

**KING COUNTY
DEPARTMENT OF NATURAL RESOURCES AND PARKS
WATER AND LAND RESOURCES DIVISION**

**Report to the King County Hearing Examiner for Property
Enrollment in the Public Benefit Rating System (PBR)**

July 30, 2020 – Public Hearing

APPLICANT: Lynn Howland

File No. E19CT035

A. GENERAL INFORMATION:

- 1. Owner: Lynn Howland
PO BOX 429
Ravensdale, WA 98057
- 2. Property location: 24649 SE 184th Street
Maple Valley, WA 98038
- 3. Zoning: RA5
- 4. STR: SW-35-23-06
- 5. PBR category requested by applicants:

Open space resource
Farm and agricultural conservation land

- 6. Parcel: 352306-9134
 - Total acreage 7.51
 - Requested PBR: 7.00
 - Home site/excluded area: 0.77
 - Recommended PBR: 6.74***

NOTE: The portion recommended for enrollment in PBR is the entire property less the excluded areas as measured. The attached 2017 aerial photo outlines the parcel in yellow. In the event the Assessor’s official parcel size is revised, PBR acreage should be administratively adjusted to reflect that change.

***Recommended PBR acreage is dependent upon the property’s qualification for the farm and agricultural conservation land category, which requires the enrolled acreage be farmed according to an approved farm management plan. Without award of this category, the property is not eligible to participate in PBR**

Exhibit no.	1
Case name	Lynn Howland
Case number	E19CT035
Date received	7/30/2020
KING COUNTY HEARING EXAMINER	

B. FACTS:

1. Zoning in the vicinity: Properties in the vicinity are zoned RA5.
2. Development of the subject property and resource characteristics of open space area: The property has a residence, barn, 5 sheds, garden, driveway, septic drainfield. There are future plans to build a barn, a garage and moving some of the sheds around the property. The open space portion of the property consists of pasture, riding arena, barn, 5 sheds, and a horse shelter.
3. Site use: The property is used as farm and residence.
4. Access: The property is accessed from SE 184th Street.
5. Appraised value for 2019 (based on Assessor’s information dated 04/14/2020):

<u>Parcel #352306-9134</u>	<u>Land</u>	<u>Improvements</u>	<u>Total</u>
Appraised value	\$337,000.00*	\$338,000.00	\$675,000.00
Tax applied	\$3,998.52	\$4,010.39	\$8,008.91

NOTE: Participation in PBRS reduces the appraised land value for the portion of the property enrolled resulting in a lower taxable value.

C. REQUIREMENTS SPECIFIED BY KING COUNTY CODE (KCC):

KCC 20.36.010 Purpose and intent.

It is in the best interest of the county to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the county and its citizens.

It is the intent of this chapter to implement RCW Chapter 84.34, as amended, by establishing procedures, rules and fees for the consideration of applications for public benefit rating system assessed valuation on "open space land" and for current use assessment on "farm and agricultural land" and "timber land" as those lands are defined in RCW 84.34.020. The provisions of RCW chapter 84.34, and the regulations adopted thereunder shall govern the matters not expressly covered in this chapter.

KCC 20.36.100 Public benefit rating system for open space land – definitions and eligibility.

- A. To be eligible for open space classification under the public benefit rating system, property must contain one or more qualifying open space resources and have at least five points as determined under this section. The department will review each application and recommend award of credit for current use of property that is the subject of the

application. In making such recommendation, the department will utilize the point system described in section B. and C. below.

