

Agenda Item:	5	Name:	Michelle Clark
Resolution No:	FCD2021-03	Date:	February 17, 2021

Proposed FCD Resolution FCD2021-03: A RESOLUTION approving an interlocal agreement with the City of Black Diamond regarding the Covington Creek Culvert Replacement Project.

Lake Sawyer, located in Black Diamond, empties into Covington Creek through three failing culverts underneath 224th Avenue SE. These culverts are rusted and deteriorating, restricting flows which could jeopardize the roadway during a flood event and restricting fish passage. 244th Avenue SE is one of only two north/south arterial roadways into Black Diamond.

The City of Black Diamond is the District's service provider for the Covington Creek Culvert Replacement Project (Project). The Project will Improve water flows and fish passage between Lake Sawyer and Covington

The Board originally approved funding \$291,500 for the Project in Resolution FCD2019-13, the 2020 budget resolution. And increased the Project funding to \$2,293,500 in Resolution FCD 2020-22, the 2021 budget resolution. Approval of this ILA does not change the Project budget.
