4 "BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

5 **SECTION 1. Findings:**

6 A. On February 29, 2020, public health - Seattle & King County confirmed the  
7 first cases of the novel coronavirus ("COVID-19"), including one death, in the county.

8 B. COVID-19 is an infectious disease that can result in serious illness or death  
9 and can easily spread from person to person; and is classified by the World Health  
10 Organization as a pandemic that spreads easily from person to person and may result in  
11 serious illness or death.

12 C. On February 29, 2020, Washington state Governor Jay Inslee signed a  
13 proclamation declaring a state of emergency exists in all counties in Washington state  
14 due to the number of confirmed cases of COVID-19 in the state and directed that the  
15 plans and procedures of the Washington State Comprehensive Emergency Management  
16 Plan be implemented. The Washington State Comprehensive Emergency Management  
17 Plan regards the role of local government in the event of an emergency as providing "a  
18 key role in communicating with the public and helping people, businesses, and

19 organizations cope with the consequences of an emergency or disaster within the  
20 jurisdiction."

21 D. On March 1, 2020, King County executive Dow Constantine signed a  
22 proclamation of emergency enabling "extraordinary measures" to respond to the COVID-  
23 19 outbreak. On March 3, 2020, the council passed Motion 15610 affirming the  
24 executive's proclamation of emergency.

25 E. As a result of the continued worldwide spread of COVID-19, its significant  
26 progression in Washington state, and the high risk it poses to our most-vulnerable  
27 populations, on March 23, 2020, the Governor issued a "Stay Home - Stay Healthy" order  
28 prohibiting, with limited exceptions, all people in Washington state from leaving their  
29 homes or participating in social, spiritual and recreational gatherings of any kind  
30 regardless of the number of participants, and required all nonessential businesses in  
31 Washington state to cease operations except for performing basic minimal operations. In  
32 describing COVID-19's impact on public health and the economy, the order noted the  
33 pandemic's progression in Washington state that continues to threaten the economy and  
34 remains a public disaster affecting life, health, property or the public peace.

35 F. On April 2, 2020, the Governor extended the "Stay Home - Stay Healthy"  
36 order through May 4, 2020, because conditions necessitate that to protect the health and  
37 safety of all Washingtonians, the stringent restrictions imposed on the people of  
38 Washington must be continued.

39 G. As a result of the Governor's order, most businesses and organizations,  
40 including those that promote tourism and attract tourists, are closed to the public.

41 H. COVID-19 and the related preventative measures necessitated by COVID-19

42 are causing devastating economic effects in Washington and across the nation. Based on  
43 statistics from the U.S. Bureau of Labor Statistics, Washington's unemployment rate  
44 increased to 5.1 percent in March 2020 and the state's economy lost more than 11,000  
45 jobs. As of April 23, 2020, 605,114 people in Washington filed for unemployment  
46 benefits since mid-March. Those numbers are expected to surge in the coming weeks as  
47 previously ineligible employees such as independent contractors and part-time employees  
48 can start applying for benefits under the expansion of unemployment benefits.

49 I. As of April 23, 2020, across the nation, approximately 5.8 million  
50 unemployment claims were filed on average over the past four weeks. On April 15,  
51 2020, the U.S. Department of Commerce reported the steepest monthly drop in retail  
52 sales since record keeping began nearly 30 years ago, and the Federal Reserve said  
53 industrial production had recorded its biggest decline since 1946.

54 J. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act  
55 ("the CARES Act"), a \$2.2 trillion federal stimulus package, became law. The CARES  
56 Act provides relief to a wide range of entities including \$350 billion in grants and loans  
57 for small businesses. Economic relief is in high demand. For example, only 20 days  
58 later, on April 16, 2020, the Small Business Administration announced its CARES Act  
59 small business loan program is out of funding, with more than 1.4 million loans  
60 approved. On April 24, 2020, the Paycheck Protection Program and Health Care  
61 Enhancement Act ("the PPP"), a second round of emergency economic stimulus funding  
62 of \$484 billion to replenish and supplement financial support for critical programs under  
63 the CARES Act, became law. The PPP is intended, among other things, to replenish the  
64 depleted small business loan program.

65 K. The CARES Act provides relief to state and local governments through a  
66 variety of federal programs, such as the Federal Emergency Management Agency, the  
67 Housing and Urban Development's Community Development Block Grants and Public  
68 Health and Social Services Emergency Fund through Health and Human Services, as well  
69 the Treasury Department's Coronavirus Relief Fund and the Federal Reserve's municipal  
70 liquidity facility, among others. Certain of these relief programs apply to the county,  
71 which the county will use to either pay or reimburse, or both pay and reimburse, the  
72 county for necessary expenditures incurred due to the public health emergency, including  
73 expenses preparing for, responding to and preventing COVID-19. During the week of  
74 April 20, 2020, the county received \$262 million from the Treasury Department's  
75 Coronavirus Relief Fund.