- B. The following open space resources are each eligible for the points indicated:
1. Public recreation area – five points
 2. Aquifer protection area – five points
 3. Buffer to public or current use classified land – three points
 4. Equestrian-pedestrian-bicycle trail linkage – thirty-five points
 5. Active trail linkage – fifteen or twenty-five points
 6. Farm and agricultural conservation land – five points
 7. Forest stewardship land – five points
 8. Historic landmark or archaeological site: buffer to a designated site – three points
 9. Historic landmark or archaeological site: designated site – five points
 10. Historic landmark or archaeological site: eligible site – three points
 11. Rural open space – five points
 12. Rural stewardship land – five points
 13. Scenic resource, viewpoint, or view corridor – five points
 14. Significant plant or ecological site – five points
 15. Significant wildlife or salmonid habitat – five points
 16. Special animal site – three points
 17. Surface water quality buffer – five points
 18. Urban open space – five points
 19. Watershed protection area – five points
- C. Property qualifying for an open space category in subsection B. of this section may receive credit for additional points as follows:
1. Resource restoration - five points
 2. Additional surface water quality buffer - three or five points
 3. Contiguous parcels under separate ownership - two points
 4. Conservation easement of historic easement – fifteen points
 5. Public access - points dependent on level of access
 - a. Unlimited public access - five points
 - b. Limited public access - sensitive areas - five points
 - c. Environmental education access – three points
 - d. Seasonal limited public access - three points
 - e. None or members only – zero points
 6. Easement and access – thirty-five points

D. 2016 COMPREHENSIVE PLAN POLICIES AND TEXT:

E-101 In addition to its regulatory authority, King County should use incentives to protect and restore the natural environment whenever practicable. Incentives shall be monitored and periodically reviewed to determine their effectiveness in terms of protecting natural resources.

NOTE: Monitoring of participating lands is the responsibility of both department PBRS staff and the landowner. This issue is addressed in the Resource Information document (page 4) and detailed below in Recommendation #B10.

E-112a The protection of lands where development would pose hazards to health, property, important ecological functions or environmental quality shall be achieved through acquisition, enhancement, incentive programs and appropriate regulations. The following critical areas are particularly susceptible and shall be protected in King County:

- a. Floodways of 100-year floodplains;
- b. Slopes with a grade of 40% or more or landslide hazards that cannot be mitigated;
- c. Wetlands and their protective buffers;
- d. Aquatic areas, including streams, lakes, marine shorelines and their protective buffers;
- e. Channel migration hazard areas;
- f. Critical Aquifer Recharge Areas;
- g. Fish and Wildlife Habitat Conservation Areas; and
- h. Volcanic hazard areas.

E-421 Terrestrial and aquatic habitats should be conserved and enhanced to protect and improve conditions for fish and wildlife.

NOTE: PBRS is an incentive program provided to encourage voluntary protection of open space resources and maintain high quality resource lands.

E-429 King County should provide incentives for private landowners who are seeking to remove invasive plants and noxious weeds and replace them with native plants, such as providing technical assistance or access to appropriate native plants.

NOTE: Participation in PBRS requires landowners address invasive plant and noxious weed control and removal within enrolled portions of a property. Replacement with native vegetation is also encouraged via the implementation of approved forest stewardship, rural stewardship or resource restoration plans.

E-443 King County should promote voluntary wildlife habitat enhancement projects by private individuals and businesses through educational, active stewardship, and incentive programs.

E-476 King County should identify upland areas of native vegetation that connect wetlands to upland habitats and that connect upland habitats to each other. The county should seek protection of these areas through acquisition, stewardship plans, and incentive programs such as the Public Benefit Rating System and the Transfer of Development Rights Program.

E-504 King County should protect native plant communities by encouraging management and control of nonnative invasive plants, including aquatic plants. Environmentally sound methods of vegetation control should be used to control noxious weeds.

NOTE: Lands participating in PBRS provide valuable resource protection and promote the preservation or enhancement of native vegetation. Addressing nonnative vegetation (invasive plant species), through control and eradication is a PBRS requirement.

E-449 King County shall promote retention of forest cover and significant trees using a mix of regulations, incentives, and technical assistance.

R-605 Forestry and agriculture best management practices are encouraged because of their multiple benefits, including natural resource preservation and protection.

NOTE: The implementation of an approved forest stewardship, farm management or rural stewardship plan benefits natural resources, such as wildlife habitat, stream buffers and groundwater protection, as well as fosters the preservation of sustainable resources.

