Accountability

1. Monitor and evaluate program status and progress on a quarterly basis. Provide semi-annual and annual reports to the Executive, department directors, King County Council, Civil Rights Commission, 504-ADA Advisory Committee and the Executive's Employee-Based EEO/AE Committee.

3. Hold every level of management accountable for the successful implementation of the EEO/AE Plan.
4. Provide a complaint process to address allegations of non-compliance with the EEO Policy.

Equal employment opportunity and affirmative action are positive efforts. These efforts are beneficial to all because they result in equal treatment of all employees, a diversified workforce to serve our diverse communities effectively, and provide a supportive work environment.

6. IDENTIFICATION AND CORRECTION OF PROBLEM AREAS

A. Analysis of Potential Problem Areas

(41 C.F.R. 60-2,17(b))

1. Affirmative Action Data Management

For several years, reliable data management for monitoring purposes has been an ongoing challenge for the Affirmative Action Program. Factors such as the County's two payroll systems, limited programming resources, competing needs, and a changing data environment are constant challenges in this area. Diversity Management Services in partnership with the Technology group has accomplished the following to continue to automate the monitoring function of the program for the County's regular and exempt workforce:

- Implemented automated race/gender workforce reports to supplement the County's race/ethnicity workforce profile and female workforce profiles.
- Implemented automated division level workforce reports to assist departments coordinate their planning efforts and implementation of hiring goals.
- Implemented employee changes automated reports to track affirmative action efforts. Employee changes reports include new hires, promotions, transfers and demotions. Each section differentiates between employee changes that resulted from selection as opposed to placement. Placements occur as a result of recalling laid-off employees and accommodating disabled employees when he or she can no longer perform the essential functions of their job with or without an accommodation.
- Combined the persons with disability reports with race and gender workforce reports.

Note that the first three enhancements above addresses the continuing concerns of the Civil Rights Commission for the County to have reliable data for affirmative action monitoring purposes.

Temporary workforce data, termination data and Vietnam Era veteran and Disabled Veteran reports is planned for development and production in 2003.

2. July 1, 1999 to December 31, 2001 Affirmative Action Progress

Monitoring affirmative action progress is critical in ensuring program accountability. The Affirmative Action Plan covers a two and a half year period, from July 1, 1999 to December 31, 2001. One method of determining affirmative action progress is to review how well the County has met its hiring objectives during this entire period.

Hiring objectives are set for women, race/ethnic groups and persons with disabilities in nine EEO Job Categories: Officials and Administrators, Professionals, Technicians, Administrative Support, Skilled Crafts, Transit Operators, Service Maintenance, Protective Services Workers, and Paraprofessionals. See Appendix 1 for Definitions.

The Executive Branch's overall affirmative action progress is described below in narrative format and depicted in pie charts on pages 21 and 22. The concept of "goal setting area" is used as a benchmark. A "goal setting area" is an EEO job category that has hiring goals because women, people of color, and/or persons with disabilities are under-represented in the EEO Job Category. Comments are made if the goals within the EEO Job Category have been completely met, partially met or had no progress.

- Overall, King County made material progress in meeting 52% of the 140 EEO Job Category areas where goals were set. The 52% statistic included goals that were completely met (33% or 46 EEO goal setting areas), and areas where goals were partially met (19% or 27 EEO goal setting areas).
- For female goals, of the 41 EEO Job Category areas where goals were set, 27 or 66% of goals were completely met, 7 or 17% of goals were partially met, and 7 or 17% did not have any change. The areas that need focused recruitment and outreach included skilled craft and service maintenance .
- For African American goals, of the 7 EEO Job Category areas where goals were set, 1 or 14% of goals were completely met, 1 or 14% was partially met, and 5 or 71% did not have any change. The area that needs focused recruitment and outreach include professionals.
- For Asian American goals, of the 7 EEO Job Category areas where goals were set, 5 or 71% of goals were completely met ,and 2 or 29% did not have any change.
- For Native American goals, of the 12 EEO Job Category areas where goals were set, 4 or 33% of goals were completely met, 2 or 17% of goals were partially met and 6 or 50% did not have any change. The areas that need focused recruitment and outreach include all job categories with the exception of Officials/Administrators and Para-Professionals.
- For Hispanic/Latino American goals, of the 12 EEO Job Category areas where goals were set, 4 or 33% of goals were completely met, and 8 or 67% did not have any change.
- For Persons with Disabilities goals, of the 59 EEO Job Category areas where goals were set, 3 or 5% of goals were completely met,17 or 29% of goals were partially met, and 39 or 66% did not have any change. All areas would need focused recruitment and outreach to ensure a diverse pool

- Where there is African American, Asian, Hispanic and Native American under-utilization percentage that does not equate to a hiring goal for any of the people of color groups, an aggregate Minority Goal is established. This occurred in two EEO goal setting areas. All hiring goals have been completely met.

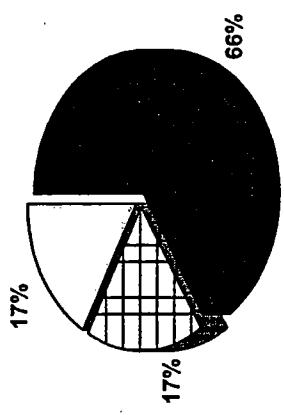

For detailed affirmative action progress by department, please refer to Appendix 2, July 1, 1999 to December 31, 2001 Affirmative Action Progress Status Report By Goal Setting Group.

Please see the same information depicted in pie charts on the next two pages.

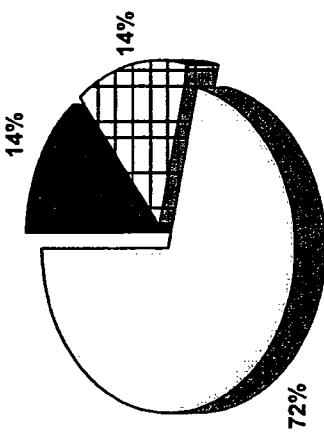

King County Executive Branch
July 1,1999 to December 31, 2001 Affirmative Action Status Report

Most of the affirmative action progress was made in 1999 and 2000. Hiring opportunities were limited in 2001 given County's downsizing to meet its financial challenges. Hiring opportunities were preserved for the internal placement of laid-off employees. See chart below, which counts the number of EEO job categories within Executive Branch departments that had hiring objectives, the progress from July 1999 to December 2000 and the progress from January 2001 to December 2001.

The Executive Branch continued to hire in a diverse manner in 2001. Of the 899 new hires, 37% were women and 36% were people of color. Hiring of persons with disabilities was limited to less than one percent (0.89%) prompting continuing program attention. Please refer to the following Appendices for department and EEO Job Category detail level information:

Appendix 7: Workforce Profile By Department as of December 31, 2001

3. Determining Future Affirmative Action Goals

The Office of Federal Contract Compliance requires grant recipients, such as King County government, to use updated workforce availability. The Census 2000 Special File report is not scheduled for release until the 4th quarter of 2003. The Criterion Affirmative Action Management System, now called PeopleClick, will not be releasing the updated affirmative action software until the first quarter of 2004.