76 L. The health of the county's economy is of deep concern. In the context of these  
77 unique circumstances, the county is responding by taking appropriate action to address  
78 the resulting economic impacts of COVID-19 and prevent small businesses from having  
79 to close permanently due to hardship associated with government-mandated closure of  
80 their business. The intent and purpose of the appropriation authorized in sections 3 and  
81 12 of this ordinance is to ensure compliance with public health guidelines at the same  
82 time as contributing to the prevention of the region's economic collapse from the  
83 COVID-19 public health emergency, and thus serving a fundamental governmental  
84 purpose. In response, the county anticipates realizing additional public benefits to the  
85 region's economy of preventing job losses, evictions, foreclosures, bankruptcies and  
86 permanent business closures, while also maintaining current tax revenues. If the county  
87 does not take such reasonable action, it may face resistance in continued compliance with

88 public health orders from small businesses and may bear the burden of reducing services  
89 and postponing or cancelling critical capital projects, among others, should tax revenues  
90 significantly decline.

91 M. The regional tourism industry and the continued viability of local institutions  
92 and organizations that promote tourism and attract tourists to support that industry are  
93 also of great concern to the county. The intent and purpose of the appropriation  
94 authorized in section 21 of this ordinance is to ensure compliance with public health  
95 guidelines at the same time as supporting the arts, arts, culture or science organizations  
96 that provide education programs, cultural, heritage, preservation and science  
97 organizations, as well as other tourist destinations and attractions including live music  
98 venues, to help prevent the industry's collapse, and thus serving a fundamental  
99 governmental purpose. The county anticipates such support will result in additional  
100 public benefits to the region's economy of preventing job losses, bankruptcies and  
101 permanent closures, while also maintaining the viability of the arts, cultural, heritage,  
102 preservation, science and tourism facilities and programs to be enjoyed by county  
103 residents and visitors and that will generate tax revenues in the county.

104 N. It is expected that even as the public health orders are lifted, the businesses  
105 and organizations that make up this region's economy will continue to suffer the lingering  
106 effects of the "Stay Home - Stay Healthy" order. Investing now in small businesses as  
107 well as those businesses and organizations that promote tourism and attract tourists will  
108 be critical to revitalizing the region's economy.

109 O. The council recognizes the devastating impacts of COVID-19 throughout the  
110 county and relief is necessary for every community impacted, and particularly those

111 historically disadvantaged communities that are more adversely impacted by COVID-19.

112 P. The well-being of homeless youth through twenty-four years old is of  
113 considerable concern during the COVID-19 public health emergency. The Strategic Plan  
114 for the Washington State Office of Homeless Youth defines homeless youth as "...the  
115 population age 12 through 24, who are living on their own, without a parent or guardian,  
116 and are without a safe, stable living arrangement." There is research showing that the  
117 adolescent brain is not fully developed until the age of twenty-five and that adolescence  
118 is a period during which the frontal lobe of the brain undergoes great change. King  
119 County's Youth Action Plan, adopted by Motion 14378, recognizes the critical brain  
120 development that occurs during the first two and a half decades of life and acknowledges  
121 the opportunity to have a positive impact in each youth's development during that time.  
122 The Best Starts for Kids Implementation Plan, approved by Ordinance 18373, notes that  
123 adolescence is a critical period when patterns of health-promoting or potentially health-  
124 damaging behaviors are established and discusses the potentially life-altering impacts of  
125 adverse childhood experiences, trauma and toxic stress. The emotional and physical  
126 disruption caused by the COVID-19 public health emergency has the potential to be  
127 traumatic to youth under twenty-five years old due to the developing nature of their  
128 brains. That is especially true for youth experiencing homelessness who are already at  
129 risk for adverse outcomes due to trauma. The intent and purpose of the appropriation in  
130 section 22 of this ordinance is to ensure compliance with public health guidelines at  
131 shelters serving homeless youth, as well as to provide needed support for homeless youth  
132 through twenty-four years old.

133 Q. All of the public health, economic stability, housing, programming, judicial

134 and other costs proposed in this ordinance are in the public interest, reasonable and  
135 necessary expenditures to prevent, prepare for and respond to COVID-19 and incurred  
136 due to the COVID-19 public health emergency. Such costs were not accounted for in the  
137 state or county budgets most recently approved and will be incurred by the county before  
138 December 31, 2020.

139 R. The council has authority to enact an emergency appropriation ordinance as  
140 set forth in Section 470.20 of the King County Charter.