E. PBRS CATEGORY REQUESTED and DEPARTMENT RECOMMENDATIONS:

Open space resource

- Farm and agricultural conservation land

In order for the property to qualify for this category and enroll in PBRS, an approved farm management plan must be implemented. The owners must work with the King Conservation District to develop a farm management plan. Credit for this category is recommended dependent upon this plan being **received by the department on or before December 31, 2020.**

NOTE: It is important to note that enrollment in the PBRS program requires the control and removal of invasive plant species. This issue is addressed in the Resource Information document (page 3) and below in Recommendation #B7.

CONCLUSIONS AND RECOMMENDATIONS

A. CONCLUSIONS:

1. Approval of the subject request would be consistent with the specific purpose and intent of KCC 20.36.010.
2. Approval of the subject request would be consistent with policy E-101 of the King County Comprehensive Plan.

3. Of the points recommended, the subject request meets the mandatory criteria of KCC 20.36.100 as indicated:

Open space resource

Farm and agricultural conservation land

5*

TOTAL 5 points

NOTE: *Without award of this category, the property would not be eligible to participate in PBRS.

PUBLIC BENEFIT RATING

For the purpose of taxation, 5 points result in 50% of assessed value and a 50% reduction in taxable value for the portion of land enrolled.

B. RECOMMENDATION:

APPROVE the request for current use taxation "Open space" classification with a Public Benefit Rating of 5 points, subject to the following requirements:

**Requirements for Property Enrolled in the
Public Benefit Rating System Current Use Taxation Program**

1. Compliance with these requirements is necessary to continue to receive the tax benefits from the King County Public Benefit Rating System (PBRS) current use taxation program for the property enrolled in the program (Property). Failure to abide by these requirements can result in removal of current use designation and subject the property owner (Owner) to the penalty, tax, and interest provisions of RCW 84.34 and assessment at true and fair value. The King County Department of Assessments (DoA) and the Water and Land Resources Division, Director's Office, Agriculture, Forestry and Incentives Unit (AFI) or its successor may re-evaluate the Property to determine whether removal of the open space designation is appropriate. Removal shall follow the process in RCW 84.34.108.
2. Revisions to these requirements may only occur upon mutual written approval of the Owner and granting authority. These conditions shall apply so long as the Property retains its open space designation. If a conservation easement acceptable to and approved by King County is granted by the Owner or the Owner's successors in interest to the Department of Natural Resources and Parks, King County or a grantee approved by King County, these requirements may be superseded by the terms of such easement, upon written approval by King County.

3. The open space classification for this Property will continue so long as it meets the open space purposes for which it was initially approved. Classification as open space will be removed upon a determination by King County that the Property no longer meets the open space purposes for which it was initially approved. A change in circumstances which diminishes the extent of public benefit from that approved by the King County Council in the open space taxation agreement will be cause for removal of the current use assessment classification. It is the Owner's responsibility to notify the DoA and the AFI Unit or its successor of a change in circumstance with regard to the Property.
4. When a portion of the open space Property is withdrawn or removed from the program, the AFI Unit or its successor and the DoA shall re-evaluate the remaining Property to determine whether it may continue to qualify under the program. If the remaining portion meets the criteria for priority resources, it may continue under current use taxation.
5. Except as provided for in sections 6, 7, and 9 and below, no alteration of the open space land or resources shall occur without prior approval by the AFI Unit or its successor. **Any unapproved alteration may constitute a departure from an approved open space use and be deemed a change of use, and subject the Property to the additional tax, interest, and penalty provisions of RCW 84.34.080.** "Alteration" means any human-induced action that adversely impacts the existing condition of the open space Property or resources including but not limited to the following: *(Walking, horseback riding, passive recreation or actions taken in conjunction with a resource restoration plan, or other similar approved activities are permitted.)*
 - a. erecting structures;
 - b. grading;
 - c. filling;
 - d. dredging;
 - e. channelizing;
 - f. modifying land or hydrology for surface water management purposes;
 - g. cutting, pruning, limbing or topping, clearing, planting, introducing, relocating or removing vegetation, however, selective cutting may be permitted for firewood;
 - h. applying herbicides or pesticides or any hazardous or toxic substance;
 - i. discharging pollutants excepting stormwater;
 - j. paving, construction, application of gravel;
 - k. storing of equipment, household supplies, play equipment, or compost;
 - l. engaging in any other activity that adversely impacts the existing vegetation, hydrology, wildlife, wildlife habitat, or other open space resources.
6. Notwithstanding the provisions of Section 5 trees posing a hazard to structures or major roads may be removed. Any trees removed must be replaced.
7. If an area of the Property becomes or has become infested with noxious weeds, the Owner may be required to submit a control and enhancement plan to the AFI Unit or its successor in order to remove such weeds. If an area of the Property becomes or