Given these circumstances, the current 2002 workforce availabilities will be carried over to the 2003-2004 EEO/AA Plan with the intention that by May of 2004, new workforce availabilities based on the 2000 Census data will be developed prompting the submission of a new 2005-2006 EEO/AA Plan to Council.

See Appendix 8 for the 2002 Affirmative Action Goals which includes the following department mergers and consolidations:

- Department of Natural Resources and Parks. Merged the Parks & Recreation with Natural Resources and all GIS (Geographic Information Services) functions.
- Department of Executive Services. Consolidated the Departments of Construction and Facilities Management, Finance, Information and Administrative Services, and the Office of Human Resource Management.

4. 2001 Lay-off Impact and Placement

In 2001, the County's budget shortfall primarily affected the current expense agencies and departments of King County. The process of identifying which positions to cut entailed applying solid business criteria to ensure that core functions continued while departments increased efficiencies. This led to the consolidation of four internal services departments, namely Construction and Facilities Management, Finance, Human Resources Management, and Information & Administrative Services, as well as the merger of the Parks Department into the Department of Natural Resources. These reorganizations resulted in the elimination of a number of top-management, mid-management, and other positions.

A profile of affected employees by employment status shows that among the total 106 employees who received notices of layoff on June 15, 2001:

- 38 or 35.8% are exempt from career service (19 officials and administrators, 7 professionals and 12 administrative support employees). Career service exempt employees are appointed. They are at-will employees who serve at the pleasure of the hiring authority.
- 42 or 39.6% are career service non-represented employees (2 officials and administrators, 29 professionals, 2 technicians, 8 administrative support and 1 protective service employee). These are career service employees who competed for their positions, completed a probationary period, and are not represented by any union.
- 26 or 24.5% are career service represented (5 professionals, 15 administrative support, 2 service maintenance and 4 protective service employees). These are unionized, career service employees who competed for their respective positions, completed a probationary period, and are subject to bumping by seniority as prescribed by their respective collective bargaining agreements.

The race/ethnicity and gender make-up of the employees who received layoff notices on June 15, 2001 is as follows:

- 34 or 32% of the 106 employees notified of layoff are people of color. As of June 30, 2001, the Executive Branch workforce constituted 29.6% people of color.
- 67 or 63% of the 106 employees notified of layoff are women. As of June 30, 2001, the Executive Branch workforce constituted 37.9% women.

The County Executive implemented a hiring freeze to preserve job opportunities for lay-off placement. Since the notices of layoff were issued, the Human Resources layoff recall program and personnel staff have been actively seeking placements for laid off employees who wish to continue employment with the County. Placement occurs when the required skills set of the opportunity matches the education and experience of the lay-off notified candidate. In summary, of the total 106 employees who were notified that they would be laid-off in 2002:

- 5 or 5% had their notices rescinded (3) or chose to bump other employees (2) pursuant to labor contract rules
- 22 or 21% of the employees chose to not participate nor receive layoff recall placement services. They either resigned, retired, or found employment elsewhere.
- 79 or 74% chose to participate in the recall program. 77 were placed in regular, exempt or term limited temporary positions, 2 have not been placed. Those placed in temporary positions continue to be eligible for recall services.

As to the race, gender and disability profile of those who participated in the placement program, please see tables 1, 2, 3 and 4 on the next page to learn the workforce profile of all lay-off notified candidates, those who's lay-off were rescinded or those who bumped into another position using union seniority, and the placement results of those who participated in the recall program. .

5. Compliance with OFCCP Rules for Special Disabled Veterans and Vietnam Era Veterans

The King County Council adopted 1999-2001 Affirmative Action Plan incorporated the affirmative action policy requirements for the veterans consistent with the Department of Labor, Office of Federal contract Compliance Programs 41 CFR 60 250, Affirmative Action and Nondiscrimination Obligations of Contractors and Subcontractors Regarding Special Disabled Veterans and Vietnam Era Veterans.

To accomplish the veteran program monitoring requirements, the County has modified its application forms to include veteran status for voluntary reporting purposes, completed identifying a system to track covered veterans, and completed a veteran survey. In 2002, Diversity Management Services will develop and implement automated reports that indicate employee changes for such veterans. Employee changes reports include hiring, promotion, transfer, demotion and termination data. Note that the veteran affirmative action plan does not have hiring goal requirements.

B. Special Corrective and Progressive Actions

(41 C.F.R. 60-2.17)

1. Standardized Human Resource Practices

- Human Resources Division (HRD) regularly reviews each of the elements of its selection process, including position descriptions, job titles, application forms, interview procedures, referral procedures, and the final selection process. The purpose of this review is to ensure that such personnel practices are job related, nondiscriminatory and are being uniformly applied without regard to race, color, age, sex, marital status, sexual orientation, religion, ancestry, national origin, the presence of any sensory, mental or physical disability, or veteran status. HRD will develop guidelines for departments to follow in administering human resource processes, train departmental staff, and intervene as appropriate should problems arise. Departments shall be held accountable for ensuring said processes are job related and nondiscriminatory. HRD staff will provide policy guidance and technical assistance to the departments.
- HRD will annually review separation/retention data to identify departments/divisions or job categories where protected or under-represented groups may be disproportionately impacted. HRD will work collaboratively with departments to gather information on causes, such as through exit interviews or surveys, and will make recommendations to departments and the Executive, as appropriate, to identify the cause and resolve disproportionate adverse impact, if any.
- HRD will monitor affirmative action goal progress for all departments and make recommendations to departments and the Executive to improve the achievement of affirmative action objectives, as appropriate.
- HRD will report employees receiving employment accommodation for his or her disability as persons with disability for affirmative action purposes. Confidentiality will be maintained pursuant to Affirmative Action Program and Americans with Disabilities Act requirements.

2. Applicant Pool Diversity Enhancement Activities and Fair Employment

HRD will continue to provide the following services to departments:

- a) Coordinate the update of recruitment tools and strategies to reach a diverse pool of applicants and targeted under-represented applicants, and train department management and hiring authorities on their use.

- b) Provide consulting assistance to departments on recruitment needs relative to Affirmative Action, and the development of short-term and long-term recruitment plans.
- c) Train human resources staff in recruitment strategies and serve as the lead for recruitment policy and procedure development and initiatives.
- d) Develop and maintain partnerships with community based organizations that serve diverse populations, as well as area and regional diversity task forces and professional organizations that serve minority or diverse memberships.
- e) Develop and maintain relationships with public and private agencies, which serve diverse populations, such as the State Employment Security Department, Private Industry Council, colleges, universities, community colleges, and vocational and training institutions.
- f) Identify, attend and/or coordinate departmental participation in job and career fairs and conferences, particularly those that attract a diverse clientele.
- g) Assist hiring authorities in developing strategies to meet their goals such as under-filling positions, developing bridge and/or para-professional positions, developing internships and apprenticeships. These opportunities will utilize open competitive hiring processes.
- h) Assist the Department of Community and Human Services administer the Supported Employment Program for the developmentally disabled individuals, and continue to co-establish administrative County-wide guidelines governing the recruitment, examination, qualification and selection of individuals into the program; develop and implement a centralized data tracking system for the Program.