141 SECTION 2. Ordinance 18835, Section 7, as amended, is hereby amended as

208 Expenditure Restriction ER4, all remaining moneys shall be expended or encumbered  
209 solely to provide grants to every King County city, except for the city of Seattle, to

222 expenditure restriction, determining what qualifies a community as "most impacted by  
223 the COVID-19 public health emergency," and selection criteria for awarding grants, as  
224 well as identifying the appropriate county agency to administer the parts of the relief  
225 program that have not been specified in this Expenditure Restriction ER4. The

226 workgroup shall be convened within five business days after the effective date of this  
227 ordinance.

228 P1 PROVIDED THAT:

229 Of this appropriation, \$100,000 shall not be expended or encumbered until the  
230 office of performance, strategy and budget transmits a report providing a model for  
231 downwardly adjusting the value of rights-of-way in road vacation petitions and for  
232 estimating the processing costs for such petitions, and until the director of the office of  
233 performance, strategy and budget or designee participates in one examiner hearing and  
234 answers questions during the hearing related to that modeling. The report under this  
235 proviso will provide the hearing examiner information necessary to make a determination  
236 of how to "adjust" the "appraised value" of rights-of-way, in accordance with RCW  
237 36.87.120.

238 The report shall include, but not be limited to, a model for estimating:

239 A. The net present value of a future tax stream from transferring a right-of-way  
240 area to private ownership;

241 B. The avoided liability risk associated with vacating: actual opened roads;  
242 frequently-traversed public areas; and undeveloped, unopened rights-of-way;

243 C. The avoided costs for management or maintenance associated with vacating:  
244 actual opened roads; frequently traversed public areas; and undeveloped, unopened  
245 rights-of-way; and

246 D. The department of local services average processing costs for a typical road  
247 vacation petition.

248 The executive must file the report by February 1, 2019, in the form of a paper

249 original and an electronic copy with the clerk of the council, who shall retain the original  
250 and provide an electronic copy to the hearing examiner, and the director of the office of  
251 performance, strategy and budget or designee must participate in one examiner hearing  
252 by May 1, 2019. After the examiner holds the public hearing on behalf of the council, the  
253 examiner will file that report, along with the examiner's recommendation, in the form of a  
254 paper copy and an electronic copy with the clerk of the council, who shall retain the  
255 original copy and provide an electronic copy to all councilmembers and the council chief  
256 of staff.

257 P2 PROVIDED FURTHER THAT:

258 Of this appropriation, \$100,000 shall not be expended or encumbered until the  
259 executive transmits a report on countywide performance measures and a motion that  
260 should acknowledge receipt of the report and reference the subject matter, the proviso's  
261 ordinance, ordinance section and proviso number in both the title and body of the motion,  
262 and a motion acknowledging receipt of a countywide performance measures report is  
263 passed by the council.

264 The countywide performance measures report shall include, but not be limited to:

265 A. A description of the county's performance measure processes, including data  
266 collection and evaluation methods;

267 B. A description of performance measures currently reported by each county  
268 agency;

269 C. Performance measures results for 2017 and 2018 for all agencies reporting to  
270 the county executive. For all other county agencies, the report should include either any  
271 performance measures or analysis of performance data accessible to the office of

272 performance, strategy and budget, or both, for 2017 and 2018;

273 D. Information on how the county's performance measures and performance  
274 measure process compare to other jurisdictions; and

275 E. A description of any recommended improvements to the county's performance  
276 measurement process.

277 The executive should file the countywide performance measures report and a  
278 motion required by this proviso by December 1, 2019, in the form of a paper original and  
279 an electronic copy with the clerk of the council, who shall retain the original and provide  
280 an electronic copy to all councilmembers, the council chief of staff and the lead staff for  
281 the committee of the whole, or its successor.

282 P3 PROVIDED FURTHER THAT:

283 Of this appropriation, \$100,000 shall not be expended or encumbered until the  
284 executive transmits a King County pretrial reform report from a workgroup to be  
285 established by the executive in accordance with this proviso and a motion that  
286 acknowledges receipt of report, and a motion is passed by the council. The motion  
287 should reference the subject matter, the proviso's ordinance, ordinance section and  
288 proviso number in both the title and body of the motion.

289 The workgroup shall be convened by the office of performance, strategy and  
290 budget and shall include representatives from the department of public defense,  
291 prosecuting attorney's office, the superior and districts courts, the department of adult and  
292 juvenile detention, the council, the department of judicial administration and community  
293 and nonprofit organizations working to reduce pretrial incarceration. The workgroup  
294 shall consult with community stakeholders, including those representing victims of crime.