has become invaded by non-native species, the Owner may be required to submit, or may voluntarily submit, an enhancement plan to the AFI Unit or its successor, in order to replace such species with native species or other appropriate vegetation.

8. There shall be no motorized vehicle driving or parking allowed on the open space Property, except for areas of the Property being used as farm and agricultural conservation land.
9. For land designated as farm and agricultural conservation land, activities that are consistent with farm or agriculture uses and that are consistent with the approved farm management plan shall be permitted as long as those activities do not cause a significant adverse impact to the resource values of other awarded categories.
10. An owner of property receiving credit for farm and agricultural conservation land, forest stewardship land, or rural stewardship land, all of which require a stewardship or management plan, must annually provide a monitoring report that describes progress of implementing the plan. The owner must submit this report, which must include a brief description of activities taken to implement the plan and photographs from established points on the property, to the department by email or by other mutually agreed upon method. An environmental consultant need not prepare this report.
11. Enrollment in PBRs does not exempt the Owner from obtaining any required permit or approval for activity or use on the Property.

AFFIRMATION

As owner(s) of the land described above, I hereby indicate by my signature that I am aware of the potential tax liability involved when the land ceases to be classified under the provisions of Chapter 84.34 RCW. I also declare under the penalties for false swearing that this application and any accompanying documents have been examined by me and to the best of my knowledge it is a true, correct, and complete statement.

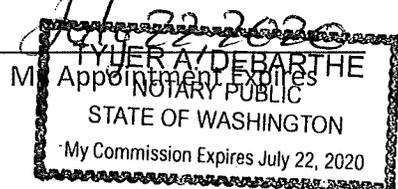

The agreement to tax according to use of the property is not a contract and can be annulled or canceled at any time by the Legislature (RCW 84.34.070).

Notary's Signature

Statement Of Additional Tax, Interest, And Penalty Due Upon Removal Of Classification

1. Upon removal of classification, an additional tax shall be imposed which shall be due and payable to the county treasurer 30 days after removal or upon sale or transfer, unless the new owner has signed the Notice of Continuance. The additional tax shall be the sum of the following:
 - (a) The difference between the property tax paid as "Open Space Land" and the amount of property tax otherwise due and payable for the last seven years had the land not been so classified; plus
 - (b) Interest upon the amounts of the difference (a), paid at the same statutory rate charged on delinquent property taxes.

- (c) A penalty of 20% shall be applied to the additional tax if the classified land is applied to some other use except through compliance with the property owner's request for withdrawal process, or except as a result of those conditions listed in (2) below.
2. The additional tax, interest, and penalty specified in (1) above shall not be imposed if removal resulted solely from:
- (a) Transfer to a government entity in exchange for other land located within the State of Washington.
 - (b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power.
 - (c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property.
 - (d) Official action by an agency of the State of Washington or by the county or city where the land is located disallows the present use of such land.
 - (e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020.
 - (f) Acquisition of property interests by State agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 (See RCW 84.34.108(6)(f)).
 - (g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(e) (farm homesite).
 - (h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification.
 - (i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120.
 - (j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.
 - (k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as designated forest land under chapter 84.33 RCW, or classified under this chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used.
 - (l) The discovery that the land was classified in error through no fault of the owner.

I. GENERAL

A. Describe all present and proposed uses within the PBRS area (participating area). Uses might include enjoyment of paths/trails, bird watching, forestry, farm activities or simply staying out of the open space. Please attach additional sheets if necessary.