The Departments will:

- a) Document their outreach and recruitment efforts. These will be reported on a semi-annual and annual basis to HRD as part of documenting the County's affirmative action efforts and progress for monitoring purposes.
- b) Use the affirmative action tools, allowable under Initiative 200, as adopted in the previous 1999-2001 Affirmative Action Plan. The affirmative action tools are as follows:
 1. Affirmative Action planning with hiring goals for women, people of color and persons with disabilities.
 2. Non-discrimination policy and program for all aspects of employment.

3. Equal employment opportunity indicator for job ads and postings i.e. "EEO/AA" or "EEO/AA Employer".
4. Targeted advertising, outreach and recruitment to diversify the applicant pool in conjunction with general recruitment.
5. Relationships with organizations, agencies, and institutions for the purposes of diversity recruitment in conjunction with general recruitment.
6. Participation in community and institutional events for the purposes of diversity recruitment in conjunction with general recruitment.
7. Posting, notification, training and implementation of EEO policies to ensure equity and diversity friendly work environment and resolution avenues for EEO issues.
8. Selection processes that are non-discriminatory.

3. Affirmative Action and EEO Response Capacity Building Program

A. Building Executive Branch Capacity

HRD Diversity Management Services (DMS) is responsible for affirmative action/equal employment opportunity policy and program development, administration and coordination of implementation in the King County Executive Branch. DMS is responsible for leading the development and passage of the EEO/Affirmative Action Plan in conjunction with department management and its stakeholders, namely, the Employee-based EEO/AA Advisory Committee, the citizen King County Civil Rights Commission and the citizen 504-ADA Advisory Committee.

DMS' main focus continues to be building Affirmative Action and EEO response capacity in the Executive Branch through policy development, dissemination, provision of training or giving access to training consultants, coordinating responses to enforcement agency filed complaints, conducting pre-mediation assessments, Highlights of accomplishments and service enhancements for 2001 include:

- Training: Launched a new 3.5 hour mandatory class for managers and supervisors on Managing Diverse Employees. The class is well received with participant feedback ratings averaging 4.0 out of 5. Revised mandatory EEO/Anti-Sexual Harassment Class to include more information on recognizing forms of discrimination, appropriate response to complaints, and understanding enforcement agency investigative processes. Continued provision of pre-qualified pools of consultants for diversity and effective cross-cultural service provision training and facilitation. In addition, Risk Administration also launched mandatory online Workplace Harassment training for management.

- Data Management: Improved integration of human resources workforce and employee changes data from MSA and PeopleSoft human resources and payroll information. Developed division level reports to assist department management further plan and coordinate accomplishment of affirmative action hiring goals.
- Technical Assistance and Consultation: Continue to provide technical assistance and consultation to department management regarding discrimination issues, cross-cultural conflict and service delivery to diverse communities.

B. Disability Accommodation Program

The Executive Branch continues to provide disability accommodation services with specialists located in HRD, as well as in the Department of Adult and Juvenile Detention and the Department of Transportation. These professionals ensure that accommodations are handled properly and that the interactive process between the employee and the supervisor occur effectively. From August 2001 to December 2001, 217 employees were provided with disability accommodation services. Interestingly, as of December 31, 2001, only 282 employees self-identified as disabled under the County's Affirmative Action Program.

An employee receiving employment accommodation for his or her disability will also be reported as a person with disability for affirmative action purposes only. Confidentiality will be maintained pursuant to Affirmative Action Program and Americans with Disabilities Act requirements.

C. EEO Program

Employees can seek resolution of alleged discrimination issues internally and/or externally by filing with enforcement agencies such as the federal Equal Employment Opportunity Commission, the Washington State Human Rights Commission and the King County Office of Civil Rights Enforcement.

The five-year trend for formally filed complaints from 1997 to 2001 indicates a decrease in the complaints from 44 in 1997 to 24 in 2001. A 38% decrease in complaints occurred from 2000 to 2001 when complaints dropped from 39 to 24. The most frequently filed discrimination complaint basis continues to be race as well as retaliation. This information attests to the combined efforts of the department management, EEO coordinators, anti-harassment designees, personnel staff, labor, DMS and Prosecuting Attorney's Office to resolve issues, and create and maintain an equity and diversity conducive environment. Please see the tables on page 33 for specific information regarding formal complaint status and basis of complaint.

4. Employee Involvement

Executive Policy PER 22-5 (AEP) established the Employee-Based EEO/AA Advisory Committee. In 2001, they accomplished the following consistent with their purpose to:

- 1. To serve in an advisory capacity to the Executive in developing and reviewing strategies, systems, policies and guidelines to implement and enhance Equal Employment Opportunities and Affirmative Action objectives for the County.”**
 - In the spring and summer of 2001, the Committee reviewed and supported the proposed 2003-2004 Affirmative Action Plan, which included a proposed method to update the affirmative action workforce availability data using the new Census 2000 information. The Committee also supported an alternative plan proposed by the King County Civil Rights Commission to extend the current 1999-2001 Affirmative Action workforce availability data to 2002, and have the County submit to the Council by May of 2002, the proposed 2003-2004 Affirmative Action Plan. The Council adopted the latter.
 - In the winter of 2001, the Committee communicated to the Executive their concern over the reduced employment and development opportunities given the County's downsizing. The Committee recommended that regular employees have access to term limited temporary (TLT) jobs for development purposes, that TLT jobs be subject to affirmative action objectives as well as subject to posting and merit based hiring principles.
- 2. “To assist the County departments/divisions in maintaining an effective affirmative action plan of employment.”**
 - The Committee reviewed the 2000 year-end affirmative action progress report that indicated healthy affirmative action progress for people of color and women with increased attention necessary for persons with disabilities.
 - The Committee learned about the Executive Branch downsizing and reviewed the 2001 lay-off impact and placements on women, people of color and persons with disabilities. They were appreciative of Executive's strategy to implement a hiring freeze so as to conserve job opportunities for lay-off placement purposes. (For details see page 24 under Section 6 A 4: 2001 Layoff Impact and Placement.)
 - The Committee also actively participated in the 2001 Dr. Martin Luther King Celebration as sponsored by the Office of Civil Rights Enforcement.
- 3. “To provide a forum where County employees can discuss equal employment opportunity and affirmative action issues and concerns.”**

- The Committee completed its review of minority and female recruitment, hiring, training and retention of Police Officers, which was started in 2000. No further action was taken.
- The Committee continues to monitor the transit operator discipline issue, having concluded its review and recommendations in 2000. The Committee also gave input to the Executive and Department of Transportation Director on the hiring process and performance expectations for the new Transit Division Manager.