295 The activities of the workgroup shall include, but not be limited to:

296 A. Reviewing quantitative and qualitative data to evaluate the number of adults  
297 held in King County correction facilities who have not been adjudicated or sentenced  
298 ("pretrial") and why;

299 B. Developing recommendations based on the review conducted in Section A of  
300 this proviso to reduce the number of nonviolent pretrial adults held in King County  
301 correction facilities; and

302 C. Developing recommendations to improve collection and integration of King  
303 County data related to pretrial detention to allow for meaningful analysis.

304 The King County pretrial reform report shall include, but not be limited to: (1) a  
305 quantitative analysis of the current pretrial jail population and a qualitative review of the  
306 current pretrial process to inform an analysis of the factors that are contributing to pretrial  
307 detention; (2) documentation of the activities conducted by the workgroup as required by  
308 this proviso; (3) the recommendations identified by the workgroup as required by this  
309 proviso; and (4) from a noncounty subject matter expert on pretrial detention,  
310 recommendations of specific actions King County can take to reduce pretrial detention  
311 and issues related thereto.

312 The executive should file the report and a motion required by this proviso by July  
313 31, 2019, in the form of a paper original and an electronic copy with the clerk of the  
314 council, who shall retain the original and provide an electronic copy to all  
315 councilmembers, the council chief of staff and the lead staff for the law and justice  
316 committee, or its successor.

317 P4 PROVIDED FURTHER THAT:

318           Of this appropriation, \$100,000 shall not be expended or encumbered until the  
319 executive transmits the feasibility study for a waste to energy facility to manage the  
320 region's solid waste that provides a comparison to waste export by rail and a motion that  
321 should acknowledge receipt of the feasibility study and reference the subject matter, the  
322 proviso's ordinance, ordinance section and proviso number in both the title and body of  
323 the motion and a motion acknowledging receipt of the feasibility study is passed by the  
324 council. The study should be performed by a contractor with significant experience in  
325 the field of waste management and recycling, demonstrated expertise with waste to  
326 energy technology and familiarity with the capital and operating needs of waste to energy  
327 facilities located around the world, and shall primarily consider a waste to energy facility  
328 that uses mass burn technology. The contractor may also identify other technologies that  
329 may be feasible to accommodate the current and future projections for the amount and  
330 composition of the county's waste stream. The solid waste division must provide the  
331 county's waste tonnage forecast model to the contractor upon request and explain any  
332 assumptions.

333           The feasibility study shall include, but not be limited to:

334           A. A review of factors that may affect the county's future waste tonnage forecast  
335 completed in 2018, and an analysis, with a range of estimates, of how different  
336 assumptions could affect the forecast;

337           B. A discussion of the potential for exporting the county's waste by rail that  
338 includes an analysis of the future rail capacity forecast, the estimated capital and  
339 operating costs and the environmental impacts;

340           C. An evaluation of the size of a waste to energy facility that would be needed to

341 accommodate the county's solid waste over a twenty to fifty year time horizon, beginning  
342 in 2025, with any assumptions clearly articulated, and a description of any siting needs  
343 including the necessary parcel size;

344 D. A discussion of the costs of a waste to energy facility and potential financing  
345 options that includes estimates for the capital costs, the annual operating and maintenance  
346 costs and the estimated impact on the county's tipping fee, with any assumptions clearly  
347 articulated;

348 E. A discussion of any environmental impacts of a waste to energy facility;

349 F. An assessment of regional electricity markets and the regulatory structure to  
350 produce an estimate of potential revenues from the sale of electricity by a waste to energy  
351 facility;

352 G. An analysis of other potential revenue sources from the potential byproducts  
353 of a waste to energy facility that includes, but is not limited to, the sale of recovered  
354 metals and possible uses of bottom ash;

355 H. A discussion of the state and federal regulatory environment related to waste  
356 to energy facilities; and

357 I. A reasonable timeline for implementation of a waste to energy facility, and an  
358 analysis of the potential impact on the lifespan and capacity of the Cedar Hills regional  
359 landfill if a waste to energy facility was developed according to this timeline.

360 The executive should file the feasibility study and a motion required by this  
361 proviso by October 4, 2019, in the form of a paper original and an electronic copy with  
362 the clerk of the council, who shall retain the original and provide an electronic copy to all  
363 councilmembers, the council chief of staff and the lead staff for the committee of the

364 whole, or its successor.

365 P5 PROVIDED FURTHER THAT:

366 Of this appropriation, \$100,000 shall not be expended or encumbered until the  
367 executive transmits a report on parity between the prosecuting attorney's office and the  
368 department of public defense and a motion that should acknowledge receipt of the report  
369 and reference the subject matter, the proviso's ordinance, ordinance section and proviso  
370 number in both the title and body of the motion and a motion acknowledging receipt of