HORSE PASTURE, HORSEBACKRIDING, Equestrian activity
owl, eagle & hawk habitat, usarking,
ENJOYMENT OF OUTDOORS & BEAUTIFUL TRAILS
TRAILS,

B. Describe all existing improvements on the property (excluded area). This would include home, driveway, road, drainage system, well, yard, landscaping, garden and other personal-use areas. Please attach additional sheets if necessary.

SEE ATTACHED
HOUSE, BARN, SHEDS, GARAGE
FRONT GARDEN, DRIVEWAY

C. Describe all potential or planned improvements and where they might be located on the property. Excluding an area now that might be later developed, such as a future home site, should be considered, but is not required. Please attach additional sheets if necessary.

NEW BARN & garage see attached
58x68 28x40
NEW BARN WILL BE MOVABLE STEEL
BY BARNMASTER BARN
GARAGE POLY BUILDING BY TOWN & COUNTRY

D. Is the land subject to lease or other agreements (such as CCR's, utility, natural or native growth protection, conservation, trail, or road easement) that may limit the property's use or development?

Yes _____ No

If "yes", then what type of lease/agreement/easement is it? _____

Please attach copies of all leases, options, easements or any other such agreements.

II. RESOURCE INVENTORY/PBRS Categories

Property may receive points as indicated for an open space resource or bonus category listed below. On page A-7, please provide justification for each category requested (refer to the *Public Benefit Rating System Resource Information* document found at www.kingcounty.gov/incentives).

Open Space Resources

- _____ 1. Public recreation area - 5 points
- _____ 2. Aquifer protection area - 5 points
- _____ 3. Buffer to public or current use classified land - 3 points
- _____ 4. Equestrian-pedestrian-bicycle trail linkage - 35 points
- _____ 5. Active trail linkage - 15 or 25 points
- _____ ✓ 6. Farm and agricultural conservation land - 5 points
- _____ 7. Forest stewardship land - 5 points
- _____ 8. Historic landmark or archaeological site: buffer to a designated site - 3 points
- _____ 9. Historic landmark or archaeological site: designated site - 5 points
- _____ 10. Historic landmark or archaeological site: eligible site - 3 points
- _____ 11. Rural open space - 5 points
- _____ 12. Rural stewardship land - 5 points
- _____ 13. Scenic resource, viewpoint or view corridor - 5 points
- _____ 14. Significant plant or ecological site - 5 points
- _____ 15. Significant wildlife or salmonid habitat - 5 points
- _____ 16. Special animal site - 3 points
- _____ 17. Surface water quality buffer - 5 points
- _____ 18. Urban open space - 5 points
- _____ 19. Watershed protection area - 5 points

_____ = total open space resource points

Bonus Categories

- _____ 1. Resource restoration - 5 points
- _____ 2. Additional surface water quality buffer - 3 or 5 points
- _____ 3. Contiguous parcels under separate ownership – minimal 2 points
- _____ 4. Conservation easement or historic easement - 15 points
- _____ 5. Public access – points depend on type and frequency of access allowed
 - _____ *Unlimited public access - 5 points*
 - _____ *Limited public access because of resource sensitivity - 5 points*
 - _____ *Environmental education access - 3 points*
 - _____ *Seasonally limited public access - 3 points*
 - _____ *None or members only - 0 points*
- _____ 6. Easement and access - 35 points

_____ = total bonus category points

_____ = Total of open space resource and bonus category points results in a Public Benefit Rating (see valuation schedule on page A-6)

If public access points are requested, please list the user group(s) presently allowed access to the property. For what purpose does the public use the property? Please attach documentation that supports this type of use, such as letters from user groups. **For a property to be eligible, the owner must demonstrate that the property is open to public access and is used by the public.**

N/A

If proposing public access, describe how the land can be reached. Are there private or public roads to the site? Are there any restrictions, such as an easement or physical barriers, which would inhibit public access? Are there any specific restrictions you think are necessary, such as hours, seasons, activities?