The Committee also continued to enhance its knowledge by conducting new member orientation and bringing speakers to the Committee on Undoing Institutional Racism and labor's role in addressing equity issue at the work place.

5. Management Accountability

Management accountability is identified in Section 5. Establishment of Responsibility for Implementation of the EEO/AE Plan. However, Initiative 200 has prompted changes in the way that the Policy and Plan accountability should be established for Department directors and managers. Previously, accountability was based on achievement of overall annual hiring goals in EEO job categories as a significant part of performance appraisal expectations.

Management will be held accountable for:

- Implementation of the EEO/Affirmative Action Plan requirements.
- Recruitment and outreach efforts consistent with affirmative action hiring objectives.
- Use of merit based selection tools in the hiring and promotion processes consistent with federal EEOC Uniform Guidelines on Employee Selection Procedures and Washington State's Human Rights Commission guide to Pre-Employment Inquiries. (These guidelines are located respectively at http://www.access.gpo.gov/nara/cfr/waisidx_00/29cfr1607_00.html and <http://www.wa.gov/hrc/> under Policy and Quality Improvement, click Commission Rules, click WAC 162-12-140.)
- Effective response to EEO complaints and maintenance of an equity and diversity conducive environment.

7. DEPARTMENTAL ACTION ORIENTED PLANS

(C.F.R. 60-2.17 (c))

Executive Branch departments and agencies are held accountable for ensuring equal employment opportunity and the success of affirmative action in the workplace towards a diverse workforce. Within 45 days of the adoption of this Affirmative Action Plan, each Executive department shall developed an affirmative action implementation plan with the following elements:

- Identification of under-represented EEO Job Categories.
- Current Vacancy Planning to identify opportunities for affirmative action.
- Identification of Strategies to achieve affirmative action such as recruitment and outreach to diversify applicant pools for targeted under-represented EEO Job Categories.

The departments will conduct annual vacancy planning which will include gathering information on current vacancies, projecting attrition of employees by race/ethnicity, gender and disability status for the coming year, reviewing current under-representation and determining overall affirmative action targets to ensure representation.

8. INTERNAL AUDIT AND REPORTING REQUIREMENTS

(41 C.F.R. 60-2.17(d))

King County believes that one of the most important elements in effectively implementing a written Affirmative Action Compliance Plan is an adequate internal audit and reporting system. Through this system, progress can be monitored and management kept informed. For this purpose, King County through HRD, has established the following internal audit and report system:

- 1) Monitor and evaluate department performance and County progress on a quarterly basis.
- 2) Prepare Council required semi-annual and annual reports on department affirmative action performance and provide copies to the King County Civil Rights Commission, the King County 504/ADA Advisory Committee and the Executive's Employee-based EEO/AA Advisory Committee.

Affirmative action performance reports will include workforce profiles and employee movement reports (new hires, promotions, transfers, demotions, terminations) to determine progress. Where appropriate, termination reports by reason will be developed should adverse impact be indicated.

- 3) Evaluate individual department's annual affirmative action performance for the County Executive to address department directors' accountability.
- 4) Monitor and advise departments of their EEO-AA performance in areas such as affirmative action progress, action oriented program effectiveness, provision of adequate resources, applicant flow, employee movement and discipline.
- 5) Develop an internal dispute resolution process, which allows employees and departments to resolve affirmative action and equal employment opportunity issues at the lowest level possible.

9. COMPLIANCE WITH THE OFCCP'S GENDER DISCRIMINATION GUIDELINES (41 C.F.R. 60-20)

King County complies with the gender discrimination guidelines as follows:

- King County's employment advertising does not express a gender preference and, if printed, does not appear in gender-segregated columns.
- King County's Personnel Guidelines and employment application forms expressly state that there will be no discrimination on the basis of gender.
- King County recruits employees of both genders for all positions.
- King County does not rely upon a state "protective" law to deny women employees the right to any job they are qualified to perform.
- King County offers employees of both genders an equal opportunity for any jobs they are qualified to perform, except when gender is a bona fide occupational qualification.
- King County does not make any distinction based upon gender with regard to employment opportunities, wages, hours or other terms and conditions of employment.
- King County does not make any distinction between married and unmarried persons of one gender that is not made between married and unmarried persons of the other gender.
- King County does not deny employment to women with young children.
- King County does not terminate employees of one gender in a particular job group when they reach a certain age, unless the same rule applies to members of the other gender.
- King County provides appropriate physical facilities to both genders.

- King County does not penalize, in conditions of employment, women who require time away from work for childbearing. When, under King County's leave policy, a woman employee would qualify for leave, then childbearing is considered a justification like any other for granting such leave, for a reasonable period of time. The conditions applicable to her leave and to her return to employment are in accordance with King County's leave policy with respect to all leaves of absence. Further, King County's maternity policy complies with the 1978 Pregnancy Amendment to Title VII of the Civil Rights Act of 1964.
- King County does not, on the basis of gender, specify any differences between men and women employees in retirement age.
- King County's wage schedules are not related to or based upon gender.
- King County does not discriminatorily restrict one gender to certain job groups.

In addition to the above, King County will continue to take affirmative action to encourage women to apply for all positions in King County for which they are qualified. King County management has been made aware of the requirements set forth above. Further, the principles contained in these guidelines have been incorporated into the EEO policy of King County.

10. SUPPORT OF COMMUNITY ACTION PROGRAMS

King County seeks to have its EEO commitment fully understood by the community for the purpose of diversifying our applicant pools and achieving a better understanding of the communities we serve. In an effort to achieve such awareness on the part of the community, the following steps have been and will continue to be taken:

- King County encourages members of its management to serve in local civic organizations and community development activities to gain a better understanding of local community issues.
- King County encourages its employees to participate in community programs. For example, King County sponsors internships, summer youth for the economically disadvantaged and summer hire for youth at the workplace. It also participates in Career Shadow Day and Take Your Children to Work to encourage young people to start thinking about future career goals. It also provides for the use of paid leave for volunteer work at schools and educational institutions.
- King County participates in local activities that encourages the involvement and integrates minorities, women and people with disabilities.

