Subject: Proposed Ordinance No. 2020-0253
Date: Tuesday, July 21, 2020 11:21:53 PM

To Whom it May Concern,

My husband and I have been citizens of King County for 27 years and we want to encourage the passage of Proposed Ordinance No. 2020-0253. We believe anyone under eighteen who has been picked up by law enforcement must have the protection of legal counsel before questioning and/or body or property searching is undertaken. Our appreciation to the Law and Justice Committee for continual scrutiny of policies and procedures in order to achieve justice in the law.

Sincerely,

Chris and Bill Marks