N/A

III. Estimate of Percentage Reduction (for your information only)

Please remember county/city staff will review your application and an approval/decision will be made by the granting authority. When estimating the actual effect on your property's valuation and your tax bill, please remember your assessment as open-space/current use land will be calculated **only on the land value of the portion of the property enrolled.** *The property will still be assessed at "highest and best use" rates for the residence/improvements and for other non-enrolled open-space land.*

_____ Open space resource points

_____ Bonus category points

_____ = Total of points, resulting in a Public Benefit Rating

VALUATION SCHEDULE

<u>Public Benefit Rating</u>	<u>Assessed Value Reduction</u>	<u>Current Use Value</u>
0 - 4 points	0 %	100 % of Market Value
5 - 10 points	50 %	50 % of Market Value
11 - 15 points	60 %	40 % of Market Value
16 - 20 points	70 %	30 % of Market Value
21 - 34 points	80 %	20 % of Market Value
35 - 52 points	90 %	10 % of Market Value

IV. RESOURCE CATEGORY JUSTIFICATION

In the space provided, please explain why credit should be awarded for each category marked on page A-5. If additional space is needed, please use a separate sheet of paper and attach it to back of the application.

THIS IS THE FIRST RESIDENCE / FARM ON 184th Street
NATHAN PUMPHRY BOUGHT THE LAND
RIGHT AFTER THE LAND WAS CLEAR CUT IN
1914.

HE HAD A FARM WITH PIGS, GOATS, CATTLE &
SHEEP FOR SLAUGHTER AS WELL AS CHICKENS FOR EGGS.
HE ALSO HAD FRUIT TREES IN A SMALL ORCHARD
& grew vegetables.

IN 1978 the property was subdivided
My portion is the last part used for livestock
It has been continuously used for horses
from 1978 right through to now.

THE BACK IS A BEAUTIFUL MIX OF PINES
& MAJESTIC CEDARS, AMYGDAL & OTHER TREES
MY HORSES HAVE FREE RUN OF THE LAND

OWLS, EAGLES & HAWKS OFTEN HUNT
THROUGH. LAST NIGHT I WAS WALKING
& THE OWLS WERE HOOTING LOUDLY

I'd like to stay here & potentially
leave it to the STATE AS A SMALL PARK
AFTER MY DEATH. I THINK GREEN SPACE
WILL BE MUCH NEEDED BY THEN

I would like to run the farm as a boarding
stable after my retirement so my plans
are to always preserve it as a farm

This property was purchased in right after the old growth forest was cut in about 1914.

The original owner was Nathan Pumphy he had cows, sheep, chickens and goats. He also had fruit trees and grew vegetables. His was the first home on 184th street

In 1977 or 1978 the property was subdivided. The portion I live on was bought by my parents to run an equestrian center. They built the house, steel riding arena and barn as well as some sheds.

The property ran as an equestrian center for a few years. The property has been continuously used to house horses from 1978 until present. I plan on continuing to like here another ~~3~~³⁰ years and using it as my own personal horse keeping and possibly a boarding stable in my retirement. My parents also had donkeys, goats and sheep in the past

I plan on building a new barn, removing one shed, moving two sheds and building a garage for the horse trailer and a tractor.