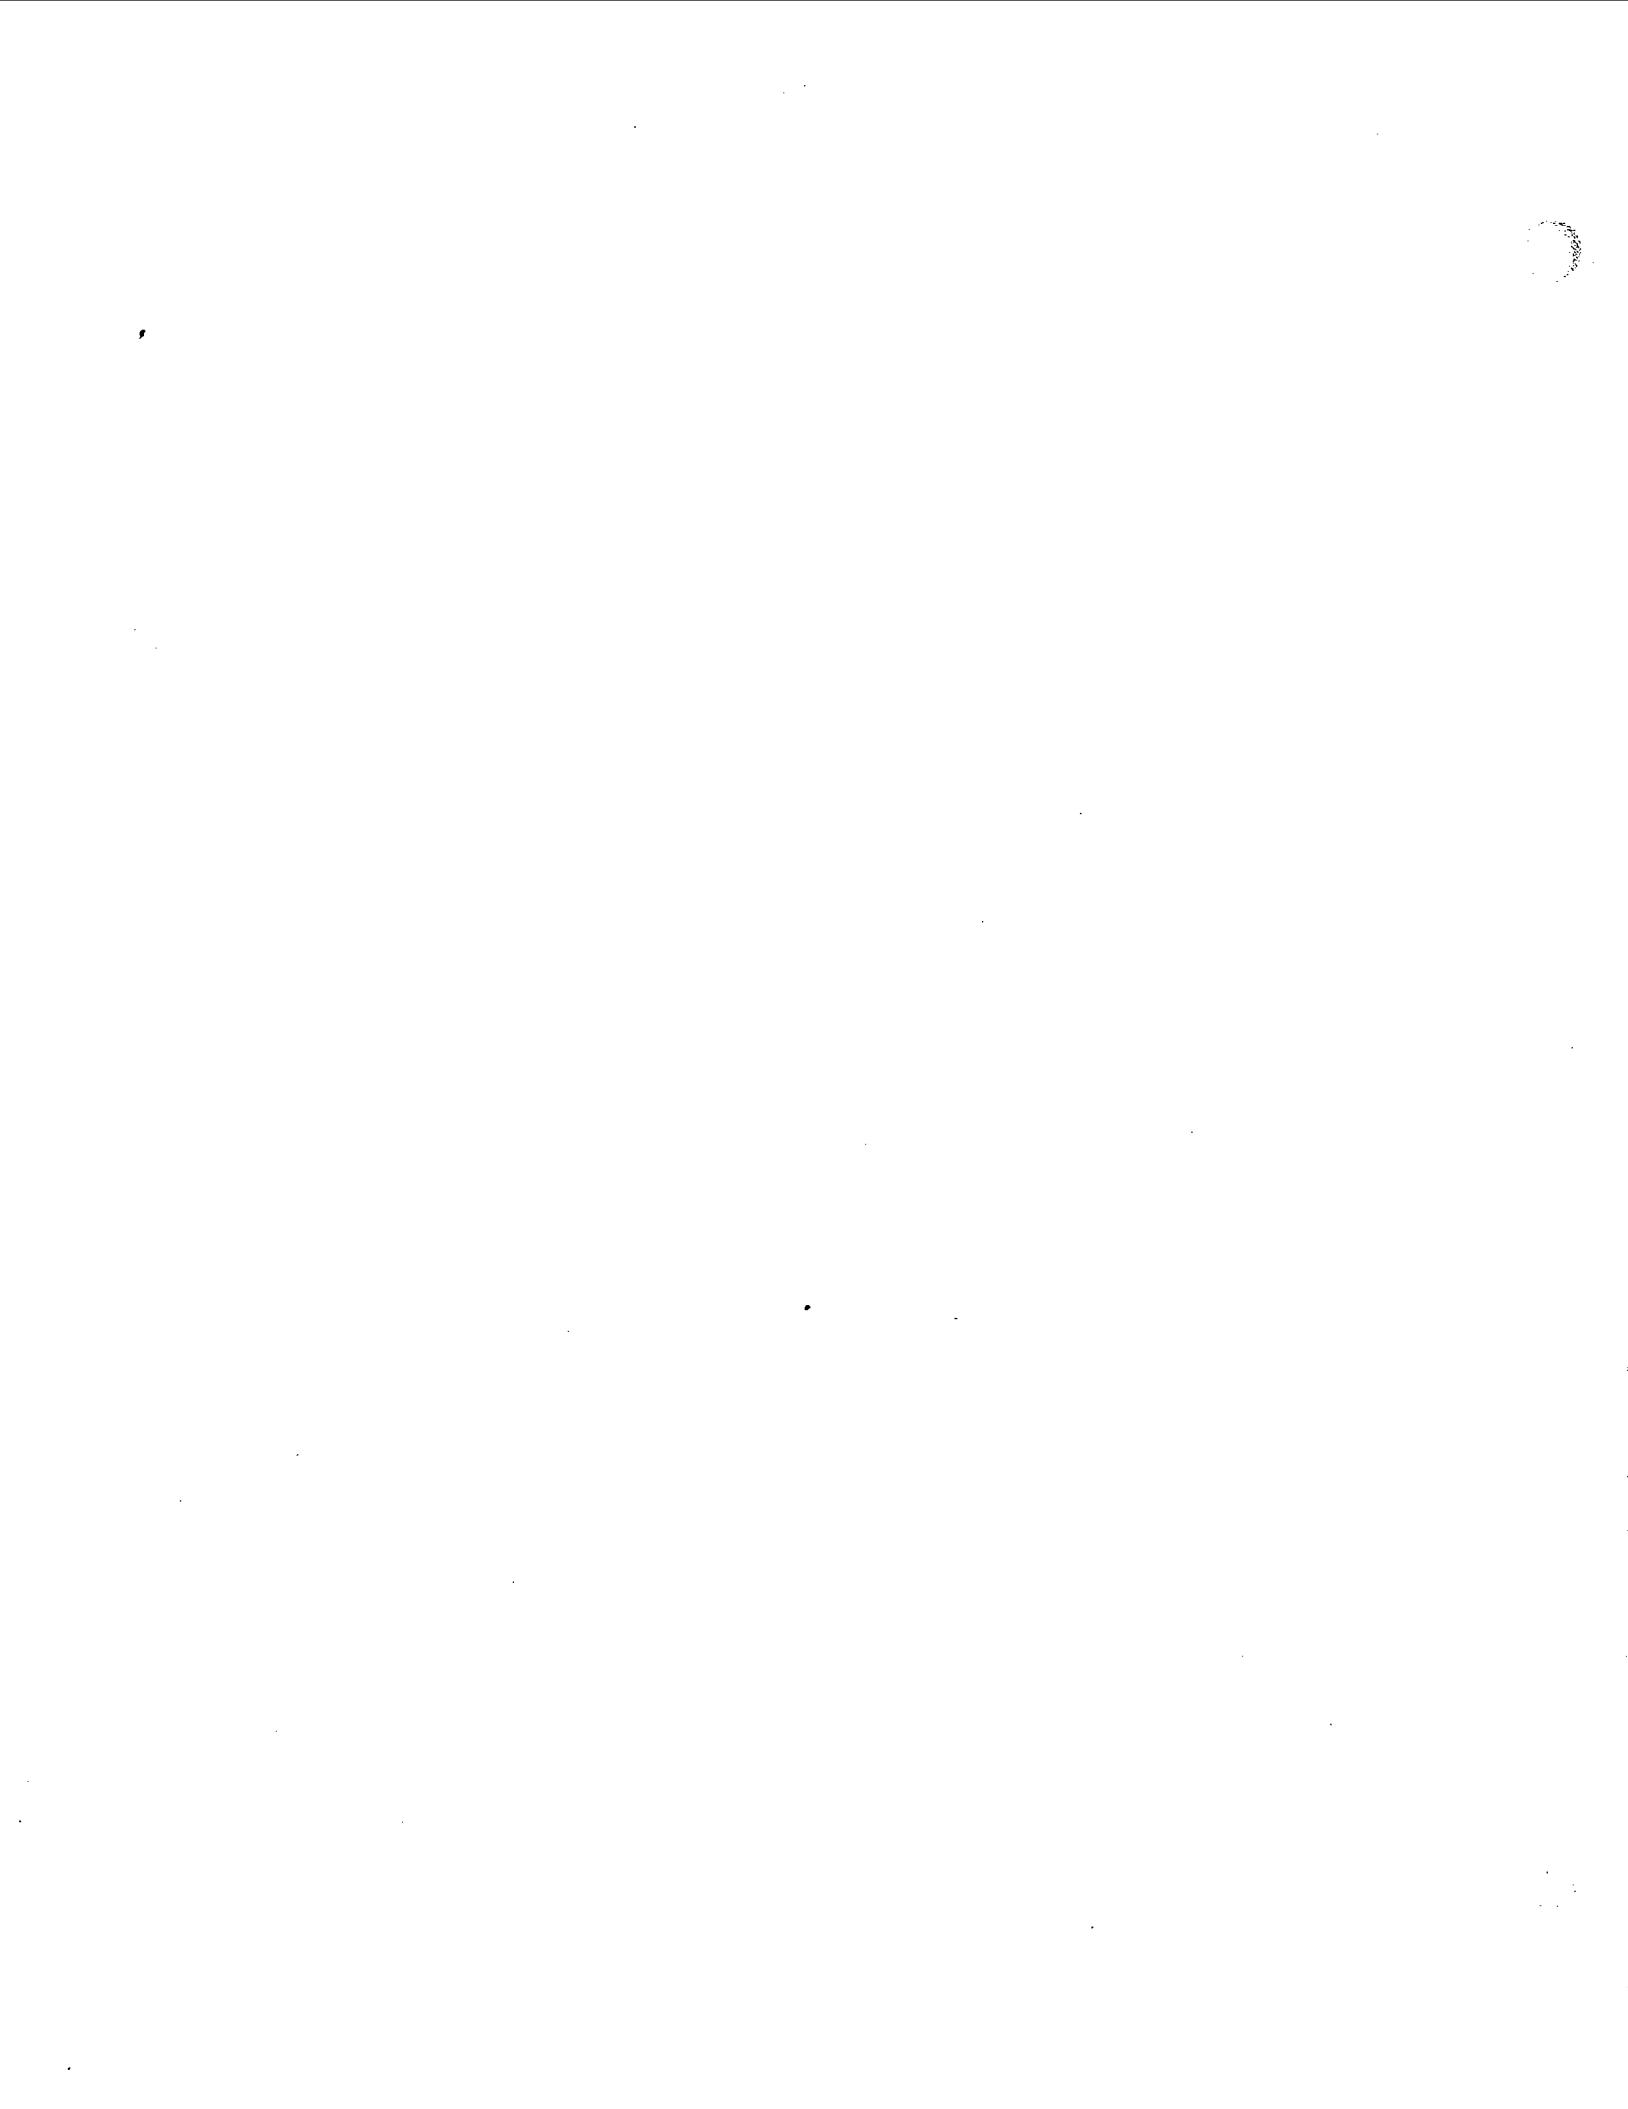

11. RELIGION AND NATIONAL ORIGIN DISCRIMINATION GUIDELINES

(41 C.F.R. Part 60-50)

King County is committed to providing and ensuring equal employment opportunity to all applicants and employees without regard to their religion or national origin.

- Internal communication of its policy with respect to nondiscrimination on the basis of religion or national origin.
- Notification to recruitment sources of King County's policy regarding nondiscrimination on the basis of religion or national origin.

King County accommodates the religious observances and practices of all employees and prospective employees except where such accommodation would result in an undue hardship in conducting its business.

APPENDIX 1:

AA PLAN PROGRAM DEFINITIONS

Workforce Profiles	Page Numbers
1. Affirmative Action Program Definitions	1.1
2. Definition & Verification of Race/Ethnicity, Gender and Disability	1.1 - 1.3
3. EEO Job Categories	1.4 - 1.5
4. Eight Factors for Establishing Workforce Availability Goals	1-6 - 1.7

1. AFFIRMATIVE ACTION PROGRAM DEFINITIONS

As defined in the King County Personnel Guidelines, affirmative action is: A temporary corrective program that is designed to ensure full representation of minorities, women and persons of disability in the workplace. (See page 61 of the King County Personnel Guidelines 10/01/00.)

2. DEFINITION & VERIFICATION OF RACE/ETHNICITY, GENDER, DISABILITY & VETERAN STATUS

A. Defining Employee Race/Ethnicity, Disability and Veteran Status

King County adopts the Office of Federal Contract Compliance Program's (OFCCP) definitions to identify a person's racial and ethnic status as listed below. Applicants and employees will self-identify for affirmative action purposes only.

Native American - all persons having origins in any of the original peoples of North America, including Alaska Natives, and who maintain cultural identification through tribal affiliation or community recognition.

Black - All persons having origins in any of the Black racial groups of Africa.

Asian - All persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa.

Hispanic - All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

Note: OFCCP states that only those persons from Central and South American countries who are of Spanish origin descent or culture should be included in the category Hispanic. Persons from Brazil, Guyana, Surinam or Trinidad, for example, would be classified according to their race and would not necessarily be included as Hispanic. The Portuguese should be excluded from the category Hispanic and should be classified according to race.

Individuals who have mixed ancestry will be asked to identify their primary cultural ethnic/race identification.

Persons With Disabilities - The definition below is for affirmative action purposes only.

A disability is a permanent physical, mental or sensory condition that is likely to limit an individual's ability to obtain, maintain, or advance in employment. The disability must be substantial rather than slight, and permanent in that it is seldom fully corrected by medical replacement, therapy or surgical means.

Special Disabled Veteran means "(i) A veteran who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Department of Veterans Affairs for a disability: (A) Rated 30% or more; (B) Rated at 10 or 20% in the case of a veteran who has been determined under 38 U.S.C. 3106 to have a serious employment handicap; or (ii) A person who was discharged or released from active duty because of a service-connected disability.

Veteran of Vietnam Era means "a person who (1) Served on active duty for a period of more than 180 days, and was discharged or released there from with other than a dishonorable discharge, if any such part of such active duty occurred: (I) In the Republic of Vietnam between February 28, 1961 and May 7, 1975; or (ii) Between August 5, 1964, and May 7, 1975, in all other cases; or (2) Was discharged or released from active duty for a service-connected disability if any part of such active duty was performed" in the above time period.