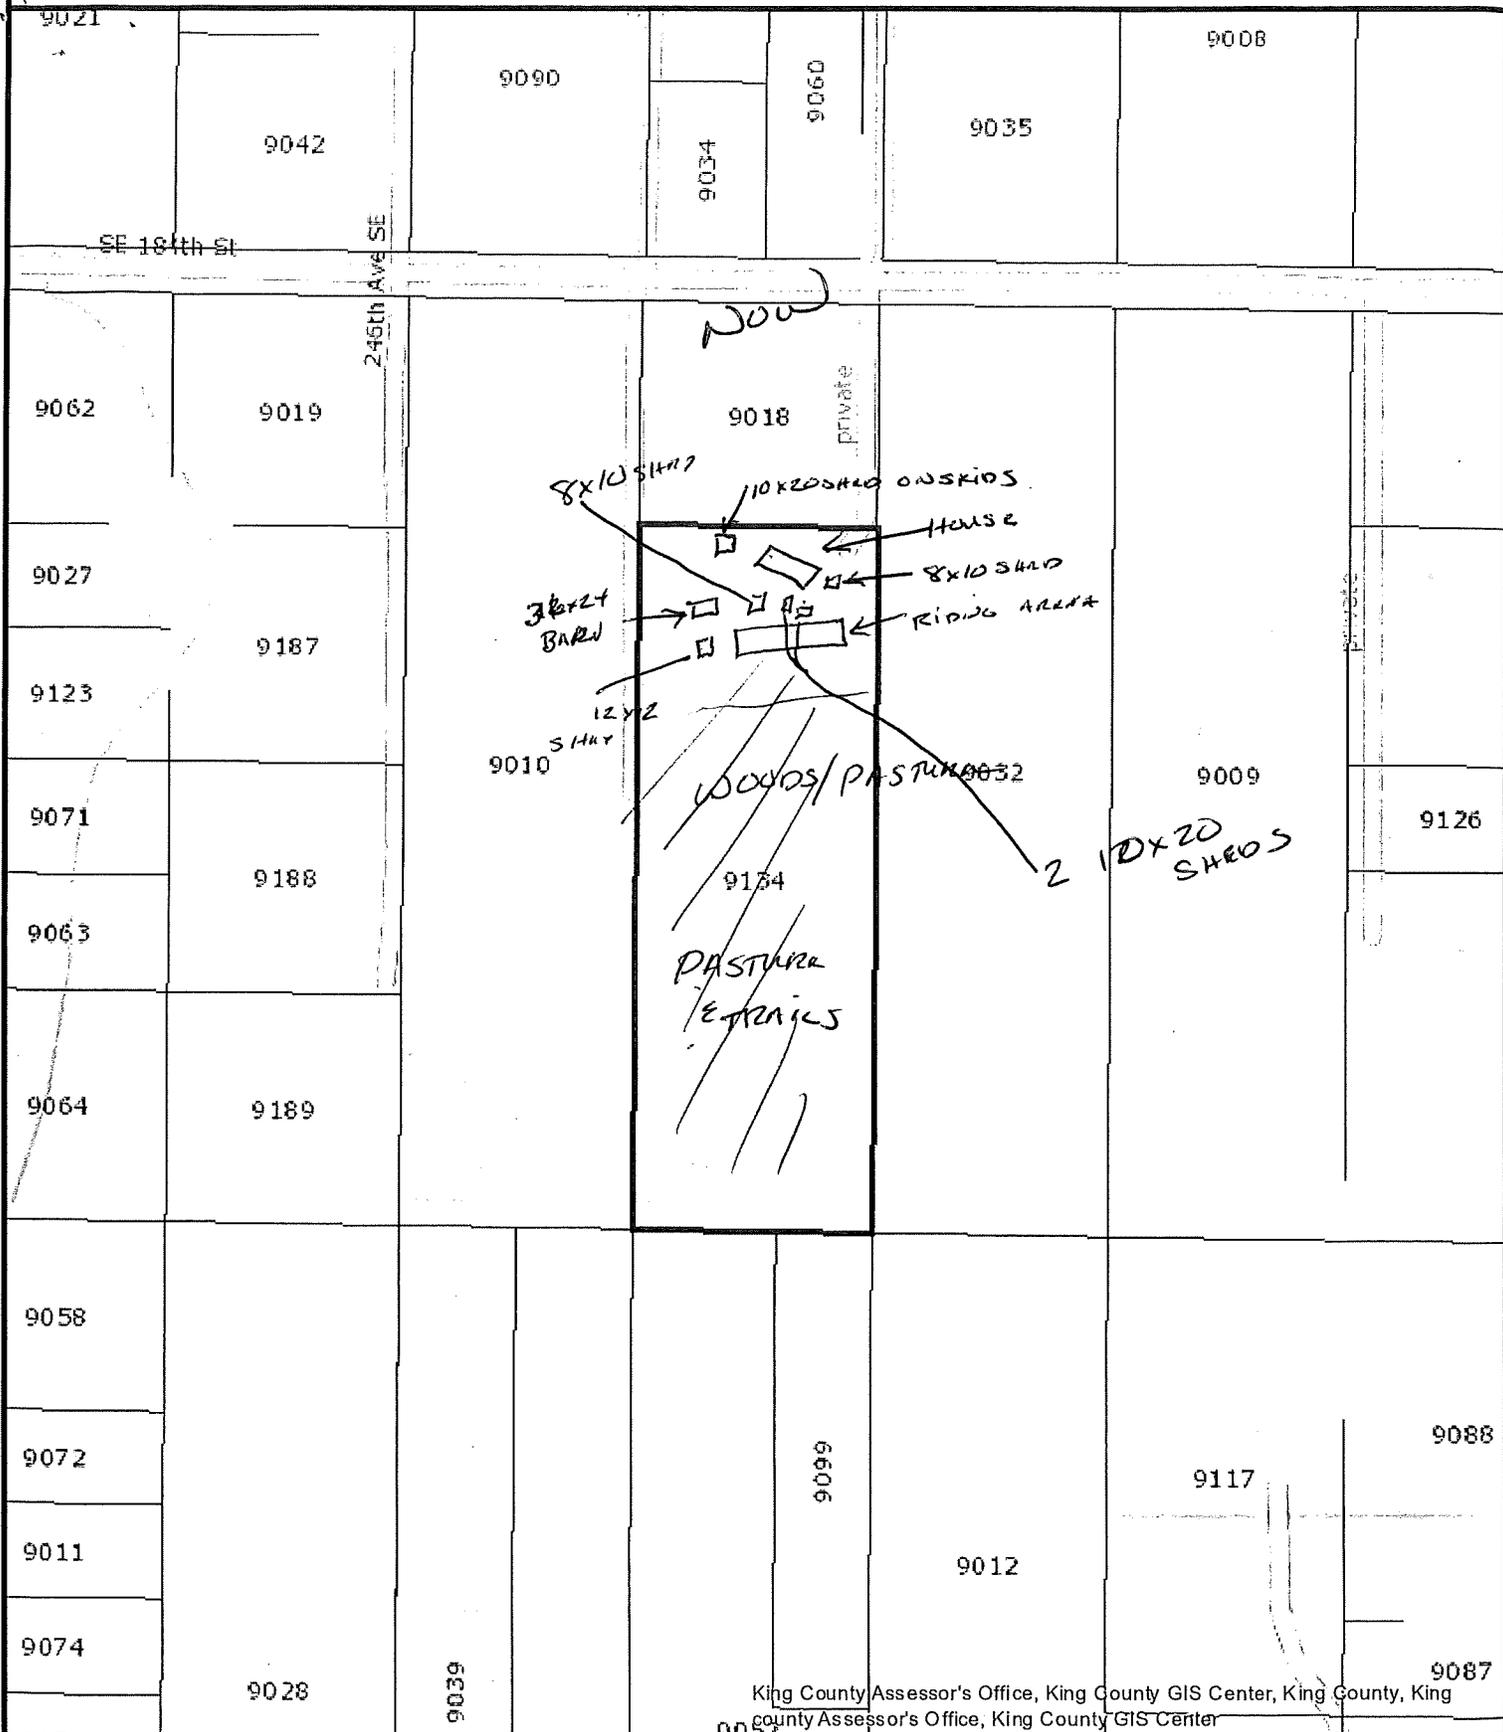

On site currently is the house with attached two car garage, 144x70 steel riding arena, 24x30 barn, 3 1x20 sheds on skids, one 12x12 noble horse shelter with no foundation and two 10x20 sheds.

I am applying for a permit to build a barn 68x58 and a 28x 4 garage in the new year.

At least 7 acres are in current hobby farm use. This property should be considered on the basis of a historical farm. My portion of the original Pumphy farm is the only part still used for livestock.

THE PUMPHY'S MUST HAVE BEEN
ONE OF MAPLE LILLY'S INITIAL PARTNERS