Job Accommodation - The County will reasonably accommodate the physical, mental, and/or sensory limitations of a qualified disabled employee.

First Aid and Safety - The supervisor and safety floor captain will be informed of the employee's disability to ensure employee safety in the event of an emergency i.e. for evacuation purposes.

4. DEFINITION OF EIGHT FACTOR AVAILABILITY ANALYSIS

The current plan utilizes local labor force and recruitment area statistics to determine the availability of minorities and women in the various EEO Job Categories. The Eight Factor Availability Analysis is the process used in determining the total weighted availability. External demographic factor data are derived from the most recent Census and Employment Security information available as well as graduation statistics for training institutions. Internal factor data is based on data specific to the organizational departments with relation to internal movement and in-house training.

Factor 1 - Population in Labor Area. This is the minority population of the labor area surrounding the facility. This includes all individuals in the labor area who are members of a minority group. The "immediate labor area" is the geographic area from which employees may reasonably commute.

Factor 2 - Size of Unemployment Force. This is the minority/female unemployment force in the local labor area. Data for this factor are derived from State Employment Security Office statistics.

Factor 3 - Work Force in Immediate Labor Area. - This is the percentage of minorities and women in the workforce compared to the total workforce in the local labor area.

Factor 4 - Requisite Skills in Immediate. This is the general availability of minorities and women having the requisite skills in the immediate labor area. The percentage of minorities/women having the requisite skills is calculated utilizing Occupational statistics from the 1990 Census for the immediate labor area.

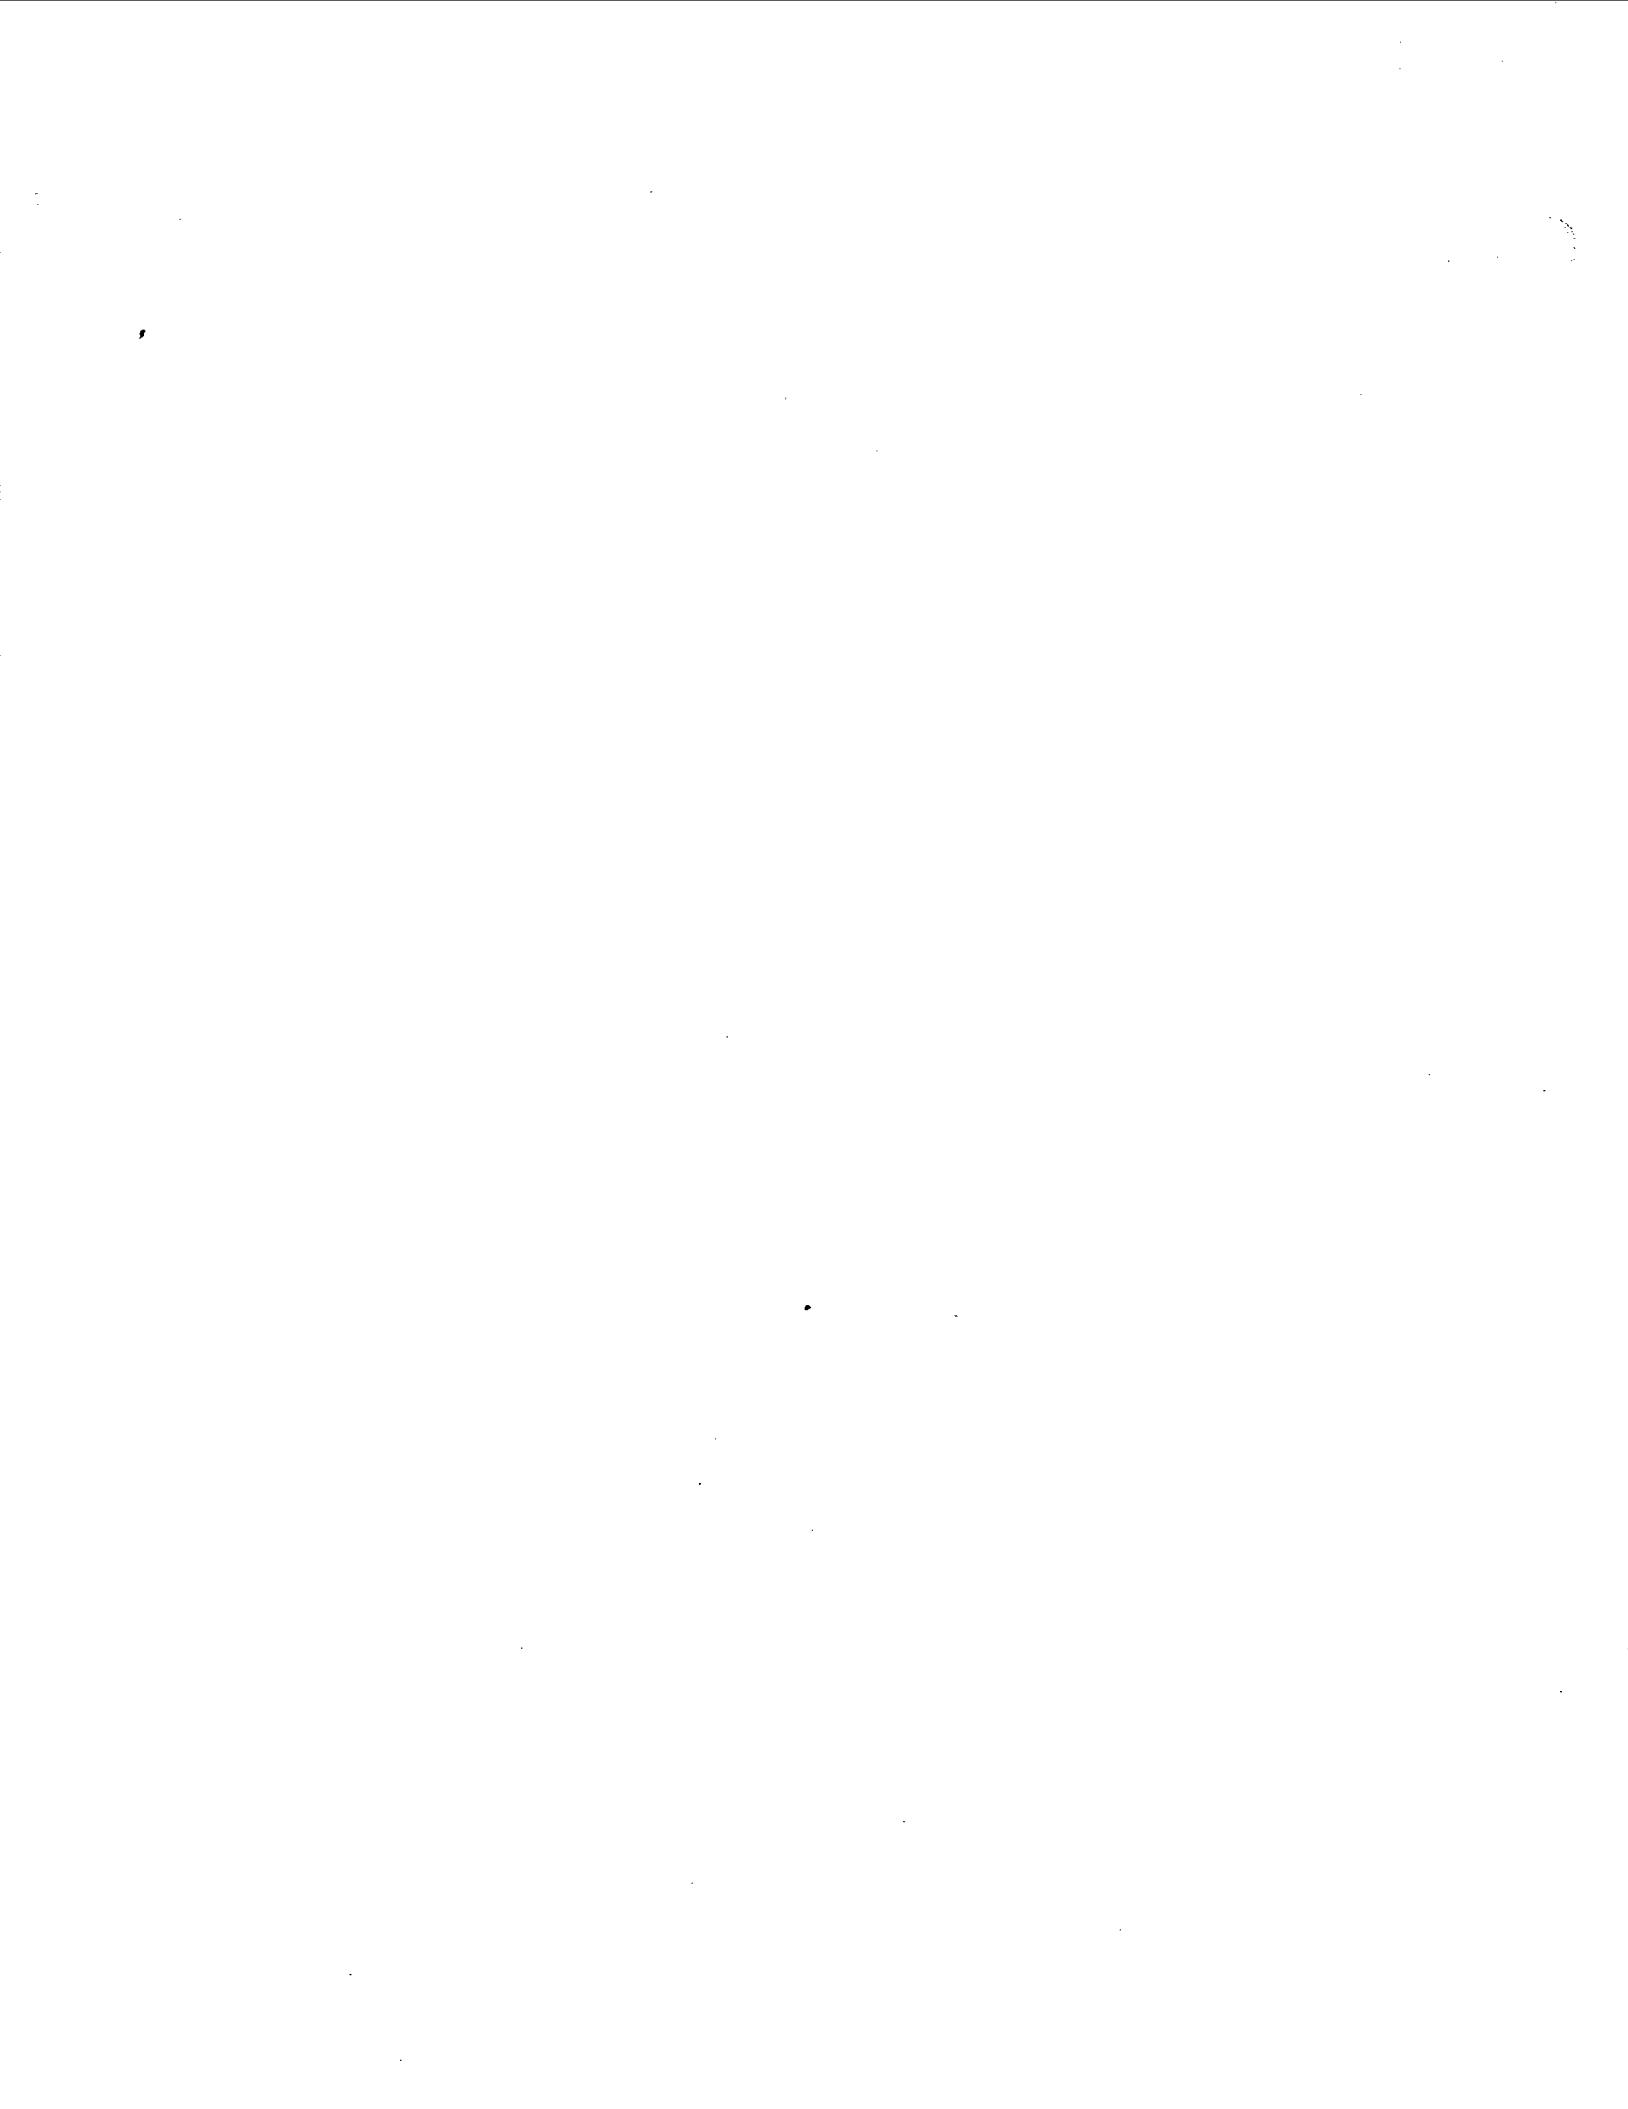

Factor 5 - Requisite Skills in Recruitment. This is the availability of minorities/women having the requisite skills that the employer can reasonably recruit. Data for this factor reflects the reasonable recruitment area from which each department could reasonably seek workers for a particular job category. Occupational statistics from the 1990 Census are used for the recruitment area.

Factor 6 - Available in Organization. This is the availability of promotable and transferable minorities/women within a particular department. This factor is based on internal historical data of promotions and transfers by job category for each department.

Factor 7 - Training Institutions. This is the percentage of minorities/women in training institutions that serve the recruitment area. These are colleges and universities where specific recruitment strategies are used to recruit minorities and women who have training in the requisite skills.

Factor 8 - In-House Training. This is the number of employees who, with the appropriate in-house training could become eligible for promotion or transfer. Data for this factor is based on historical data of minorities and females completing such training.

Factor 9 - Women Seeking Employment in Labor Area. This is actually a breakout of Factor 1. It includes the availability of all women seeking employment in the local labor or recruitment areas. (Note: This factor was originally identified to reflect women who chose to seek employment outside the home. Given the socio-economic changes in current society, other factors such 2, 3, 4 are more commonly used than this factor.)
